**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the School Board
Mitchell School District No. 17-2
Mitchell, South Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Mitchell School District No. 17-2, South Dakota (School District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated March 29, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, as required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

A handwritten signature in cursive script that reads "CLO Prof LLC".

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the School Board
Mitchell School District No. 17-2
Mitchell, South Dakota

Report on Compliance for Each Major Federal Program

We have audited Mitchell School District No. 17-2, South Dakota's (School District) compliance with the types of compliance requirements described in the (OMB) *Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2017. The School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of current audit findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Mitchell School District No. 17-2 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, as required by South Dakota Codified Law 4-11-11, this report and our report on compliance for each major program are a matter of public record and their distribution is not limited.

INDEPENDENT AUDITOR'S REPORT

To the School Board
Mitchell School District No. 17-2
Mitchell, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Mitchell School District No. 17-2, South Dakota (School District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The School District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Mitchell School District No. 17-2 as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

The School District has omitted the Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and the Schedules of the Proportionate Share of the Net Pension Liability (Asset) and School District Contributions listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2018 on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:*

The accounting policies of the School District conform to generally accepted accounting principles as applicable to government entities in the United States of America.

a. **Financial Reporting Entity:**

The reporting entity of Mitchell School District No. 17-2 (School District), consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity).

The School District participates in a cooperative service unit with several other school districts. See detailed note entitled "Joint Ventures" for specific disclosures. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit, but are discussed in these notes because of the nature of their relationship with the School District.

b. **Basis of Presentation:**

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information about the reporting entity as a whole. They include all funds of the reporting entity, except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Net Position reports all financial and capital resources, in a net position form (assets minus liabilities equal net position). Net position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

b. **Basis of Presentation: (continued)**

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the School District or it meets the following criteria:

- 1) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- 2) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined, or
- 3) Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the School District financial reporting entity are described below within their respective fund types:

Governmental Funds:

General Fund – A fund established by South Dakota Codified Law (SDCL) 13-16-3 to meet all the general operational costs of the School District, excluding the capital outlay fund and special education fund expenditures. The General Fund is always a major fund.

Special Revenue Fund Types – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Outlay Fund – A fund established by SDCL 13-16-6 to meet expenditures which result in the lease of, acquisition of, or additions to real property, plant, or equipment, textbooks and instructional software. This fund is financed by property taxes. This is a major fund.

Special Education Fund – A fund established by SDCL 13-37-16 to pay the costs for the special education of all children in need of special assistance and prolonged assistance who reside within the School District. This fund is financed by grants and property taxes. This is a major fund.

Post-Secondary Vocational-Technical Fund (also referred to as Post-High Fund) – A fund established by SDCL 13-39-39.1 to account for funds incidental to the operation of the post-secondary vocational-technical program. This is a major fund.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS

Fund Financial Statements: (continued)

Governmental Funds: (continued)

Pension Fund – A fund established by SDCL 13-10-6 for the purpose of paying pensions to retired employees of school districts, which have established such systems, paying the School District’s share of retirement plan contributions, and for funding early retirement benefits to qualifying employees. This fund is financed by property taxes. This is a major fund.

Perkins Loan Fund, Pell Grant Fund, SEOG Fund, CWSP Fund – These funds were established to account for the activity of Student Financial Aid Programs. These funds are not major funds.

Capital Projects Fund Types – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Debt Service Funds – Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Series 2001 Certificate Redemption Fund – A fund established in accordance with the terms of the Series 2001 Qualified Zone Academy Bonds restricted to the use for the payment of the certificates upon maturity. The Series 2001 Certificate Redemption Fund is not a major fund.

Series 2005 Certificate Redemption Fund – A fund established in accordance with the terms of the Series 2005 Qualified Zone Academy Bonds restricted to the use for the payment of the certificates upon maturity. The Series 2005 Certificate Redemption Fund is not a major fund.

Series 2010A Certificate Redemption Fund – A fund established in accordance with the terms of the Series 2010A Capital Outlay Certificate Bonds restricted to the use for the payment of the certificates upon maturity. The Series 2010A Certificate Redemption Fund is not a major fund.

