## **INDEPENDENT AUDITOR'S REPORT**

To the Mayor and City Council  
City of Eagle Butte  
Eagle Butte, South Dakota

### **Report on the Audit of the Financial Statements**

#### **Disclaimer of Opinion**

We were engaged to audit the accompanying modified cash basis of accounting financial statements of the governmental activities, the business-type activities, and each major fund of the City of Eagle Butte, South Dakota (City), as of December 31, 2023 and December 31, 2022 and for the two years then ended, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

We do not express an opinion on the financial statements as referred to above. Because of the significance of the matters described in the Basis of Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on these financial statements.

#### **Basis for Disclaimer of Opinion**

In October of 2023, the previous finance officer for the City left the position with little to no notice. Prior to leaving, this officer emptied file cabinets and destroyed documents including meeting minutes, reports, and associated documents as well as documentation of the software program that was in use at that time. As a result of these matters, sufficient adequate documentation did not exist to facilitate an audit of the years covered in these financial statements.

#### **Emphasis of Matter**

As discussed in Note 2 of the financial statements, which describes the basis of accounting, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the

The notes are an integral part of the financial statements.

circumstances. Management is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the City's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the City and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the modified cash basis of accounting financial statements that collectively comprise the City's basic financial statements. The Budgetary Comparison Schedules, the Schedule of the City's OPEB Liability and Related Ratios, the Schedule of the City's Proportionate Share of the Net Pension Liability (Asset), the schedule of Pension Contributions, and Notes to the Supplementary Information are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. We do not express an opinion or provide any assurance on this information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, and contracts and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

**CITY OF EAGLE BUTTE**  
**NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 1 – Summary of Significant Accounting Policies**

These financial statements are presented using the modified cash basis of accounting. The modified cash basis of accounting is another comprehensive method of accounting that is not accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

**Financial Reporting Entity:**

The reporting entity of the City of Eagle Butte (the City) consists of the primary government, which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity; plus those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

**Basis of Presentation:**

***Government-Wide Financial Statements:***

The Statement of Net Position and Statement of Activities display information about the reporting entity as a whole. These statements include all funds of the reporting entity, except fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

***Fund Financial Statements:***

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise

The notes are an integral part of the financial statements.

***Fund Financial Statements: (continued)***

3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the City's financial reporting entity are described below:

**Governmental Funds:**

General Fund - the General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always considered to be a major fund.

**Proprietary Funds:**

Enterprise Funds - enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met. Governments should apply each of these criteria in the context of the activity's principal revenue sources.

- a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit - even if that government is not expected to make any payments - is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)
- b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
- c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

**The City's Proprietary Funds Include the Following:**

Water Fund - Financed primarily by user charges, this fund accounts for the construction and operation of the municipal waterworks system and related facilities (SDCL 9-47-1). The water fund is a major fund.

Sewer Fund - Financed primarily by user charges, this fund accounts for the construction and operation of the municipal sanitary sewer system and related facilities (SDCL 9-48-2). The sewer fund is a major fund.

**Measurement Focus and Basis of Accounting:**

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The notes are an integral part of the financial statements.

**CITY OF EAGLE BUTTE**  
**NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 1 – Summary of Significant Accounting Policies (continued)**

***Fund Financial Statements: (continued)***

The City's basis of accounting is the modified cash basis, which is a basis of accounting other than US GAAP. Under US GAAP, transactions are recorded in the accounts when revenues are earned and liabilities are incurred. Under the modified cash basis transactions are recorded when cash is received or disbursed.

***Measurement Focus:***

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied within the limitations of the modified cash basis of accounting as defined below.

In the fund financial statements, the current financial resources measurement focus or the economic resources measurement focus is used, applied within the limitations of the modified cash basis of accounting.

***Basis of Accounting:***

The government-wide Statement of Net Position and Statement of Activities and the fund financial statements, governmental and business-type activities are presented using a modified cash basis of accounting.

The modified cash basis of accounting involves the measurement of cash and cash equivalents and changes in cash and cash equivalents resulting from cash receipt and disbursement transactions. Under the modified cash basis of accounting, the statement of financial position reports only cash and cash equivalents. Under the modified cash basis of accounting, transactions are recorded in the accounts when cash and/or cash equivalents are received or disbursed.

As a result of reporting on the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected or liquor store inventory) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, accrued expenses and liabilities, and capital assets and their related debt) are not recorded in these financial statements. There is one exception to the modified cash basis of accounting presented by the City in the presentation of investments greater than 90 days.

If the City applied US GAAP, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

***Deposits and Investments:***

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and investments with a term to maturity at the date of acquisition of three months or less.

The notes are an integral part of the financial statements.

**NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 1 – Summary of Significant Accounting Policies (continued)**

**Capital Assets:**

Under the modified cash basis of accounting, the City's capital assets are considered a cost of the program for which they were acquired, for the amount paid in cash, in the Government-Wide financial statements, the Fund financial statements, and the Proprietary financial statements.

**Long-Term Liabilities:**

The government-wide Statement of Net Position and Statement of Activities and the fund financial statements, governmental, and business-type activities are presented using a modified cash basis of accounting. The City has not elected to modify their cash basis presentation by recording long-term debt arising from cash transactions, so any outstanding indebtedness is not reported on the financial statements of the City. The City does report the principal and interest payments on long-term debt as Debt Service expenditures on the Statement of Revenues, Expenditures and Changes in Fund Balances.

The City has presented a Schedule of Changes in Long-Term Debt along with related notes that include details of any outstanding Long-Term Debt in Note 4.

**Program Revenues:**

Program revenues derive directly from the program itself or from parties other than the City's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services - These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, cities, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions - These arise from mandatory and voluntary non-exchange transactions with other governments, cities, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

**Proprietary Funds Revenue and Expense Classifications:**

In the proprietary fund's Statement of Revenues, Expenses, and Changes in Fund Net Position-Modified Cash Basis, revenues and expenses are classified as operating revenues and expenses unless the transactions relate to capital and related financing activities, noncapital financing activities, or investing activities.

**Equity Classifications:**

The notes are an integral part of the financial statements.

**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 1 – Summary of Significant Accounting Policies (continued)**

**Proprietary Funds Revenue and Expense Classifications (continued)**

***Government-Wide Financial Statements:***

Equity is classified as net position and is displayed in two components under the modified cash basis:

1. Restricted net position - Consists of net position with constraints placed on their use either by (a) external groups such as creditors, granters, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
2. Unrestricted net position -All other net position that do not meet the definition of restricted net position.

***Fund Financial Statements:***

Governmental fund equity is classified as fund balance, and may distinguish between Non Spendable, Restricted, Committed, Assigned, or Unassigned components. Proprietary fund equity is classified the same as in the government wide financial statements.

***Application of Net Position:***

It is the City's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

***Fund Balance Classification Policies and Procedures:***

The City classifies governmental fund balances as follows:

1. *Non Spendable* - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
2. *Restricted* - includes fund balance amounts that are constrained for: specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
3. *Committed* - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority and does not lapse at year-end.
4. *Assigned* - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the City Council, Mayor, or Finance Officer.
5. *Unassigned* - includes positive fund balance within the General Fund, which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The City uses restricted/committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned, and lastly

unassigned amounts of unrestricted fund balance when expenditures are made.

The City does not have a formal minimum fund balance policy.

**NOTE 2 - Deposits and Investments**

The City follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

**Deposits** -The City's cash deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 9-22-6, 9-22-6.1, and 9-22-6.2, and may be in the form of demand or time deposits. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating, which may not be less than "AA," or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

**Investments** - In general, SDCL 4-5-6 permits City funds to be invested in (a) securities of the United States and securities guaranteed by the United States government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

**Custodial Credit Risk:**

The risk that, in the event of a depository failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of December 31, 2022 and 2023, none of the City's deposits were exposed to custodial credit risk.

**Concentration of Credit Risk:**

The City places no limit on the amount that may be invested in any one issue.

**Interest Rate Risk:**

The City does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**CITY OF EAGLE BUTTE**  
**NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 2 - Deposits and Investments (continued)**

**Credit Risk:**

State law limits eligible investments for the City, as discussed above. The City has no investment policy that would further limit its investment choices.

**Assignment of Investment Income:**

State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The City's policy is to credit all income from investments to the fund making the investment.

**Restricted Cash:**

Assets restricted to use for a specific purpose through segregation of balance include:

Water Fund - Savings Certificates totaling \$14,030 and \$0 for debt service by debt covenants for years 2022 and 2023 respectively.

Sewer Fund - Savings Certificates totaling \$44,148 and \$44,290 for debt service by debt covenants for years 2022 and 2023 respectively.

**NOTE 3 – Property Taxes**

Property taxes are levied on or before October 1, of the year preceding the start of the fiscal year. They attach as an enforceable lien on property, and become due and payable as of January 1, the first day of the fiscal year. Taxes are payable in two installments on or before April 30 and October 31 of the fiscal year. The City is permitted by several state statutes to levy varying amounts of taxes per \$1,000 of taxable valuation on taxable real property in the City.

**NOTE 5 – Retirement Plan**

All employees, except for part-time employees, participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer public employee retirement system established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivor benefits. The right to receive retirement benefits vests after three years of credited service.

**NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2023**

**NOTE 5 – Retirement Plan (continued)**

Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the SDRS, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731.

