INDEPENDENT AUDITOR'S REPORT

School Board
Spearfish School District No. 40-2
Lawrence County, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **SPEARFISH SCHOOL DISTRICT NO. 40-2** (the District), Lawrence County, South Dakota, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison information, Schedule of the District Contributions, Schedule of the District's Proportionate Share of the Net Pension Asset (Liability), and the Schedule of Funding Progress – Other Post-Employment Benefits, on pages 3 through 11 and 45 through 54, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, on page 55, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2018 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

SPEARFISH SCHOOL DISTRICT NO. 40-2

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2017

This section of the District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended on June 30, 2017. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position from governmental and business-type activities decreased \$648,971.
- The total cost of the District's programs increased by approximately 19 percent, primarily due to increased salaries and benefits.
- The general fund reported a \$4,026,938 current year fund balance.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District government, reporting the District's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services were financed in the short-term, as well as what remains for future spending.
 - Proprietary fund statements offer short and long-term financial information about the activities that the school operates like businesses. The proprietary funds operated by the District are Food Service, Driver's Education and an Internal Service Fund.
 - Fiduciary fund statements provide information about the financial relationships - like scholarship plans for graduating students - in which the District acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

SPEARFISH SCHOOL DISTRICT NO. 40-2

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2017

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

- Increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional non-financial factors such as changes in the District's property tax base and changes in the state school aid funding formula from the State of South Dakota.

The government-wide financial statements of the District are reported in two categories:

- **Governmental Activities** - This category includes the District's basic instructional services (elementary, high school educational programs, etc.), support services (guidance counselor, executive administration, board of education, fiscal services, etc.), debt service payments, extracurricular activities (sports, debate, music, etc.) and capital equipment purchases. Property taxes, state grants, federal grants and interest earnings finance most of these activities.
- **Business-Type Activities** - The District charges a fee to students to help cover the costs of providing lunch services to all students. The District also charges for services provided to teach Driver's Education for the community. The Food Service and Driver's Education Funds are the business-type activities of the District.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- State law requires some of the funds.
- The School Board establishes other funds to control and manage money for particular purposes.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2017**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements (Continued)

The District has four kinds of funds:

- Governmental Funds – Most of the District's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can be readily converted to cash flow in and out and (2) the balances remaining at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are greater or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements, or on the subsequent page, that explains the relationship (or differences) between them.
- Proprietary Funds – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short- and long-term financial information. The Food Service and Driver's Education Funds are the only proprietary funds maintained by the District.
- Fiduciary Funds – The District is the trustee, or fiduciary, for various external and internal parties. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.
- Internal Service Fund – Services for which the District provides goods or services to other funds, departments or agencies on a cost-reimbursement basis. The Self Insurance Fund is the only internal service fund maintained by the District.

Percentage of Change in Net Position	3.81%	-1.88%	-4.68%	-7.48%	3.78%	-1.90%

This section explains the differences between the current and prior year's assets, liabilities, and changes in net position.

The Statement of Net Position reports all financial and capital resources. The statement presents the assets and liabilities in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the District, consisting of compensated absences payable, early retirement benefits payable, general obligation bonds and other post-employment benefits (OPEB), have been reported in this manner on the Statement of Net Position. The difference between the District's assets and liabilities is its net position.

FOR THE YEAR ENDED JUNE 30, 2017**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

Changes in Net Position

This section illustrates condensed financial comparison of revenues and expenses and provides explanations for significant differences. The District's revenues totaled \$22,483,504 for the year ended June 30, 2017. (See Table A-2.) Approximately 56 percent of the District's revenue comes from property and other taxes, with another 28 percent coming from state aid. (See Figure A-2). The total cost of all programs and services was \$23,132,475 for the year. The District's expenses cover a range of services, encompassing instruction, support services, and food services. (See Figure A-3)

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT’S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2017**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONCLUDED)

Governmental Activities

While the District experienced normal individual revenue fluctuations during the 2017 year compared to 2016, the total revenues of the District’s governmental activities increased approximately nine percent due to increases in enrollment and the state’s new funding formula basically increasing the per student allocation. The increase in expenditures of approximately 19 percent was due to increases in salaries and benefits.

Business-Type Activities

Revenues of the District’s business-type activities increased approximately four percent, and expenses increased by approximately four percent. The increase in revenues was due to increased participation. The increase in expenditures was due to an increase in costs of goods sold due to increased participation.

FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS

The Pension Tax Fund decreased due to legislative activity removing the pension tax levy. The General Fund balance increased by matching expenditures to revenues along with utilizing \$160,000 of the capital outlay flexibility. The Special Education Fund increased slightly due to matching expenditures to revenues through the budgetary process. The Capital Outlay Fund balance increased due to an increase in the growth portion of the assessed value and reducing expenditures in several areas. The Bond Redemption Fund remained comparative to the prior year.

BUDGETARY HIGHLIGHTS

The General Fund and Special Education revenue budgets increased significantly due to the newly implemented state funding changes. Part of the stipulation of the funding changes was to increase teacher salaries and benefits accordingly. The Capital Outlay Fund expenditure budget decreased slightly due to less expensive summer projects.

Net variances were due to an increase in assessed value.

CAPITAL ASSET ADMINISTRATION

By the end of 2017, the District had invested \$33,098,033 (net of accumulated depreciation) in a broad range of capital assets, including land, buildings, and various machinery and equipment. (See Table A-3.) This represents less than a one percent decrease from last year.