Series 2012 Certificate Redemption Fund – A fund established in accordance with the terms of the Series 2012 Capital Outlay Certificate Bonds restricted to the use for the payment of the certificates upon maturity. The Series 2012 Certificate Redemption Fund is not a major fund.

b. **Basis of Presentation: (continued)**

Fund Financial Statements: (continued)

Proprietary Funds:

Enterprise Funds – Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met:

- **The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit - even if that government is not expected to make any payments - is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)**
- **Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.**
- **The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).**

Food Service Fund – A fund used to record financial transactions related to food service operations. This fund is financed by user charges and grants. This is not a major fund.

MTI Bookstore Fund – A fund used to record financial transactions related to the operation of the MTI Bookstore. This is not a major fund.

Drivers Education Fund – A fund used to record financial transactions related to the operation of the Drivers Education Program. This is not a major fund.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

b. **Basis of Presentation: (continued)**

Fund Financial Statements: (continued)

Fiduciary Funds:

Fiduciary funds consist of the following sub-categories and are never considered to be major funds:

Private-Purpose Trust Funds – private-purpose trust funds are used to account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments. The School District’s private-purpose trust funds are established to provide scholarships to students.

Agency Funds – agency funds are used to account for resources held by the School District in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature, they do not involve the measurement of results of operations. The School District maintains agency funds to hold assets as an agent in a trustee capacity for various classes, clubs and so on.

c. **Measurement Focus and Basis of Accounting:**

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. *Basis of Accounting* refers to “when” revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the “current financial resources” measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the “economic resources” measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary fund types.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

c. **Measurement Focus and Basis of Accounting: (continued)**

Basis of Accounting:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned (usually when the right to receive cash vests); and, expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements:

All governmental fund types are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. "Available" means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period for the School District is 60 days. The revenues which are accrued at June 30, 2017, are grant reimbursements and tuition and fees.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

All proprietary fund and fiduciary fund types are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

d. **Capital Assets:**

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant and which extend the useful life of a capital asset are also capitalized.

For governmental activities capital assets, construction-period interest is not capitalized, in accordance with USGAAP, while for capital assets used in business-type activities/proprietary fund's operations; construction-period interest is capitalized in accordance with USGAAP.

The total June 30, 2017, balance of capital assets for governmental activities includes approximately 33% for which costs were determined by estimates of the original costs. The total June 30, 2017, balance of capital assets for business-type activities are all valued at original costs. These estimated original costs were established by review of prior-year minutes and original contracts.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Government-Wide Statement of Activities, with net capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land	\$5,000	--	--
Land improvements	\$5,000	Straight-line	20 yrs
Buildings	\$50,000	Straight-line	50 yrs
Machinery and equipment	\$5,000	Straight-line	5-20 yrs

Land is an inexhaustible capital asset and is not depreciated.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the appropriate governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:** *(continued)*

e. **Long-term Liabilities:**

The accounting treatment of long-term liabilities depends on whether the liabilities are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities primarily consist of compensated absences, early retirement benefits payable, capital outlay certificates payable, and capital lease obligations.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources) while payments of principal and interest are reported as expenditures when they become due. The accounting for proprietary fund long-term debt is on the accrual basis, the same in the fund statements as in the government-wide statements.

f. **Program Revenues:**

In the Government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the School District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

- **Charges for services** – These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
- **Program-specific operating grants and contributions** – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
- **Program-specific capital grants and contributions** – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

g. **Proprietary Funds Revenue and Expense Classifications:**

In the proprietary fund's Statement of Activities, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

h. **Cash and Cash Equivalents:**

The School District pools its cash resources for depositing and investing purposes. Accordingly, the enterprise funds have access to their cash resources on demand. Accordingly, all reported enterprise deposit balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

i. **Equity Classifications:**

Government-wide Statements:

Equity is classified as net position and is displayed in three components:

1. Net investment in Capital Assets – consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – all other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and is distinguished between Nonspendable, Restricted, Committed, Assigned, or Unassigned components. Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity (except for Agency Funds, which have no fund equity) is reported as net position held in trust for other purposes.

j. **Application of Net Position:**

It is the School District’s policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

k. **Fund Balance Classification Policies and Procedures:**

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School District classifies governmental fund balances as follows:

- Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

k. **Fund Balance Classification Policies and Procedures: (continued)**

- **Committed** – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- **Assigned** – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balances may be assigned by the School Board.
- **Unassigned** – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The nonspendable fund balance is comprised of the amount not in cash form such as the long-term portion of student loans receivable.

The school does not have a formal minimum fund balance policy.

