INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Housing and Redevelopment Commission of
Lawrence County, South Dakota
Sturgis, South Dakota

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund of the Housing and Redevelopment Commission of Lawrence County, South Dakota, a component unit of Lawrence County, South Dakota (the Commission), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the Commission, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considering in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that include our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether in our judgement, there are conditions or events, considered in the aggregate that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-10 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The accompanying financial data schedules and schedule of expenditures of federal awards, as required by Title 2 U.S Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial data schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 18, 2023, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

*Lawrence County Housing & Redevelopment Commission in South Dakota
Management's Discussion and Analysis
For the Year Ended December 31, 2022*

Introduction

This Management's Discussion and Analysis (MD&A) of the Lawrence County Housing & Redevelopment Commission in South Dakota (Commission) provides an introduction and overview to the financial statements of the Commission for the fiscal year ended December 31, 2022. The Commission presents this discussion and analysis of its financial performance during the fiscal year ended December 31, 2022, to assist the reader in focusing on significant financial issues.

The Commission has one individual program, the Housing Choice Voucher Program which is currently being managed by the Mead County Housing & Redevelopment Commission in South Dakota.

- The Housing Choice Voucher Program provides rental assistance to aid low income families afford decent, safe, and sanitary rental housing. The Commission provides rental assistance in the form of a Housing Assistance Payment to a landlord on behalf of the tenant. The Commission currently has 302 units available. Funds are provided by HUD to provide rental assistance payments. The Commission is provided an administrative fee for the purpose of covering the administrative costs of the program. The fee is preset by HUD on an annual basis.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the Commission's basic financial statements, which consists of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to give users a broad overview of the Commission's finances, in a manner similar to that of a private-sector business.

The Statement of Net Position presents information on all off the Commission's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, excluding fiduciary funds, with the difference reported as net position. Increases and decreases over time may serve as a useful indicator of whether the Commission's financial position is improving or deteriorating.

The Statement of Activities shows how the Commission's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event that caused the change occurs, regardless of the time of the related cash flows.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The Commission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Lawrence County Housing & Redevelopment Commission in South Dakota
Management's Discussion and Analysis-Cont.
For the Year Ended December 31, 2022*

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The governmental funds balance sheet and the statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Commission maintained one individual governmental fund for 2022. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund which is considered to be a major fund.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Financial Highlights

The Commission's Net Position decreased from \$141,749 to \$106,998, a decrease of \$34,751 or 25%. Total assets decreased by \$33,499 or 24%.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Housing and Redevelopment Commission of Lawrence County, South Dakota (the Commission) was organized in 1991 pursuant to the Municipal Housing and Redevelopment Act of South Dakota as a public housing agency formed to provide financial assistance for low-income public housing pursuant to the United States Housing Act of 1937, (42 U.S.C. 1401, et seq.). The county commission appoints the five members of the governing board for five-year staggered terms. The public housing authority (PHA) board elects its own chairperson and recruits and employs its management personnel and other workers. The local governing board of Lawrence County, South Dakota has the ability to veto or otherwise modify a housing commission's decision to construct a specific project and issue debt.

The primary government is Lawrence County, South Dakota.

Component Units

In evaluating the Commission as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the Commission may be financially accountable and, as such, should be included within the Commission's financial statements. The Commission is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Commission. Organizations for which the Commission is not financially accountable are also included when doing so is necessary in order to prevent the Commission's financial statements from being misleading.

The Commission considered all potential component units in determining what organizations should be included in the financial statements. Based on these criteria, there are no component units to include in the Commission's financial statements.

Nature of Business

The Commission administers low-income housing assistance payment programs in Lawrence County, South Dakota. PAS/LOCCS Project No. SD048VO is authorized to operate 303 units under the Section 8 Housing Choice Voucher Program.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Basis of Presentation

The Commission represents a public housing authority engaged in a single governmental program that provides financial assistance for low income public housing. As such, the Commission presents combined fund financial statements and government-wide statements.

Government-wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information about the reporting entity as a whole. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Commission's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. For the year ended December 31, 2022, the program revenues consist primarily of HUD PHA grants. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements:

Fund financial statements are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The Commission presently has no proprietary or fiduciary funds.