	Governmental Activities		Business-type Activities	
	2016	2017	2016	2017
Land	\$ 1,645,272	\$ 1,645,272	\$ -	\$ -

Total Outstanding Debt and Obligations	\$ 12,965,467	\$ 13,299,142	\$ 333,675	3%

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's current economic position has shown change. Total property valuation increased \$52,667,042, or 4.2% from the prior year. The growth factor increased \$39,406,484. Due to the already mentioned state funding changes, the Capital Outlay Fund is limited to the percentage of new growth plus CPI or 3%, whichever is less. The increase in property valuation allows the District the ability to increase the amount of revenue generated from property taxes; however, the total amount which can be levied is limited by the State of South Dakota.

One of the primary sources of revenue to the District is based on a per student allocation from the State of South Dakota. The state aid formula for the current year ensures that property taxes plus state aid will equal \$4,876.76 per pupil. Several factors impact the amount of state aid the district received. Per student allocation for fiscal year 2017 is \$5,464.01, enrollment increase of 90 students, the District received an increase in state aid revenue of \$491,760 from the State of South Dakota.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information, contact the Spearfish School District's Business Office, 525 East Illinois, Spearfish, SD 57783.

**RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO GOVERNMENT-WIDE
STATEMENT OF NET POSITION
JUNE 30, 2017**

Total Fund Balances - Governmental Funds	\$ 10,903,554
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	33,081,134
Long-term liabilities, including general obligation bonds, compensated absences, OPEB, and early retirement payable, are not due in the current period and, therefore, are not reported in the funds.	(13,299,142)
Internal service funds are used by management to charge the costs of activities, such as insurance to individual funds. The assets and liabilities of internal service funds are included in the governmental activities in the Statement of Net Position.	177,509
Assets such as delinquent taxes receivable are not available to pay for current period expenditures and therefore are deferred in the funds.	16,411
Net pension liability reported in governmental activities is not an available financial resource and therefore is not reported in the funds.	(1,685,412)
Pension related deferred outflows are components of pension asset and therefore are not reported in the funds.	4,119,996
Net Position - Governmental Funds	\$ 33,314,050

The accompanying notes are an integral part of this statement.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES TO GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2017**

Net Change in Fund Balances - Total Governmental Funds	\$ 745,052
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures; however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	(297,247)
The governmental funds reflect proceeds from capital asset sales, if any, while the Statement of Activities reports a loss on sale of disposal of capital assets.	(2,736)
In both the government-wide and fund financial statements, revenues from property tax levies are applied to finance the budget of a particular period. Accounting for revenues from property tax accruals in the funds' statements differs from the accounting in the government-wide statements in that the fund financial statements require the amounts to be available. This amount reflects the application of both the application period and availability criteria.	7,034
Governmental funds recognize expenditures for amounts of compensated absences and early retirement benefits actually paid to employees with current financial resources during the fiscal year. Amounts of compensated absences earned by employees are not recognized in the funds. In the Statement of Activities, expenses for these benefits are recognized when the employees earn leave credits or elect to retire early.	(1,218,445)
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net expenses of the internal service funds is reported with governmental activities.	(130,706)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	920,000
Changes in the pension related deferred outflows/inflows, pension liability and related pension expenses are not reported in the governmental fund statements.	(626,870)
Government-wide financial statements require other post employment benefits to be recorded on the accrual basis, whereas the fund statements require the modified accrual basis.	(35,230)
Change in Net Position of Governmental Activities	\$ (639,148)

The accompanying notes are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2017

(1) Summary of Significant Accounting Policies

Reporting Entity

The reporting entity of Spearfish School No. 40-2 (the District) consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

The funds included in this report are controlled by or dependent upon the District's Board of Education. The District participates in a cooperative service unit with 11 other school districts. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit, but are disclosed in these notes because of the nature of their relationship with the District. See Note 7 entitled "Joint Venture" for specific disclosures. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments.

Basis of Presentation

Government-wide Statements:

The Statement of Net Position and the Statement of Activities display information about the primary government of the District. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Position reports all financial and capital resources, in a balance sheet form (assets equal liabilities plus net position). Net position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, propriety, and fiduciary. An emphasis is placed on major funds within the governmental and propriety categories.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Fund Financial Statements (Continued):

A fund is considered major if it is the primary operating fund of the District or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures of the individual governmental or enterprise fund are at least five percent of the corresponding total of all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the financial reporting entity are described below:

Governmental Funds:

General Fund - The General Fund is established by South Dakota Codified Laws (SDCL) 13-16-3 to meet all the general operational costs of the school district, excluding capital outlay fund and special education fund expenditures. The General Fund is always a major fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes. The Capital Outlay, Special Education, and Pension Tax Funds are the special revenue funds maintained by the District.

Capital Outlay Fund - A fund established by SDCL 13-16-6 to meet expenditures which result in the acquisition of or additions to real property, plant or equipment, textbooks, and instructional software. This fund is financed by property taxes. This is a major fund.

Special Education Fund - A fund established by SDCL 13-37-16 to account for the costs associated with the special education of children in need of special and prolonged assistance who reside within the District. This fund is financed by grants and property taxes. This is a major fund.

Pension Tax Fund - A fund established by SDCL 13-10-6 for the purpose of paying pensions to retired employees of school districts, which have established such systems, paying the District's share of retirement plan contributions, and for funding early retirement benefits to qualifying employees. This fund is financed by property taxes. This is a major fund.

Debt Service Funds - Debt Service Funds are used to account for resources for, and the payment of, general long-term debt principal, interest, and related costs. There are two debt service funds.

Bond Redemption Fund - A fund established by SDCL 13-16-13 to account for the proceeds of special property taxes restricted to use for the payment of principal and interest on general obligation bonded debt. This is a major fund.