2. *DEPOSITS AND INVESTMENTS, FAIR VALUE MEASUREMENT, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK, AND INTEREST RATE RISK:*

The School District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits – The School District’s deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1 and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to or at least 100% of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits school district funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Fair Value Measurement – The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

2. DEPOSITS AND INVESTMENTS, FAIR VALUE MEASUREMENT, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK, AND INTEREST RATE RISK: (continued)

The School District has the following recurring fair value measurements as of June 30, 2017:

<u>Investment Description</u>	<u>Amount</u>	<u>Fair Value Hierarchy</u>	<u>Valuation Technique</u>
Mutual funds	\$ 300,899	Level 1	Quoted market prices in active markets

Credit Risk – State law limits eligible investments for the School District, as discussed above. The School District has no investment policy that would further limit its investment choices.

As of June 30, 2017, the School District had the following investments:

<u>Investment</u>	<u>Credit Rating</u>	<u>Maturities</u>	<u>Fair Value</u>
<u>Mutual Funds:</u>			
Lazard International Equity	Not Rated	N/A	\$ 22,395
Federated Institutional High Yield Bond Fund	Not Rated	N/A	6,044

TOTAL INVESTMENTS			<u>\$ 300,899</u>

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

2. DEPOSITS AND INVESTMENTS, CREDIT RISK, CONCENTRATIONS OF CREDIT RISK, AND INTEREST RATE RISK: (continued)

The investments listed above are a scholarship fund to benefit graduates of the School District. The fund is reported as a private-purpose trust fund in these financial statements. The donors have established the investment vehicles to be used with the fund.

Interest Rate Risk – The School District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Assignment of Investment Income – State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The School District’s policy is to credit all income from deposits and investments to the General Fund, except for the private-purpose trust funds which retain its investment income. USGAAP, on the other hand, requires income from deposits and investments to be reported in the fund whose assets generated that income. Where the governing board has discretion to credit investment income to a fund other than the fund that provided the resources for investment, a transfer to the designated fund is reported. Accordingly, in the fund financial statements, inter-fund transfers of investment earnings are reported, while in the government-wide financial statements, they have been eliminated, except for the net amounts transferred between governmental and business-type activities. These inter-fund transfers are not violations of the statutory restrictions on inter-fund transfers.

3. RECEIVABLES AND PAYABLES:

Receivables and payables are not aggregated in these financial statements. The School District expects all receivables to be collected within one year. All receivables are considered to be collectible, therefore, no allowance for uncollectible accounts has been established.

4. INVENTORY:

Inventory is valued at the lower of cost or market on the government-wide financial statements and in the proprietary funds. The cost valuation method is average cost. Donated commodities are valued at estimated market value based on the USDA price list at date of receipt.

In the government-wide financial statements, and in the enterprise fund financial statements, inventory items are initially recorded as assets and charged to expense in the various functions of government as they are consumed.

MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

5. *PROPERTY TAXES:*

Property taxes are levied on or before each October 1, attach as an enforceable lien on property, and become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the School District's taxes and remits them to the School District.

School District property tax revenues are recognized to the extent that they are used to finance each year's appropriations. Revenue related to current year property taxes receivable which is not intended to be used to finance the current year's appropriations and therefore are not susceptible to accrual has been reported as deferred inflow of resources in both the fund financial statements and the government-wide financial statements. Additionally, in the fund financial statements, revenue from property taxes may be limited by any amount not collected during the current fiscal period or within the "availability period."

6. *RESTRICTED CASH AND INVESTMENTS:*

Assets restricted to use for a specific purpose through segregation of balances in separate accounts are as follows:

<u>Amount</u>	<u>Purpose</u>
\$ 830,555	For debt service, by debt covenants (sinking funds required to be in a separate account)

MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

7. CHANGES IN CAPITAL ASSETS:

MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

8. LONG-TERM LIABILITIES:

A summary of changes in long-term liabilities for the year ended June 30, 2017, is as follows:

	<i>Beginning Balance</i>	<i>Additions</i>	<i>Deletions</i>	<i>Ending Balance</i>	<i>Due Within One Year</i>
Governmental Activities:					
Bonds Payable:					
Qualified Zone Academy Bonds	\$ 1,565,000	\$ --	\$ (85,000)	\$ 1,480,000	\$ 106,500
Capital Outlay Certificates	21,795,000	4,240,000	(5,190,000)	20,845,000	1,055,000
Financing (Capital Acquisition) Leases	280,773	--	(118,215)	162,558	121,056
	<u>23,640,773</u>	<u>4,240,000</u>	<u>(5,393,215)</u>	<u>22,487,558</u>	<u>1,282,556</u>
Early Retirement Payable - Governmental Funds	306,463	10,144	(141,427)	175,180	86,400
Accrued Compensated Absences - Governmental Funds	556,188	435,270	(475,777)	515,681	206,300
ASBSD Health Benefits Fund Deficit - Governmental Funds	1,375,360	--	--	1,375,360	343,000
Note Payable - Governmental Funds	225,000	--	--	225,000	--
Net Pension Liability	--	2,758,402	--	2,758,402	--
Unamortized Premiums	113,389	61,484	(4,291)	170,582	10,894
Unamortized Discounts	(19,024)	--	16,097	(2,927)	(1,463)
Total Governmental Activities	<u>\$ 26,198,149</u>	<u>\$ 7,505,300</u>	<u>\$ (5,998,613)</u>	<u>\$ 27,704,836</u>	<u>\$ 1,927,687</u>

Compensated absences for governmental activities typically have been liquidated from the General Fund and Post-High Fund. Early retirement benefits for governmental activities typically have been liquidated from the Pension Fund and Post-High Fund.

On March 1, 2017, the District issued \$4,240,000 in Limited Tax General Obligation Refunding Certificates with an average interest rate of 2.305% to advance refund \$4,165,000 of outstanding 2009B Series bonds with an average rate of 5.9075%. The net proceeds of \$4,233,563 (after payment of \$67,921 in issuance costs and including a bond premium of \$61,484) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the 2009B Series bonds. As a result, the refunded portion of the 2009B Series bonds are considered to be defeased and the liability for those bonds has been removed from the District's long-term debt total.

The District advance refunded the 2009B Series bonds to reduce its total debt service payments over the life of the bonds by \$594,801 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$186,521.

MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

8. LONG-TERM LIABILITIES: (continued)

Liabilities payable at June 30, 2017, are comprised of the following:

Capital Outlay Certificates

	<i>TERMS</i>	
Mitchell School District No. 17-2 Limited Tax General Obligation Capital Outlay Certificates, Series 2009B – Secured by pledge of capital outlay tax levy	Fixed interest rates ranging from 4%-6.125% that vary depending on the term of maturity; due in semi-annual installments on June 15 and December 15. Final payment due June 15, 2029. Payable from Capital Outlay Fund. In 2017, Series 2009B bonds of \$4,165,000 were refunded by Series 2017 bonds of \$4,240,000 to change the final payment of \$170,000	\$ 665,000
Mitchell School District No. 17-2 Limited Tax General Obligation Refunding Certificates – Secured by pledge of capital outlay tax levy	Fixed interest rates ranging from 1.4%-3.0% that vary depending on the term of maturity; due in semi-annual installments of February 1 and August 1, beginning fiscal year 2020. Final payment due August 1, 2029. Payable from Capital Outlay Fund.	\$ 4,240,000
Mitchell School District No. 17-2 Capital Outlay Certificates (QSCB), Series 2010 – Secured by pledge of capital outlay tax levy	1.95%; due in semi-annual installments on June 16 and December 16. Final payment due December 16, 2024. Payable from Capital Outlay Fund.	\$ 1,340,000
Mitchell School District No. 17-2 Capital Outlay Certificates, Series 2010A – Secured by pledge of capital outlay tax levy	5.50%; Certificate matures and final principal payment due December 1, 2029. Payable from Series 2010 Certificate Redemption Fund. Semi-annual deposits of \$45,395 are required to be made to the fund on June 1 and December 1, with final deposit to be made on December 1, 2029.	\$ 1,725,000
Mitchell School District No. 17-2 Capital Outlay Certificates, Series 2015 – Secured by pledge of capital outlay tax levy	3.90%; due in semi-annual installments on June 15 and December 15. Final payment due June 15, 2035. Payable from Capital Outlay Fund.	\$ 12,875,000

9. *OPERATING LEASES:*

The School District entered into a lease agreement with Dakota Wesleyan University, Mitchell, South Dakota, to lease one of its elementary schools. The lease term is for a period of twenty years extending to February 2, 2018. The lease was amended to extend the lease term to February 1, 2038. Lease payments are being made from the Capital Outlay Fund. Lease expense for the year ended June 30, 2017, was approximately \$400,980. Estimated minimum payments on the elementary school lease for the years ending June 30 are as follows:

\$266,429
\$ 29,737
\$ 30,480
\$ 31,242
\$ 32,024
\$172,535
\$195,207
\$220,858
\$ 46,379

10. *INTERFUND TRANSFERS:*

Interfund transfers for the year ended June 30, 2017, were as follows:

Transfers from:	Transfers to:			Purpose:
	<i>Capital Outlay Fund</i>	<i>Post-High Fund</i>	<i>Debt Service Funds</i>	
Other Enterprise Funds	\$ --	\$ 165,449	\$ --	Subsidize operations/ deposits for debt retirement

Student Financial Aid	Federal Regulation	444,548
Debt Service	Bond Agreement	830,555
SDRS Pension Purposes	Law	3,938,868
Total Restricted Net Position		<u>\$ 12,277,962</u>

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

12. PENSION PLAN:

a. Plan Information:

All employees working more than 20 hours per week during the school year participate in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer, defined-benefit pension plan administered by SDRS to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability, and survivors' benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at <http://www.sdrs.sd.gov/publications/> or by writing to the SDRS, PO Box 1098, Pierre, SD 57501-1098, or by calling 605-773-3731.

b. Benefits Provided:

SDRS has three different classes of employees, Class A, Class B public safety, and Class B judicial. Class A retirement benefits are determined as 1.7 percent prior to 2008 and 1.55 percent thereafter of the employee's final 3-year average compensation times the employee's years of service. Employees with 3 years of service are eligible to retire at age 55. Class B public safety benefits are determined as 2.4 percent for service prior to 2008 and 2.0 percent thereafter of employee final average compensation. Class B judicial benefits are determined as 3.733 percent for service prior to 2008 and 3.333 percent thereafter of employee final average compensation. All Class B employees with 3 years of service are eligible to retire at age 45. Employees are eligible for service-related disability benefits regardless of length of service. Three years of service is required for non-service-related disability eligibility. Disability benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits are a percent of the employee's final average salary.

The annual increase in the amount of the SDRS benefits payable on each July 1st is indexed to the consumer price index (CPI) based on SDRS funded status:

- If the SDRS market value ratio is 100% or more – 3.1% COLA
- If the SDRS market value funded ratio is 80.0% to 99.9%, index with the CPI:
 - 90.0% to 99.9% funded – 2.1% minimum and 2.8% minimum COLA
 - 80.0% to 90.0% funded – 2.1% minimum and 2.4% maximum COLA
- If the SDRS market value funded ratio is less than 80% – 2.1% COLA

All benefits except those depending on the Member's Accumulated Contributions are annually increased by the Cost of Living Adjustment.

c. Contributions:

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan:

- Class A Members – 6% of salary
- Class B Judicial Members – 9% of salary
- Class B Public Safety Members – 8% of salary

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

12. *PENSION PLAN: (continued)*

c. **Contributions: (continued)**

State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2 percent for any compensation exceeding the maximum taxable amount for social security for general employees only. Mitchell School District's share of contributions to the SDRS for the fiscal years ended June 30, 2017, 2016, and 2015 were \$1,016,582, \$931,118 and \$852,225, respectively, equal to the required contributions for each year.

d. **Pension Liabilities (Assets), Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions:**

At June 30, 2016, SDRS is 96.89% funded and accordingly has a net pension asset. The proportionate shares of the components of the net pension asset of South Dakota Retirement System for the School District as of June 30, 2017 are as follows:

Proportionate share of net position restricted for pension benefits	\$	85,853,163
Less proportionate share of total pension liability		88,611,565
Proportionate share of net pension liability (asset)	\$	2,758,402

At June 30, 2017, the Mitchell School District reported a liability of \$2,758,402 for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2016 and the total pension liability (asset) used to calculate the net pension liability (asset) was based on a projection of the School District's share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2016, the School District's proportion was .008166022%, which is an increase of 0.4234% from its proportion measured at June 30, 2015.

