

SECTION I--GOVERNMENTAL ACCOUNTING

SELF BALANCING ACCOUNTS

- 900 - General Capital Assets – capital assets of the government that are not specifically related to activities reported in proprietary or fiduciary funds. General capital assets are associated with and generally arise from governmental activities. Most often, they result from expenditures of governmental fund financial resources. They should not be reported as assets in governmental funds but should be reported in the governmental activities column in the government-wide financial statements.**
- 1000 - General long-term liabilities – the unmatured principal of bonds, warrants, notes, or other forms of noncurrent or long-term general obligation indebtedness. General long-term debt is not limited to liabilities arising from debt issuances, but may also include noncurrent liabilities on lease-purchase agreements and other commitments that are not current liabilities properly recorded in governmental funds. General long-term liabilities should not be reported as liabilities in governmental funds, but should be reported in the governmental activities column in the government wide statement of net position.**