All the Commission's activities are accounted for within the General Fund, which is a governmental fund type. As all activities are accounted for within this fund, it is presented as a major governmental fund described as follows:

General Fund - the General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

LAWRENCE COUNTY, SOUTH DAKOTA**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-wide Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements

In the fund financial statements, the “current financial resources” measurement focus and the modified accrual basis of accounting are applied to a governmental fund type.

Basis of Accounting:

Government-wide Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting revenues generally are recorded when they occur; and, expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests). Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Fund Financial Statements

The governmental fund is accounted for using the modified accrual basis of accounting. Its revenues generally are recognized when they become measurable and available. “Available” means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. A 60 day availability period is used for recognition of governmental fund revenues.

**HOUSING AND REDEVELOPMENT COMMISSION OF
LAWRENCE COUNTY, SOUTH DAKOTA**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Measurement Focus and Basis of Accounting, continued

Fund Financial Statements, continued

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported grant revenue received in advance are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

Cash and Cash Equivalents

For purposes of financial statement reporting, the Commission considers all highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased to be cash equivalents. Certificates of deposit, regardless of maturity, are considered to be cash equivalents.

Capital Assets

Capital assets include furniture and equipment that are used in operations and that have initial useful lives extending beyond a single reporting year.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Financial Statements

Purchased capital assets are recorded at historical cost, or estimated historical cost, where actual cost could not be determined. Donated capital assets are valued at their estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant and which extend the useful life of a capital asset are also capitalized.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Capital Assets, continued

Government-wide Financial Statements, continued

Depreciation of exhaustible capital assets is recorded as an allocated expense in the government-wide Statement of Activities, with net investment in capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Furniture and equipment	\$ 500	Straight-line	3-5 yrs.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the appropriate governmental fund upon acquisition. No depreciation expense is recognized.

Deferred Inflows and Deferred Outflows of Resources

In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period or periods. These items will not be recognized as an outflow of resources (expenses) until the applicable future period.

In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisition of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources (revenue) until the applicable future period.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Equity Classifications

Equity is classified as net position or fund balance and is displayed as follows:

Government-wide Financial Statements

- a. Net investment in capital assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Is a net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions of enabling legislation.
- c. Unrestricted net position – Any net position that does not meet the definition of "restricted" or "net investment in capital assets".

Fund Financial Statements

Governmental fund equity is classified as fund balance and may distinguish between "Nonspendable", "Restricted", "Committed", "Assigned" and "Unassigned" components.

Application of Net Position

It is the Commission's policy to first use restricted net position, prior to the use of unrestricted, when an expense is incurred for which both purposes are available.

Fund Balance Classification Policies and Procedures

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Commission classifies governmental fund balances as follows:

- Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

**HOUSING AND REDEVELOPMENT COMMISSION OF
LAWRENCE COUNTY, SOUTH DAKOTA**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Fund Balance Classification Policies and Procedures, continued

- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the Board of Commissioners and does not lapse at year-end.
- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund Balance may be assigned by the Contracting Officer.
- Unassigned – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Commission uses *restricted* amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar spending. Additionally, the Commission would first use *committed*, then *assigned*, and lastly *unassigned amounts* of unrestricted fund balance when expenditures are made.

The Commission does not have a formal minimum fund balance policy.

Program Revenues

The Commission has one individual program, the Housing Choice Voucher Program which is currently being managed by the Meade County Housing & Redevelopment Commission in South Dakota.

- The Housing Choice Voucher Program provides rental assistance to aid low income families to afford decent, safe, and sanitary rental housing. The Commission provides rental assistance in the form of a Housing Assistance Payment to a landlord on behalf of the tenant. The Commission currently has 303 units available. Funds are provided by HUD to provide rental assistance payments. The Commission is provided an administrative fee for the purpose of covering the administrative costs of the program. The fee is preset by HUD on an annual basis.