For the year ended June 30, 2017, the School District recognized pension expense of \$899,978. At June 30, 2017, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Difference between expected and actual experience	\$ 960,261	\$ --
Changes in assumption	\$ 1,652,152	\$ --
Net difference between projected and actual earnings on pension plan investments	\$ 6,475,193	\$ 3,406,918
District contributions subsequent to the measurement date	\$ 1,016,582	\$ --

MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

12. PENSION PLAN: (continued)

d. Pension Liabilities (Assets), Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions: (continued)

\$1,016,582 reported as deferred outflow of resources related to pensions resulting from the School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

Year Ended June 30:	
2017	\$ 1,532,833
2018	927,210
2019	1,942,833
2020	1,277,812
TOTAL	<u><u>\$ 5,680,688</u></u>

e. Actuarial Assumptions:

The total pension liability (asset) in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25 percent
Salary increases	5.83 percent at entry to 3.87 percent after 30 years of service
Investment rate of return	7.25 percent through 2017 and 7.50 percent thereafter, net of pension plan investment expense

Mortality rates were based on the RP-2000 Employee Mortality Table for males and females, as appropriate.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2005 through June 30, 2011. The mortality assumptions were revised based on an extension of the experience study including mortality experience through June 30, 2013.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

12. *PENSION PLAN: (continued)*

e. **Actuarial Assumptions: (continued)**

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015 (see the discussion of the pension plan's investment policy) are summarized in the following table using geometric means:

<u><i>Asset Class</i></u>	<u><i>Target Allocation</i></u>	<u><i>Long-Term Expected Real Rate of Return</i></u>
Global equity	58.0%	4.8%
Fixed income	30.0%	1.8%
Real estate	10.0%	4.6%
Cash	2.0%	0.7%
	<u><u>100.0%</u></u>	

f. **Discount Rate:**

The discount rate used to measure the total pension liability (asset) was 7.25 percent through 2017 and 7.50% thereafter. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that matching employer contributions will be made at rates equal to the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

12. *PENSION PLAN: (continued)*

g. **Sensitivity of Liability (Asset) to Changes in the Discount Rate:**

The following presents Mitchell School District’s proportionate share of net pension liability (asset) calculated using the discount rate of 7.25 percent through 2017 and 7.50 percent thereafter, as well as what Mitchell School District’s proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25/6.50%) or 1 percentage point higher (8.25/8.50%) than the current rate:

	<i>1% Decrease</i>	<i>Current Discount Rate</i>	<i>1% Increase</i>
School District’s proportionate share of the net pension liability (asset)	\$ 15,435,981	\$ 2,758,402	\$ (7,581,525)

Pension Plan Fiduciary Net Position:

Detailed information about the plan’s fiduciary net position is available in the separately issued SDRS financial report.

h. **Classified Employee’s Retirement Annuity Plan:**

All full-time classified employees who have completed at least one year of employment with the School District may elect to participate in the plan. An eligible employee electing to participate in the plan shall designate an amount determined by him/her to be deducted from his/her monthly salary by the School District, which amount, together with the amount hereinafter specified to be contributed by the School District, shall be used to pay the premiums on a tax-sheltered annuity (designated and owned by the employee). The School District makes a matching contribution on behalf of each participant in the plan up to a maximum contribution of 6% of the employee’s salary.

13. *EARLY RETIREMENT PLAN:*

The School District has an agreement which provides for an early retirement cash benefit in an amount not to exceed the retiree’s highest salary while employed by the School District to certificated teachers and administrative personnel hired before September 1, 2001, who retire after having met certain age and length-of-service requirements. To collect these benefits, notification must be given no later than March 15 of the year in which such retirement will occur. Currently, 16 retirees are receiving benefits under this provision. An additional 20 employees are expected to be eligible for early retirement benefits by March 15, 2018, not all of whom are expected to elect early retirement. The benefit is paid in monthly installments. The early retirement benefits are funded from the applicable fund on a pay-as-you-go basis and are recorded as a liability in the government-wide financial statements at the time an employee elects early retirement. Benefits paid for the year ended June 30, 2017, were \$141,353.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

14. JOINT VENTURE:

The School District participates in the joint venture known as James Valley Education Cooperative, a cooperative service unit (co-op) formed for the purpose of providing special education services to the member School Districts. The members of the co-op and their relative percentage participation in the co-op are as follows:

Sanborn Central School District	6.5%
Parkston School District	17.4%
Mitchell School District	71.1%
Woonsocket School District	5%

The co-op's governing board is composed of two representatives from each member School District, who are a school board member and the superintendent. Each school is entitled to one vote. The school board member is the voting member for each School District. The board is responsible for adopting the co-op's budget and setting service fees at a level adequate to fund the adopted budget.