Qualified School Construction Bond Redemption Fund - A fund established to account for the payment of interest on qualified school construction bonded debt, as well as the establishment and maintenance of a bond sinking fund. This is a major fund.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Concluded)

Fund Financial Statements (Concluded):

Governmental Funds (Continued)

Capital Projects Fund – capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Proprietary Funds:

Enterprise Funds - Enterprise Funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Food Service Fund - A fund established to record the financial transactions related to the K-12 food services operation. This fund is financed by user charges and grants. This is a major fund.

Driver's Education Fund - A fund established to record the financial transactions related to the driver's education operation. This fund is financed by user charges. This is a major fund.

Internal Service Fund – Internal Service Funds are used to report activities that provide goods or services to other funds, departments, or agencies of the District, or to other governments, on a cost-reimbursement basis. The Self Insurance Fund is an internal service fund maintained by the District. Internal service funds are never considered to be major funds.

Fiduciary Funds:

Fiduciary Funds are never considered to be major funds.

Private-Purpose Trust Funds - Private-Purpose Trust Funds are used to account for trust arrangements under which principal and income benefit individuals, private organizations, or other governments. The District maintains one private-purpose trust fund, which is a scholarship fund that was established by a donation made to the District for payment of scholarships to District students.

Agency Funds - Agency Funds are used to account for resources held by the District in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature, they do not involve the measurement of results of operations. The District maintains a variety of Agency Funds. Agency Funds are established to account for the monies earned by student organizations for various expenditures. Another Agency Fund accounts for the monies contributed by employees for health and dependent care expenses.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Measurement Focus and Basis of Accounting

Measurement focus is a term to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the “current financial resources” measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the “economic resources” measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary funds.

Basis of Accounting:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned, and expenses and related liabilities are recorded when an obligation is incurred.

Fund Financial Statements:

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. “Available” means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the District, the length of that cycle is 60 days.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred inflows are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt, which are recognized when due.

All propriety funds and fiduciary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Interfund Eliminations and Reclassifications

Government-wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified, as follows:

1. In order to minimize the doubling-up effect on internal service fund activity, certain “centralized expenses,” including an administrative overhead component, are charged as direct expenses to funds or programs in order to show all expenses that are associated with a service, program, department, or fund. When expenses are charged in this manner, expense reductions occur in the General Fund, so that expenses are reported only in the function to which they relate.

Capital Assets

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Financial Statements:

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the government-wide Statement of Activities, with net capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) for land, buildings, improvements, and equipment are all set at \$5,000. The depreciation method used for buildings and machinery and equipment is straight-line. Land is not depreciated.

The estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

Buildings	50-100 years
Machinery and Equipment	7-30 years

Interest costs incurred during construction of general capital assets are not capitalized along with other capital asset costs.

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the governmental fund upon acquisition. Capital assets used in the proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Long-Term Liabilities

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities consist of compensated absences and early retirement payable, other post-employment benefits, general obligation bonds, and general obligation certificates (see Note 6).

Funding for compensated absences, other post-employment benefits, and early retirement are expended in the general fund, special education fund and the pension tax fund.

Long-term liabilities for governmental funds are not reported as liabilities in the fund financial statements. In the fund financial statements, debt proceeds are reported as revenues (other financing sources), while payments of principal and interest are reported as expenditures when they become due. The accounting for the proprietary fund long-term debt is on the accrual basis, the same in the fund statement as it is in the government-wide statements.

Deferred Inflows and Outflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period or periods. These items will not be recognized as an outflow of resources until the applicable future period. Deferred outflows consist of pension activity.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period. Deferred inflows of resources consist of property taxes.

Pension

For purposes of measuring the net pension liability, deferred outflows of resources related to pensions, and pension revenue, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. District contributions and net pension asset are recognized on an accrual basis of accounting.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Program Revenues

In the government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services – These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets used in a particular program.

Proprietary Funds Revenue and Expense Classifications

In the Proprietary Fund's Statement of Revenues, Expenses, and Changes in Fund Net Position, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, non-capital financing activities, or investing activities are not reported as components of operating revenues or expenses.

Deposits and Investments

The District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes.

Deposits – The District's deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1, and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts that exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating, which may not be less than "AA" or better, or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(1) Summary of Significant Accounting Policies (Continued)

Deposits and Investments (Continued)

Investments – In general, SDCL 4-5-6 permits school district funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly including, without limitation, United States treasury bills, notes, bonds, and other obligations issued or directly or indirectly guaranteed by the United States government, or otherwise directly or indirectly backed by the full faith and credit of the United States government; provided that, for other than permanent, trust, retirement, building, and depreciation reserve funds, such securities shall either mature within eighteen months from the date of purchase or be redeemable at the option of the holder within eighteen months from the date of purchase; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent. State law limits eligible investments for the District. The District has no investment policy that would further limit its investment choices or limit maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2017, the District’s cash and investments consisted only of checking, savings and SDFIT money market. The bank balances at June 30, 2017 are as follows, excluding SDFIT, described below:

	<u>Bank Balance</u>
Insured - FDIC	\$ 1,081,070
Uninsured, collateralized in accordance with SDCL 4-6A-3	10,212,036
Total Deposits	<u>\$ 11,293,106</u>

The South Dakota Public Fund Investment Trust (SDFIT) is an external investment pool created for South Dakota local government investing purposes. It is regulated by a nine member board with representation from municipalities, school districts and counties. The net asset value of the SDFIT money market account (GCR) is kept at one dollar per share by adjusting the rate of return on a daily basis. Earnings are credited to each account on a monthly basis. SDFIT is measured as a level 2 recurring fair value measurement according to the fair value hierarchy.

Assignment of Investment Income:

State law allows income from deposits to be credited to either the General Fund or the fund making the investment. The District’s policy is to credit all income from deposits to the fund making the investment.