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0 percent of salary; Class B Judicial Members, 9.0 percent of salary; and Class B Public Safety Members, 8.0 percent of salary. State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2 percent for any compensation exceeding the maximum taxable amount for social security for general employees only. The City's share of contributions to the SDRS for the fiscal years ended December 31, 2023, 2022 and 2021, were Unknown, Unknown, and \$20,627, respectively.

**NOTE 6 – Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended December 31, 2023 and 2022, the City managed its risks as follows:

**Unemployment Benefits:**

The City has elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits. During the year ended December 31, 2023 and 2022, the City paid unemployment benefits totaling \$0 and \$0 respectively. At December 31, 2023 and 2022, no claims had been filed for unemployment benefits.

**Health Insurance:**

The City purchases health insurance for its employees from a commercial insurance carrier. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

**Liability Insurance:**

The City joined the South Dakota Public Assurance Alliance (SDPAA), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the SDPAA is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The City's responsibility is to promptly report to and cooperate with the SDPAA to resolve any incident which could result in a claim being made by or against the City. The City pays a Members' Annual Operating Contribution, to provide liability coverage detailed below, under an occurrence-made policy and the premiums are accrued based on the ultimate cost of the experience to date of the SDPAA member, based on their exposure or type of coverage. The City pays an annual premium

General Liability	Unknown	Unknown
Officials Liability	Unknown	Unknown
Law Enforcement Liability	Unknown	Unknown
Automobile Liability	Unknown	Unknown

Effective October 5, 2021, the SDPAA adopted a new policy on member departures. Departing members will no longer be eligible for any partial refund of the calculated portion of their contributions which was previously allowed. The prior policy provided the departing member with such a partial refund because the departing member took sole responsibility for all claims and claims expenses whether reported or unreported at the time of their departure from the SDPAA. With such partial refund being no longer available, the SDPAA will now assume responsibility for all reported claims of a departing member pursuant to the revised IGC.

The City does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

**Worker's Compensation:**

The City participates in the South Dakota Municipal League Worker's Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the fund is to formulate, develop, and administer, on behalf of the member Cities, a program of worker's compensation coverage, to obtain lower costs for that coverage, and to develop a comprehensive loss control program. The City's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The City pays an annual premium, to provide worker's compensation coverage for its employees, under a self-funded program and the premiums are accrued based on the ultimate cost of the experience to date of the Fund members. Coverage limits are set by state statute. The pool pays the first \$650,000 of any claim per individual. The pool has reinsurance which covers up to statutory limit in addition to a separate combined employee employer liability limit of \$2,000,000 per incident. The City does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

**NOTE 7 – Commitments**

The City is a member of the Cheyenne Eagle Butte Airport Association, a not-for-profit entity that is responsible for upgrades to the airport. The Association entered into a contract with Sharpe Enterprises, Inc. in the amount of \$4,521,598 for construction costs at the Airport. The City acts as a fiscal agent for the Association by collecting contributions from funding agencies and using those funds to pay the construction costs on behalf of the Association. The City is obligated to contribute \$94,411 in matching funds to the project.

In October of 2023, the previous finance officer for the City left the position with little to no notice. Prior to leaving, the officer emptied file cabinets and destroyed documents including meeting minutes, reports, and associated documents as well as documentation of the software program that was in use at that time. Therefore, insufficient adequate documentation exists to facilitate an audit of the years covered in these financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS***

**INDEPENDENT AUDITORS REPORT**

To the Mayor and City Council  
City of Eagle Butte  
Eagle Butte, South Dakota

We were engaged to audit, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the modified cash basis of accounting financial statements of the governmental activities, the business-type activities, and each major fund of the City of Eagle Butte, South Dakota (City), as of and for the two years ended December 31, 2023, and December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated August 28, 2025. which was a disclaimer of opinion because we were not able to obtain sufficient appropriate audit evidence to conclude that the financial statements as a whole are free from material misstatements, as discussed in Note 8 to the financial statements.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The notes are an integral part of the financial statements.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Current Audit Findings, as items 2022-1 and 2023-1 to be material weaknesses.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Current Audit Findings as items 2022-2 and 2023-2.

### **City's Response to Findings**

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit. The City's response to the findings identified in our audit are described in the accompanying Schedule of Current Audit Findings

The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

## **CITY OF EAGLE BUTTE SCHEDULE OF PRIOR AND CURRENT AUDIT FINDINGS**

### **SCHEDULE OF PRIOR AUDIT FINDINGS**

#### **Prior Audit Findings**

Finding No. 2020-1, 2020-2, 2021-1 and 2021-2 were not addressed by City staff due to the timing of the reports being issued after the financial statement dates and are included as current audit findings.