The School District retains no equity in the net position of the co-op, but does have a responsibility to fund deficits of the co-op in proportion to the relative participation described above.

Separate financial statements for this joint venture are available from the James Valley Education Cooperative.

At June 30, 2017, this joint venture had total assets of \$66,479; total liabilities of \$35,135; and net position of \$31,344.

15. RISK MANAGEMENT:

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2017, the School District managed its risk as follows:

Employee Health Insurance:

The School District joined the South Dakota School District Health Benefits Fund. This is a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The School District pays a monthly premium to the pool to provide health insurance coverage for its employees. The pool purchases reinsurance coverage with the premiums it receives from the members. The coverage also includes a \$2,000,000 lifetime maximum payment per person.

The School District does not carry additional health insurance coverage to pay claims in excess of this upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

15. *RISK MANAGEMENT: (continued)*

Liability Insurance:

The School District joined the Associated School Boards of South Dakota Property and Liability Fund (ASBSD-PLF), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota School Districts. The objective of the ASBSD-PLF is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The School District's responsibility is to promptly report to and cooperate with the ASBSD-PLF to resolve any incident which could result in a claim being made by or against the School District. The School District pays an annual premium, to provide liability coverage detailed below, under a claims-made policy and the premiums are accrued based on the ultimate cost of the experience to date of the ASBSD-PLF member, based on their exposure or type of coverage. The School District pays an annual premium to the pool to provide coverage for:

- Property loss - Replacement cost for any single occurrence; excess aggregate property coverage of \$250,000,000
- Boiler and machinery coverage - \$50,000,000
- Automobile and school bus coverage - \$2,000,000 per vehicle per accident
- Bodily injury and property damage - \$2,000,000 per occurrence and no annual aggregate
- Blanket surety bond and crime loss - \$200,000
- School leaders' errors and omissions - \$2,000,000 each occurrence and no annual aggregate
- Umbrella - \$1,000,000

The agreement with the ASBSD-PLF provides that the above coverages will be provided to a \$6,000,000 limit. Member premiums are used by the pool for payment of claims and to pay for reinsurance for claims in excess of \$100,000 to the upper limit. The School District carries a \$1,000 deductible for the coverage.

The School District does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017*

15. RISK MANAGEMENT: (continued)

Workers' Compensation:

The School District participates, with several other educational units and related organizations in South Dakota, in the Associated School Boards of South Dakota Workers' Compensation Fund Pool which provided workers' compensation insurance coverage for participating members of the pool. The objective of the Fund is to formulate, develop, and administer, on behalf of the member organizations, a program of workers' compensation coverage, to obtain lower costs for that coverage and to develop a comprehensive loss control program. The School District's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any workers' compensation claims. The School District pays an annual premium to provide workers' compensation coverage for its employees, under a retrospectively rated policy and the premiums are accrued based on the ultimate cost of the experience to date of the Fund members. The School District may also be responsible for additional assessments in the event the pool is determined by its board of trustees to have inadequate reserves to satisfy current obligations or judgments. Additional assessments, if any, are to be determined on a prorated basis based upon each participant's percentage of contribution in relation to the total contributions to the pool of all participants for the year in which the shortfall occurs. The pool provides loss coverage to all participants through pool retained risk retention and through insurance coverage purchased by the pool in excess of the retained risk. The pool pays the first \$500,000 of any claim per individual. The pool has reinsurance which covers up to an additional \$1,000,000 per individual per incident.

The School District does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage over the past three years.

Unemployment Benefits:

The school has elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits.

During the year ended June 30, 2017, no claims for unemployment benefits were paid. At June 30, 2017, no claims had been filed for unemployment benefits and none are anticipated in the next fiscal year.

16. VIOLATIONS OF FINANCE-RELATED LEGAL AND CONTRACTUAL PROVISIONS:

The agreements related to the Series 2001 and Series 2005 Qualified Zone Academy Bonds require the School District to deposit funds to, and maintain debt service accounts, in the Capital Outlay Fund. USGAAP requires a sinking fund to be classified as a debt service fund. The deposits to the sinking funds are recorded as transfers in these financial statements. State law prohibits transfers from the Capital Outlay Fund. These interfund transfers are not violations of the statutory restrictions on interfund transfers.