Interest Rate Risk:

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk:

State law limits eligible investments for the District as discussed above. The District has no investment policy that would further limit its investment choices.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2017

(1) Summary of Significant Accounting Policies (Continued)

Deposits and Investments (Concluded)

Custodial Credit Risk:

The risk that, in the event of a depository failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of June 30, 2017, none of the District's deposits were exposed to custodial credit risk.

Concentration Risk:

The District places no limit on the amount that may be invested in any one issuer.

Cash and Cash Equivalents

The District pools its cash resources for depositing and investing purposes. The District has access to its cash resources on demand. Accordingly, all reported enterprise fund deposit and investment balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

Equity Classifications

Government-wide Statements:

Equity is classified as net position and is displayed in three components:

1. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

It is the District's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Financial Statements:

Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity (except for Agency Funds, which have no fund equity) is reported as net position held in trust for other purposes.

Governmental fund equity is classified as follows:

Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2017

(1) Summary of Significant Accounting Policies (Concluded)

Equity Classifications (Continued)

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. There were no commitments at June 30, 2017.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the School Board, Superintendent, or Business Manager.

Unassigned – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar-for-dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District does not have a formal minimum fund balance policy.

Emerging Accounting Standards

In June 2015, GASB issued Statements No. 74 and 75, *Accounting and Reporting for Postemployment Benefits Other than Pensions*, which replace GASB Statement Nos. 43 and 45. These statements relate to accounting and financial reporting issues and how the District's other post-employment benefits (OPEB) expenses and related obligations are measured and reported in audited financial statements. The standards describe the recognition of the entire net OPEB liability in the employer's financial statements. The implementation of GASB 74 will not impact the entity's financial statements. With regard to GASB 75, although expected to be significant, management has not yet determined the specific impact of this Statement on the financial statements. This statement is effective for the District's year ending June 30, 2018 for GASB Statement No. 75, respectively.

In June 2017, GASB issued Statement No. 87, *Leases*, which requires the recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the terms of the lease. The statement requires a lessee to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The District has not yet determined the specific impact of this statement on the financial statements. The statement is effective for the District's year ending June 30, 2021.

(2) Property Taxes

Property taxes are levied on or before each October 1, attached as an enforceable lien on property, become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the District's taxes and remits them to the District.

District property tax revenues are recognized to the extent that they are used to finance each year's appropriations. Current year property taxes receivable, which are not available as a resource that can be used to finance the current year's appropriations and therefore are not susceptible to accrual, have been deferred and are not reported as revenue in the fund or government-wide financial statements.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2017

(3) Due from Other Governments

Amounts due from other governments include grant reimbursements and gross receipts due from the State of South Dakota in the amount of **\$454,285**, and gross receipts due from Lawrence County totaling **\$89,375**.

(4) Pension Plan

All employees working more than 20 hours per week during the school year participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer, defined benefit pension plan administered by SDRS, established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivors' benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SDRS, PO Box 1098, Pierre, South Dakota 57501-1098 or by calling (605) 773-3731.

Benefits Provided

SDRS has three different classes of employees, Class A, Class B public safety and Class B judicial. Class A retirement benefits are determined as 1.7 percent prior to 2008 and 1.55 percent thereafter of the employee's final 3-year average compensation times the employee's years of service. Employees with three years of service are eligible to retire at age 55. Class B public safety benefits are determined as 2.4 percent for service prior to 2008 and 2.0 percent thereafter of employee final average compensation. Class B judicial benefits are determined as 3.733 percent for service prior to 2008 and 3.333 percent thereafter of employee final average compensation. All Class B employees with three years of service are eligible to retire at age 45. Employees are eligible for service-related disability benefits regardless of length of service. Three years of service is required for nonservice-related disability eligibility. Disability benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits are a percent of the employee's final average salary.

The annual increase in the amount of the SDRS benefits payable on each July 1st is indexed to the consumer price index (CPI) based on SDRS funded status:

- If the SDRS market value funded ratio is 100% or more – 3.1% COLA
- If the SDRS market value funded ratio is 80.0% to 99.9%, index with the CPI
 - 90.0% to 99.9% funded — 2.1% minimum and 2.8% maximum COLA
 - 80.0% to 89.9% funded — 2.1% minimum and 2.4% maximum COLA
- If the SDRS market value funded ratio is less than 80% - 2.1% COLA

All benefits except those depending on the Member's Accumulated Contributions are annually increased by the Cost-of-Living Adjustment.

Contributions

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0 percent of salary; Class B Judicial Members, 9.0 percent of salary; and Class B Public Safety Members, 8.0 percent of salary. State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2 percent for any compensation exceeding the maximum taxable amount for social security for general employees only. The District's share of contributions to the System for the fiscal years ended June 30, 2017, 2016, and 2015 were **\$650,161**, \$576,318 and \$569,027 respectively, equal to the required contributions each year.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017

(4) Pension Plan (Continued)

Pension Assets (Liabilities), Pension Revenue, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2017, SDRS is 96.89 percent funded and accordingly has a net pension liability. The proportionate shares of the components of the net pension liability of South Dakota Retirement System, for the District as of June 30, 2017 are as follows:

	Governmental Activities	Business-Type Activities	Total
Proportionate Share of Net Position Restricted for Pension Benefits	\$ 52,457,162	\$ 93,653	\$ 52,550,815
Less: Proportionate Share of Total Pension Liability	54,142,574	96,663	54,239,237
Proportionate Share of Net Pension Liability	\$ (1,685,412)	\$ (3,010)	\$ (1,688,422)

At June 30 2017, the District reported a liability of **\$1,688,422** for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was based on a projection of the District's share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2017, the District's proportion was approximately 0.4998431 percent.