LAWRENCE COUNTY, SOUTH DAKOTA**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Fraud Recovery

HUD requires the Commission to account for monies recovered from tenants who committed fraud or misrepresentation on the application process for rent calculations and now owe additional rent for prior periods or retroactive rent as fraud recovery. The monies recovered are shared by HUD and the local authority.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Budgets

The Commission is not legally required to adopt a budget, however, the Commission is contractually required by HUD to approve an annual operating budget for HUD programs. Capital fund budgets are adopted on a "project length" basis. The budgets are prepared in accordance with HUD requirements and therefore, are not comparable to the GAAP financial presentation in this report. Therefore, budgetary data is not included in the basic financial statements.

2. DEPOSITS AND INVESTMENTS

Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits - The Housing Commission's deposits are made in qualified public depositories as defined by SDCL 4-6A-1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

LAWRENCE COUNTY, SOUTH DAKOTA**

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

2. DEPOSITS AND INVESTMENTS, continued

Investments - As stated in SDCL 11-7-31, a commission shall have power to invest any funds held in reserves or debt service funds, or funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control. In general, SDCL 4-5-6 permits housing authority funds to be invested only in (a) securities of the United States and securities guaranteed by the United States government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a); or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) and repurchase agreements described in (b). Also, SDCL 4-5-9 requires that investments shall be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Custodial Credit Risk - Deposits - The risk that, in the event of a depository failure, the Commission's deposits may not be returned to it. The Commission does not have a deposit policy for custodial risk. As of December 31, 2022, the Commission's deposits were fully insured or collateralized and were not exposed to custodial credit risk.

Investments - As of December 31, 2022, the Commission had no investments.

Authorized Investments by the Commission - The Commission does not have a formal investment policy that further limits investments beyond those imposed by statutes.

Interest Rate Risk - The Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits eligible investments for the Commission, as discussed above. The Commission has no investment policy that would further limit its investment choices. As of December 31, 2022, the Commission had no investments.

Concentration of Credit Risk - The Commission places no limit on the amount that may be invested in any one issuer. As of December 31, 2022, the Commission had no investments.

4. ECONOMIC DEPENDENCY

The Commission receives grants from the United States Department of Housing and Urban Development (HUD). Approximately 99% of the Commission's revenues for the year ended December 31, 2022, came from the HUD PHA grants provided by the federal government. In the event these grants were discontinued or severely restricted, the activities of the Commission would be curtailed accordingly. During the year ended December 31, 2022, the total amount received was \$1,298,777.

5. RELATED PARTY TRANSACTIONS

The Commission has entered into a Joint Powers Agreement (Agreement) with the Meade County Housing and Redevelopment Commission (Meade County). Under the Agreement, Meade County administers the Section 8 Housing Choice Voucher Program for the Commission and receives a management fee equal to 95% of the Commission's ongoing administrative fees earned through HUD. For the year ended December 31, 2022, the Commission recognized \$161,348 in management fee expense and \$1,252 in management fees payable.

6. RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. Housing and Redevelopment Commission of Lawrence County, South Dakota has no employees due to the Board of Commissioners decision to contract with Meade County Housing and Redevelopment Commission to manage their housing authority. During the year ended December 31, 2022, the Commission managed its risks as follows:

Liability Insurance

The Commission purchases liability insurance risks related to torts, theft, or damage to property; and errors and omissions of public officials from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage during the past four years.

Note 1: The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal activity of the Commission under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Commission.

Note 2: Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Commission has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners
Housing and Redevelopment Commission
of Lawrence County, South Dakota
Sturgis, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the **Housing and Redevelopment Commission of Lawrence County, South Dakota** (the Commission), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated August 18, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination on financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose. However, as required by South Dakota Codified Law 4-11-11, this report is matter of public record and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE

To the Board of Commissioners
Housing and Redevelopment Commission
of Lawrence County, South Dakota
Sturgis, South Dakota

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the **Housing and Redevelopment Commission of Lawrence County, South Dakota's** (the Commission) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Commission's major federal programs for the year ended December 31, 2022. The Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Commission's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulation, rules, and provision of contracts or grant agreements applicable to the Commission's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the Commission's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Commission's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Commission's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