### **SCHEDULE CURRENT AUDIT FINDINGS**

#### **Section II – Financial Statement Findings**

##### **Internal Control-Related Findings – Material Weakness:**

Financial Records

##### **Finding No. 2022-1 and 2023-1**

###### **Criteria:**

The City's internal control structure should be designed to ensure that financial records are maintained and protected from potential loss or destruction.

###### **Condition:**

The City does not have an internal control system designed to protect financial records including but not limited to digitization and backups of important financial information.

###### **Context:**

We noted that the previous finance officer for the City left the position with little to no notice. Prior to leaving, the officer emptied file cabinets and destroyed documents including meeting minutes, reports, and associated documents as well as documentation of the software program that was in use at that time.

The notes are an integral part of the financial statements.

Effect:

Supporting documentation for financial transactions could not be located.

Recommendation:

We recommend that the City strengthen internal controls over the protection of financial records and supporting documentation.

Views of responsible officials:

Subsequent to the years covered by these financial statements, the previous finance officer for the City left the position with little to no notice. Prior to leaving, the officer emptied file cabinets and destroyed documents including meeting minutes, reports, and associated documents as well as documentation of the software program that was in use at that time.

The notes are an integral part of the financial statements.

**Compliance and Other Matters:**

**Finding No. 2022-2**

**Criteria:**

The City is required to follow State regulations.

**Condition:**

We were unable to verify the City's compliance with numerous State regulations due to missing supporting documentation.

**Context:**

For the years ended December 31, 2022, we noted the following compliance deficiencies:

- State regulations require the governing board to advertise for competitive sealed bid, or competitive sealed proposals when permitted for contracts (advertisement shall appear as a legal notice in the appointed legal newspaper) in accordance with the amounts specified in SDCL 5-18A-14 (contract for any public improvement that involves the expenditure of \$100,000 or more, or a contract for the purchase of supplies or services, other than professional services, that involves the expenditure of \$50,000 or more. SDCL 5-18A-22 lists procurements exempt from chapters 5-18A through 5-18D. Compliance with this requirement could not be verified.
- State regulations require the governing board to establish a bond for the finance officer equal to an amount estimated to be the maximum monetary total on hand at any one time but may not exceed \$250,000 for first class and \$150,000 for second and third class municipalities or purchase a blanket bond, blanket crime coverage, an insurance policy, or an individual bond, issued to the political subdivision as the insured, covering the faithful performance of each officer, member, and employee (9-14-6.1 and 3-5-14). Compliance with this requirement could not be verified.
- State regulations require the finance officer draw and sign all warrants along with the mayor or president of the board of trustees. If a signature stamp (or stamps) were used, proper control must be maintained over these stamp(s) (9-14-17, 9-14-18, 9-23-3, 9-23-7). Compliance with this requirement could not be verified.
- State regulations require the governing body publish, within twelve business days, the Minutes for each meeting of the governing body including a detailed statement of all expenditures of money and the name of each person paid and the service provided? (9-18-1). Compliance with this requirement could not be verified.
- State regulations require the governing body to fix and determine by ordinance or resolution, the amount of salaries and compensation of all municipal officers and the times at which the same shall be paid (9-14-28). Compliance with this requirement could not be verified.
- State regulations require the annual appropriations ordinance appropriate the sums of money necessary to meet all lawful expenses and liabilities of the municipality and the ordinance specify the function and subfunction and the amounts appropriated for each function and subfunction, by fund (9-21-2). Compliance with this requirement could not be verified.

The notes are an integral part of the financial statements.

- State regulations require the governing body to fix and determine by ordinance or resolution, the amount of salaries and compensation of all municipal officers and the times at which the same shall be paid (9-14-28). Compliance with this requirement could not be verified.
- State regulations require the finance officer keep a register of all warrants paid during the year, describing the warrants, their date, amount, number, the fund from which paid, the person paid and specifying the time of payment (9-22-18, 9-23-8). Compliance with this requirement could not be verified.
- State regulations require the special assessment roll to include the details stipulated by (9-43-87, 9-43-89 and 9-43-97). Compliance with this requirement could not be verified.
- State regulations require the City to make a proper report (and transmittal of the corresponding monetary amounts) before November first of all of its outstanding checks as of the preceding June 30<sup>th</sup> that were not cashed within one year of their issuance date (43-41B-14, 43-41B-18). Compliance with this requirement could not be verified.

Effect:

If State Regulations are not followed, the State may impose financial or other penalties against the City.

Recommendation:

We recommend that the City ensure compliance with all State Regulations and maintain sufficient supporting documentation to demonstrate compliance.

Views of responsible officials:

Subsequent to the years covered by these financial statements, the previous finance officer for the City left the position with little to no notice. Prior to leaving, the officer emptied file cabinets and destroyed documents including meeting minutes, reports, and associated documents as well as documentation of the software program that was in use at that time.