For the year ended June 30, 2017, the District recognized pension expense of **\$1,272,055**. At June 30, 2017, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 588,007	\$ -
Changes in Assumption	1,011,284	-
Net Difference between Projected and Actual Earnings on Pension Plan Investments	1,878,095	-
District Contributions Subsequent to the Measurement Date	650,161	-
Total	\$ 4,127,547	\$ -

Deferred outflow of resources includes **\$650,161** resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense, and by the Plan as follows:

2017	\$ 938,249
2018	567,547
2019	1,189,210
2020	782,380
	\$ 3,477,386

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(4) Pension Plan (Continued)

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25 percent
Salary Increases	5.83 percent at entry to 3.87 percent after 30 years of service
Investment Rate of Return	7.25 percent through 2017 and 7.50 percent thereafter, net of pension plan investment expense

Mortality rates were based on the RP-2000 Employee Mortality Table for males and females, as appropriate.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2005 through June 30, 2011. The mortality assumptions were revised based on an extension of the experience study including mortality experience through June 30, 2013.

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2016 (see the discussion of the pension plan's investment policy) are summarized in the following table using geometric means:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	58.0%	4.8%
Fixed Income	30.0%	1.8%
Real Estate	10.0%	4.6%
Cash	2.0%	0.7%
	<u>100.0%</u>	

Discount Rate

The discount rate used to measure the total pension asset was 7.25 percent through 2017 and 7.50 percent thereafter. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that matching employer contributions will be made at rates equal to the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(4) Pension Plan (Concluded)

Sensitivity of asset to changes in the discount rate

The following presents the District's proportionate share of net pension (asset)/liability calculated using the discount rate of 7.25 percent through 2017 and 7.50 percent thereafter, as well as what the District's proportionate share of the net pension (asset)/liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25/6.50 percent) or 1-percentage point higher (8.25/8.50 percent) than the current rate:

	Current Discount		
	1% Decrease	Rate	1% Increase
District's Proportionate Share of the Net Pension Liability	\$ 9,448,381	\$ 1,688,422	\$ (4,640,660)

Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in the separately issued SDRS financial report.

(5) Changes in Capital Assets

Changes in capital assets used in governmental activities were as follows during the year ended June 30, 2017:

	Balance June 30, 2016	Additions	Transfers/ Retirements	Balance June 30, 2017
Governmental Activities				
<i>Capital Assets, not Depreciated</i>				
Land	\$ 1,645,272	\$ -	\$ -	\$ 1,645,272

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017

(6) Long-Term Debt (Continued)

Long-term liabilities, other than compensated absences, early retirement payable, and net OPEB obligation (Note 9), are comprised of the following:

2010 General Obligation Taxable Certificates (Build America Bonds - Direct Pay); mature December 2029; semi-annual payments; bearing interest at fixed rates from 4.00 to 6.00 percent; paid from the Capital Outlay Fund. The District receives a credit from the Federal Government for 35 percent of the interest paid on the certificates. *	\$ 5,570,000
2010 Limited Tax General Obligation Taxable Certificates (Qualified School Construction Bonds - Direct Pay); mature December 2026; semi-annual, interest-only payments with a balloon payment in December 2026; bearing interest at 5.50 percent; paid from the QSCB Redemption Fund. The certificates require sinking fund deposits to generate a total balance of the principal due on maturity (a). The District receives a credit from the Federal Government for 100 percent of the interest paid on the certificates. *	1,500,000
2010 Limited Tax General Obligation Taxable Certificates (Qualified Recovery Zone Economic Development Bonds); mature December 2029; semi-annual payments; bearing interest at 4.10 to 6.00 percent; paid from the Capital Outlay Fund. The District receives a credit from the Federal Government for 45 percent of the interest paid on the certificates. *	1,070,000
2012 Limited Tax General Obligation Certificates; mature December 2022; semi-annual payments; bearing interest at fixed rate from 0.95 to 2.15 percent; paid from the Capital Outlay Fund.	1,175,000
2014 Limited Tax General Obligation Certificates; matures December 2019; semi-annual, interest-only payments with principal payments starting in December 2017; bearing interest at 1.40 to 1.55 percent; paid from the Capital Outlay Fund.	1,500,000
	\$ 10,815,000

* The credit received from the Federal Government can be reduced at certain times during sequestration.

(a) The Qualified School Construction Bonds sinking fund balance required at June 30, 2017 was **\$636,364**, which is included in restricted cash in the QSCB Redemption Fund.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(6) Long-Term Debt (Concluded)

The annual requirements to amortize all debt outstanding as of June 30, 2017, excluding compensated absences and OPEB, are as follows:

Year Ending <u>June 30,</u>	General Obligation		Early	<u>Totals</u>
	<u>Principal</u>	<u>Interest</u>	<u>Retirement</u>	
2018	\$ 1,110,000	\$ 464,229	\$ 377,562	\$ 1,951,791
2019	1,120,000	437,441	973,158	2,530,599
2020	1,150,000	407,958	713,143	2,271,101
2021	655,000	375,638	-	1,030,638
2022	670,000	351,443	-	1,021,443
2023-2027	4,310,000	1,326,768	-	5,636,768
2028-2032	1,800,000	156,450	-	1,956,450
	<u>\$ 10,815,000</u>	<u>\$ 3,519,927</u>	<u>\$ 2,063,863</u>	<u>\$ 16,398,790</u>

(7) Joint Venture

The District participates in the Black Hills Special Services Cooperative, a cooperative service unit (co-op) formed for the purpose of providing special educational services to the member school districts. During the year ended June 30, 2017, the District paid **\$1,237,300** for services provided by the co-op.