The School District is prohibited by statute from spending in excess of appropriated amounts at the fund level. The following represents the significant overdrafts of the expenditures compared to appropriations:

	<i>Year Ended June 30, 2017</i>
Capital Outlay Fund	\$ 4,123,071
Special Education Fund	\$ 54,505

*MITCHELL SCHOOL DISTRICT NO. 17-2
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULES
FOR THE YEAR ENDED JUNE 30, 2017*

1. BUDGETS AND BUDGETARY ACCOUNTING:

The School District followed these procedures in establishing the budgetary data reflected in the schedules:

- a) Prior to the first regular board meeting in May of each year the school board causes to be prepared a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General.
- b) The proposed budget is considered by the school board at the first regular meeting held in the month of May of each year.
- c) The proposed budget is published for public review no later than July 15 each year.
- d) Public hearings are held to solicit taxpayer input prior to the approval of the budget.
- e) Before October 1 of each year, the school board must approve the budget for the ensuing fiscal year for each fund, except fiduciary funds.
- f) After adoption by the school board, the operating budget is legally binding and actual expenditures of each fund cannot exceed the amounts budgeted, except as indicated in item h.
- g) A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5% of the total school district budget and may be transferred by resolution of the school board to any other budget category, except for capital outlay, that is deemed insufficient during the year. No amount of expenditures may be charged directly to the contingency line item in the budget.
- h) If it is determined during the year that sufficient amounts have not been budgeted, state statute allows adoption of supplemental budgets when monies are available to increase legal spending authority.
- i) Unexpended appropriations lapse at year-end unless encumbered by resolution of the school board.
- j) Formal budgetary integration is employed as a management control device during the year for the General Fund and each major special revenue fund.

2. US GAAP/BUDGETARY ACCOUNTING BASIS DIFFERENCES:

The financial statements prepared in conformity with USGAAP present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new school bus would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances; however, in the Budgetary RSI Schedule, the purchase of a school bus would be reported as an expenditure of the Support Services-Business/Pupil Transportation function of government, along with all other current Pupil Transportation related expenditures. Also, under the budgetary basis of accounting deposits to debt service funds to accumulate resources for the retirement of Qualified Zone Academy Bonds are recorded as debt service expenditures. The financial statements prepared in conformity with USGAAP report these transactions as operating transfers.

**MITCHELL SCHOOL DISTRICT NO. 17-2
SCHEDULE OF THE PROPORTIONATE
SHARE OF THE NET PENSION LIABILITY (ASSET)
SOUTH DAKOTA RETIREMENT SYSTEM**

	<u>2015</u>	<u>2016</u>	<u>2017</u>
District's proportion of the net pension liability (asset)	0.81%	0.81%	0.82%
District's proportionate share of net pension liability (asset)	\$ (5,851,816)	\$ (3,448,841)	\$ 2,758,402
District's covered-employee payroll	\$ 14,203,750	\$ 15,518,631	\$ 16,943,033

**MITCHELL SCHOOL DISTRICT NO. 17-2
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2017
(CONTINUED)**

1. BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Mitchell School District No. 17-2 under programs of the federal government for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Mitchell School District No. 17-2, it is not intended to and does not present the financial position, changes in net position, or cash flows of Mitchell School District No. 17-2.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. INDIRECT COST RATE:

Mitchell School District does not use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

4. FEDERAL REIMBURSEMENTS:

Federal reimbursements are not based upon specific expenditures. Therefore, the amounts reported here represent cash received rather than federal expenditures.

5. FEDERAL LOAN GUARANTEE PROGRAM:

Loans guaranteed under federal guarantee loan programs and issued to parents of eligible students or eligible students attending this vocational technical school had the following values:

Direct Loans – Subsidized/Unsubsidized	\$3,673,816
PLUS Program Loans	\$ 626,259

6. FEDERAL FUNDED LOAN PROGRAM – LOANS OUTSTANDING:

Federally funded loan programs had the following current fiscal year disbursement and outstanding loan balances at year end:

Federal CFDA	Grant Programs	Loan Disbursement	Loan Balance
84.038	Perkins Loans	\$ 5,750	\$ 255,072

7. FEDERAL SURPLUS PROPERTY:

The amount reported represents 23.3% of the original acquisition cost of the federal surplus property received by the school. (Original acquisition cost is provided by Federal Surplus Property. It is not what the school actually paid for the item.)