The members of the co-op and their relative percentage participation in the co-op are as follows:

Spearfish School District No. 40-2	8.33%
Lead-Deadwood School District No. 40-1	8.33%
Oelrichs School District No. 23-3	8.33%
Meade School District No. 46-1	8.33%
Rapid City Area School District No. 51-4	8.33%
Belle Fourche School District No. 9-1	8.33%
Custer School District No. 16-1	8.33%
Douglas School District No. 51-1	8.33%
Edgemont School District No. 23-1	8.33%
Haakon School District No. 27-1	8.33%
Hill City School District No. 51-2	8.33%
Hot Springs School District No. 23-2	8.33%

The co-op's governing board is composed of one representative from each member school district, who is a school board member. The board is responsible for adopting the co-op's budget and setting service fees at a level adequate to fund the adopted budget.

The District retains no equity in the net position of the co-op, but does have a responsibility to fund deficits of the co-op in proportion to the relative participation described above.

Separate financial statements for this joint venture are available from Black Hills Special Services Cooperative. At June 30, 2017, this joint venture had total fund equity of \$4,009,793 (unaudited) and long-term debt of \$162,381 (unaudited).

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2017**

(8) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2017, the District managed its risks as follows:

Property/Liability Insurance:

The District joined the Associated School Boards of South Dakota Property Liability Fund (ASBSD-PLF), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota school districts. The objective of the ASBSD-PLF is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The District's responsibility is to promptly report to and cooperate with the ASBSD-PLF to resolve any incident which could result in a claim being made by or against the District. The District pays an annual premium to the pool to provide coverage for automobile, general liability, property damage, and professional liability errors and omissions. The premiums are accrued based on the ultimate cost of the coverage of the experience to date of the ASBSD-PLF member, based on their exposure or type of coverage.

The agreement with the ASBSD-PLF provides that the above coverage will be provided to a \$5,000,000 limit. Member premiums are used by the pool for payment of claims and to pay for reinsurance for claims in excess of \$100,000 to the upper limit. The District carries a \$5,000 deductible for the property damage, commercial automobile coverage, non-monetary professional liability, and a monetary deductible totaling \$10,000 for the school leader's professional liability coverage.

The District does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have never exceeded the liability coverage.

Workmen's Compensation:

The District participates, with several other educational units and related organizations in South Dakota, in the Associated School Boards of South Dakota (ASBSD) Worker's Compensation Fund Pool (the Fund), which provides workers' compensation insurance coverage for participating members of the pool. The objective of the Fund is to formulate, develop, and administer, on behalf of the member organizations, a program of worker's compensation coverage, to obtain lower costs for the coverage, and to develop a comprehensive loss control program. The District's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The District pays an annual premium, to provide worker's compensation coverage for its employees, under a retrospectively rated policy. The District's premiums are accrued based on the ultimate cost of the experience to date of the Fund members.

The District is responsible for payment of a premium to the insurance pool along with other pool participants. The District may also be responsible for additional assessments in the event the pool is determined by its board of trustees to have inadequate reserves to satisfy current obligations or judgments. Additional assessments, if any, are to be determined on a prorated basis based upon each participant's percentage of contribution in relation to the total contributions to the pool of all participants for the year in which the shortfall occurs. The pool provides loss coverage to all participants through pool retained risk retention and through insurance coverage purchased by the pool in excess of the retained risk. The pool pays the first \$500,000 of any claim per individual. The pool has reinsurance which covers up to \$1,000,000 per individual per incident. The District does not carry additional insurance to cover claims in excess of the upper limit.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017

(8) Risk Management (Continued)

Health Insurance:

The District is fully self-insured and purchases self-insurance through a third party. The health insurance activity is accounted for in an Internal Service Fund of the District.

As part of the health care coverage, the District purchases re-insurance which pays in excess of \$50,000 per employee and claims in excess of \$958,835 in the aggregate. Accounts payable for claims incurred but not paid of **\$97,526** is recorded in the Internal Service Fund in the Proprietary Fund Balance Sheet. The accrual is based on payments made subsequent to year-end for claims incurred prior to June 30, 2017. The District had net position in the Insurance Fund in the amount of **\$177,509** for the payment of health and dental insurance claims.

Changes in the aggregate liabilities of the self-insurance funds were as follows:

	<u>Health Insurance</u>
Benefit Claims Payable at June 30, 2015	\$ 120,757
<i>Claims Incurred:</i>	
Attributable to Insured Events of the Current Year	1,320,120
<i>Claims Paid:</i>	
Attributable to Insured Events of the Current and Prior Years	1,343,064
	<hr/>
Incurred But Not Reported Claims at June 30, 2016	\$ 97,813
	<hr/>
	<hr/>
	<u>Health Insurance</u>
Benefit Claims Payable at June 30, 2016	\$ 97,813
<i>Claims Incurred:</i>	
Attributable to Insured Events of the Current Year	1,423,125
<i>Claims Paid:</i>	
Attributable to Insured Events of the Current and Prior Years	1,423,412
	<hr/>
Incurred But Not Reported Claims at June 30, 2017	\$ 97,526
	<hr/>
	<hr/>

Unemployment Benefits:

The District provides coverage for unemployment benefits by paying into the Unemployment Compensation Fund established by state law and managed by the State of South Dakota.

(9) Other Post-Employment Benefits (OPEB) Plan

Plan Description:

The Spearfish School District Other Post-Employment Benefits (OPEB) plan is a single-employer defined benefit healthcare plan administered by the Spearfish School District. The Plan provides medical insurance benefits to eligible retirees and their spouses as permitted by SDCL 6-1-16. Benefit provisions were established and may be amended during the negotiated agreement process with the District certified staff and School Board. The health plan does not issue separately stated stand-alone financial statements.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017

(9) Other Post-Employment Benefits (OPEB) Plan (Continued)

Funding Policy:

A teacher or administrator who retires from the District on or after the age of 55 and with at least five years of service with the District may be eligible for retiree health insurance coverage. Coverage ceases when the retiree attains the age of 65 or becomes eligible for Medicare except for COBRA continuation if elected. The retiree is responsible for 100 percent of the full active premium rates for either single or family coverage. SDCL 6-1-16 specifically allows any municipality, county or school district to provide health insurance for retiring employees and their immediate families.

The District charges both groups an equal, blended premium rate for single or family coverage. Although both groups are charged the same rate, GAAP requires the actuarial amounts to be calculated using age-adjusted premiums that approximate costs for retirees separately from those for active employees. The use of age-adjusted premiums results in the inclusion of an implicit rate subsidy of the benefit costs to retirees by the District.

Currently, there are 228 active participants and 21 retirees who are participating in the plan. Because the District does not use a trust fund to administer the financing of other postemployment benefits, no separate financial statements are required.

Annual OPEB Cost and Net OPEB Obligation:

The District's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The District's annual OPEB cost, the percentage of annual OPEB costs contributed, and the net OPEB obligation for the year ended June 30, 2017, were as follows:

Annual Required Contribution	\$ 38,432
Interest on Net OPEB Obligation	8,791
Adjustment to Annual Required Contribution	(11,993)
Annual OPEB Cost	<u>35,230</u>
Contributions Made	<u>-</u>
Change in Net OPEB Obligation	35,230
Net OPEB Obligation - Beginning of Year	<u>195,347</u>
Net OPEB Obligation - End of Year	<u><u>\$ 230,577</u></u>
Percentage Contributed	0.00%

The District's annual OPEB cost data and net OPEB obligation was as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual Cost	Net OPEB Obligation
6/30/2017	\$ 35,230	15.28%	\$ 230,577
6/30/2016	28,915	14.80%	195,347
6/30/2015	28,915	17.37%	166,432

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONCLUDED)

JUNE 30, 2017

(9) Other Post-Employment Benefits (OPEB) Plan (Concluded)

Funded Status and Funding Progress:

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The projected unit credit actuarial cost method was used in the July 1, 2016 valuation. The actuarial assumptions included a 4.5 percent investment rate of return. The healthcare cost trend rate is 5.0 percent for all years. Both the rate of return and the healthcare cost trend rate include an assumed inflation rate of three percent. The UAAL is being amortized as a level dollar amount on an open basis over a period of 30 years. The remaining amortization period at June 30, 2017 is 25 years.

(10) Individual Fund Interfund Transactions

During the fiscal year, the following amounts were transferred between funds:

Fund	Transfer Out	Transfer In
General Fund	\$ -	\$ 160,000
Capital Outlay Fund	334,699	-
QSCB Redemption Fund	-	174,699
Total Transfers	334,699	334,699

Transfers during the current year pertained to transferring funds to utilize capital outlay for general fund expenditures and transfer of capital outlay funds to QSCB to make the QSCB debt payments.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2017**

(1) Basis of Presentation

The Budgetary Comparison Schedules have been prepared on the budgetary basis of accounting. They present expenditures for capital outlay purposes within each function while the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances presents capital outlay expenditures as a separate function.

(2) Budgetary Legal Requirements

South Dakota Codified Law prescribes the budgetary procedures followed by the District as follows:

1. Prior to the first regular board meeting in May of each year, the School Board prepares a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General.
2. The proposed budget is considered by the School Board at the first regular meeting held in the month of May of each year.
3. The proposed budget is published for public review no later than July 15 each year.
4. Public hearings are held to solicit taxpayer input prior to the approval of the budget.
5. Before October 1 of each year, the School Board must approve the budget for the ensuing fiscal year for each fund, except trust and agency funds.
6. After adoption by the School Board, the operating budget is legally binding at the fund level and actual expenditures of each fund cannot exceed the amounts budgeted for that fund, except as indicated in number 8.
7. A line item for contingencies may be included in the annual budget. Such a line item may not exceed five percent of the total District budget and may be transferred by resolution of the School Board to any other budget category, except for capital outlay, that is deemed insufficient during the year.
8. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows the adoption of supplemental budgets when monies are available to increase legal spending authority.
9. Unexpended appropriations lapse at year-end unless encumbered by resolution of the School Board. The District does not employ encumbrance accounting as an extension of formal budgetary integration.
10. Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, debt service funds, capital projects funds, food service fund, driver's education fund, and internal service funds. Generally accepted accounting principles prescribe that budgetary information be presented for the general fund and major special revenue funds of the District only.

Note 1: Federal reimbursements are not based upon specific expenditures; therefore, the amounts reported here represent cash received rather than federal expenditures.

Note 2: These amounts reflect cash received. Federal reimbursements are based on approved rates for services provided rather than reimbursement for specific expenditures.

Note 3: The schedule of expenditures of federal awards is presented on the modified accrual basis of accounting.

Note 4: The District did not elect to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 5: These amounts include non-monetary assistance which is reported at fair market value of the commodities received and disbursed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

School Board
Spearfish School District No. 40-2
Spearfish, South Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **SPEARFISH SCHOOL DISTRICT NO. 40-2** (the District) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 8, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings as Finding #2017-001 and #2017-002 that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to Findings

The District's responses to the findings identified in our audit are described in the accompanying Corrective Action Plan. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

School Board
Spearfish School District No. 40-2
Spearfish, South Dakota

Report on Compliance for Each Major Federal Program

We have audited the **SPEARFISH SCHOOL DISTRICT NO. 40-2** (the District's) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2017. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. For cities and public schools – As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

SPEARFISH SCHOOL DISTRICT NO. 40-2

SCHEDULE OF FINDINGS

JUNE 30, 2017

A. SUMMARY OF AUDIT RESULTS

1. The independent auditor's report expresses an unmodified opinion on the financial statements of Spearfish School District No. 40-2 (the District).
2. Material weaknesses were disclosed during the audit of the financial statements as reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*.
3. No instances of noncompliance material to the District's financial statements were disclosed during the audit.
4. No findings were disclosed during the audit of the major federal award programs as reported in the Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance as Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal award programs expresses unmodified opinions on all major programs, as listed in #7.
6. No audit findings relative to the major federal award program for the District are reported in part C of this schedule.
7. The programs tested as major programs (or clusters) were:
 - a. Title I Program (CFDA #84.010)
 - b. Special Education Cluster (SPED) (CFDA #84.027 and #84.173)
8. The threshold for distinguishing type A and B programs was \$750,000.
9. The District was not determined to be a low-risk auditee.

B. FINDINGS -- FINANCIAL STATEMENT AUDIT

Material Weaknesses

2017-001 FINDING: Financial Statement Preparation:

Condition and Cause: As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Ultimately, it is management's responsibility to provide for the preparation of the District's statements and the footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. From a practical standpoint, we do both for the District at the same time in connection with our audit. This is not unusual for us to do with districts of your size.

Criteria and Effect: This deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by the District's management.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**SCHEDULE OF FINDINGS (CONTINUED)
JUNE 30, 2017**

B. FINDINGS -- FINANCIAL STATEMENT AUDIT (CONTINUED)

Material Weaknesses (Continued)

2017-001 FINDING: Financial Statement Preparation (Continued):

Repeat Finding from Prior Year: Yes, prior year finding #2016-001.

Recommendation: As in prior years, we have instructed management to review a draft of the auditor prepared financials in detail for their accuracy; we have answered any questions they might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification and disclosure in the District's statements. We are satisfied that the appropriate steps have been taken to provide the District with complete financial statements. It is the responsibility of management and those charged with governance to accept the degree of risk associated with this condition because of cost or other considerations.

Response/Corrective Action Plan: Management is in agreement with the finding. See Corrective Action Plan.

2017-002 FINDING: Audit Adjustments:

Condition and Cause: As in prior years, during the course of our engagement we proposed material audit adjustments. Furthermore, other entries were proposed as part of the audit, but were not recorded due to the overall insignificance on the financial statements.

Criteria and Effect: These adjustments were not identified as a result of the District's existing internal controls and could have resulted in a material misstatement of the District's financial statements.

Repeat Finding from Prior Year: Yes, related to prior year finding #2016-002.

Recommendation: We recommend the following:

- Adjust property tax and receivable to agree to remittances received from the County.
- Adjust driver's education unearned revenue to instructor's class lists and recognize the portion of revenue attributable to class and driving time completed in the current fiscal year. Any portion completed in a subsequent fiscal year should be deferred.
- Record worker's compensation premiums as prepaid insurance if the premiums are paid during the current fiscal year and apply to future fiscal years.
- Adjust the governmental capital asset fund for assets purchased and disposed throughout the year.
- Record District's portion of the pension activity per the schedules issued by SDRS.

Response/Corrective Action Plan: Management is in agreement with the finding. See Corrective Action Plan.

MANAGEMENT RESPONSE

SPEARFISH SCHOOL DISTRICT 40-2

Office of the Business Manager
Phone: 605-717-1201 Fax: 605-717-1200

525 East Illinois
Spearfish, SD 57783-2521

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS JUNE 30, 2017

Spearfish School District No. 40-2 (the District) respectfully submits the following summary schedule of prior audit findings from the June 30, 2016 Schedule of Findings. The findings are numbered consistently with the numbers assigned in the 2016 Schedule of Findings.

Finding No. 2016-001: Financial Statement and Schedule of Expenditures of Federal Awards (SEFA) Preparation

Status: It is more cost effective for the District to hire Ketel Thorstenson, LLP, a public accounting firm, to prepare the full disclosure financial statements as a part of the annual audit process. The District has designated a member of management to review the draft financial statements and accompanying notes to the financial statements.

Initial Year Report: Originally issued years ago.

Reasons for Recurrence and Corrective Action Plan: As the District has accept the risk associated with the auditor's preparing of the financial statements, it will be repeated in 2017, see Corrective Action Plan.

Finding No. 2016-002: Audit Adjustments

Status: The District made efforts to record all year-end entries, but some audit adjustments were made.

Initial Year Report: Originally issued years ago.

Reasons for Recurrence and Corrective Action Plan: The finding is altered based on specific audit adjustments each year, is repeated in the Schedule of Findings. See Corrective Action Plan.

CORRECTIVE ACTION PLAN JUNE 30, 2017

Spearfish School District No. 40-2 (the District) respectfully submits the following corrective action plan from the June 30, 2017 Schedule of Findings. The findings are numbered consistently with the numbers assigned in the Schedule of Findings.

Finding No. 2017-001: Financial Statement Preparation

Responsible Individuals: Craig Crosswait, Business Manager

Corrective Action Plan: The District has accepted the risk associated with requesting the auditors to prepare the financial statements and continues to plan for the auditors to prepare the reports.

Anticipated Completion Date: Ongoing

Finding No. 2017-002: Audit Adjustments

Responsible Individuals: Craig Crosswait, Business Manager

Corrective Action Plan: The District has accepted the non-questioned cost risk of the financial auditors preparing a small number of adjusting entries. The District will continue the ongoing process of attempting to record the multitude of entries.

Anticipated Completion Date: Ongoing
