INDEPENDENT AUDITOR'S REPORT

School Board
Spearfish School District No. 40-2
Lawrence County, South Dakota

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **SPEARFISH SCHOOL DISTRICT NO. 40-2** (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and there is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as a fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison information, and pension schedules on pages 7 through 15 and 50 through 59 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Spearfish School District No. 40-2

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

SPEARFISH SCHOOL DISTRICT NO. 40-2

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED JUNE 30, 2022

This section of the District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended on June 30, 2022. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position from governmental and business-type activities increased \$4,111,259.
- The total cost of the District's programs decreased by approximately 6 percent, primarily due to COVID-19, salary and corresponding benefits increases.
- The general fund reported a \$6,090,453 current year fund balance.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District government, reporting the District's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services were financed in the short-term, as well as what remains for future spending.
 - Proprietary fund statements offer short and long-term financial information about the activities that the school operates like businesses. The proprietary funds operated by the District are Food Service and Driver's Education.
 - Fiduciary fund statements provide information about the financial relationships - like scholarship plans for graduating students - in which the District acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

SPEARFISH SCHOOL DISTRICT NO. 40-2

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2022

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and liabilities – is one way to measure the District's financial health or position.

- Increases or decreases in the District's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional non-financial factors such as changes in the District's property tax base and changes in the state school aid funding formula from the State of South Dakota.

The government-wide financial statements of the District are reported in two categories:

- **Governmental Activities** - This category includes the District's basic instructional services (elementary, high school educational programs, etc.), support services (guidance counselor, executive administration, board of education, fiscal services, etc.), debt service payments, extracurricular activities (sports, debate, music, etc.) and capital equipment purchases. Property taxes, state grants, federal grants and interest earnings finance most of these activities.
- **Business-Type Activities** - The District charges a fee to students to help cover the costs of providing lunch services to all students. The District also charges for services provided to teach Driver's Education for the community. The Food Service and Driver's Education Funds are the business-type activities of the District.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- State law requires some of the funds.
- The School Board establishes other funds to control and manage money for particular purposes.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements (Continued)

The District has three kinds of funds:

- Governmental Funds – Most of the District's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can be readily converted to cash flow in and out and (2) the balances remaining at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are greater or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements, or on the subsequent page, that explains the relationship (or differences) between them.
- Proprietary Funds – Services for which the District charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short- and long-term financial information. The Food Service and Driver's Education Funds are the proprietary funds maintained by the District.
- Fiduciary Funds – The District is the trustee, or fiduciary, for various external and internal parties. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONCLUDED)

Figure A-1 summarizes the major features of the District’s financial statements, including the portion of the District government they cover and the types of information they contain. The remainder of the overview section of the management’s discussion and analysis explains the structure and contents of each of the statements.

Figure A-1				
	Government-wide Statements	Fund Statements		
Scope	Entire District government (except fiduciary funds)	Governmental Funds	Proprietary Funds	Fiduciary Funds
		The activities of the District that are not proprietary or fiduciary, such as elementary and high school education programs	Activities the District operates similar to private business- food service and driver's education	Instances in which the District is the trustee or agent for someone else's resources

Unrestricted	6,055,519	6,001,660	305,513	633,851	6,361,032	6,635,511
Total Net Position	\$ 41,662,624	\$ 45,435,785	\$ 324,242	\$ 662,340	\$ 41,986,866	\$ 46,098,125
Beginning Net Position	\$ 40,161,202	\$ 41,662,624	\$ 259,307	\$ 324,242	\$ 40,420,509	\$ 41,986,866
Change in Net Position	1,501,422	3,773,161	64,935	338,098	1,566,357	4,111,259
Percentage of Change in Net Position	3.74%	9.06%	25.04%	104.27%	3.88%	9.79%

This section explains the differences between the current and prior year’s assets, liabilities, and changes in net position.

The Statement of Net Position reports all financial and capital resources. The statement presents the assets and liabilities in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the District, consisting of compensated absences, plus general obligation certificates, payable and early retirement benefits payable, have been reported in this manner on the Statement of Net Position. The difference between the District’s assets and liabilities is its net position.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

Changes in Net Position

This section illustrates condensed financial comparison of revenues and expenses and provides explanations for significant differences. The District's revenues totaled \$28,332,263 for the year ended June 30, 2022. (See Table A-2). Approximately 52 percent of the District's revenue comes from property and other taxes, with another 29 percent coming from state aid (See Figure A-2). The total cost of all programs and services was \$24,221,004 for the year ended June 30, 2022 (See Table A-2). The District's expenses cover a range of services, encompassing instruction, support services, and food services. (See Figure A-3)

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONCLUDED)

Governmental Activities

While the District experienced normal individual revenue fluctuations during the 2022 year compared to 2021, the total revenues of the District’s governmental activities increased approximately 2.58 percent across all funding sources but predominately in the federal funding area. The decrease in expenditures of approximately 6.45 percent was due to utilizing Coronavirus Relief Fund revenue in the prior year.

Business-Type Activities

Revenues of the District’s business-type activities increased approximately 32.82 percent, and expenses increased approximately 7.61 percent. The increase in revenues and expenses were due to increased participation primarily related to the District offering all students free meals.

FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS

The General Fund decreased mainly due to salary and benefit increases. The Capital Outlay Fund increased due to receipting debt proceeds for the Career and Technical Education Building. The Special Education Fund increased due to the assessed value increases and state impairment level funding increases.

BUDGETARY HIGHLIGHTS

The General Fund revenue budget increased mainly due to an unrestricted grant revenue, Coronavirus Relief Fund. The Special Education revenue budget increased due to state funding changes. The corresponding expenditure budgets increased due to staffing increases and increases in compensation. The Capital Outlay Fund revenue budget increased due to an increase in assessed valuation due to new construction. The Capital Outlay expenditure budget increased due to the increase in the cost of summer projects.

CAPITAL ASSET ADMINISTRATION

By the end of 2022, the District had invested \$35,688,929 (net of accumulated depreciation) in a broad range of capital assets, including land, buildings, and various machinery and equipment. (See Table A-3.) This represents an increase of approximately \$2,727,000 from last year.

Table A-3 Capital Assets (Net of Depreciation)				
	Governmental Activities		Business-type Activities	
	2021	2022	2021	2022
Land	\$ 1,645,272	\$ 1,645,272	\$ -	\$ -
Buildings	29,834,809	29,348,358	-	-
Construction in Process	97,383	1,795,971	-	-
Machinery and Equipment	1,367,019	2,873,946	17,370	25,382
Total Capital Assets (Net)	\$ 32,944,483	\$ 35,663,547	\$ 17,370	\$ 25,382

SPEARFISH SCHOOL DISTRICT NO. 40-2

**MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) (CONCLUDED)
FOR THE YEAR ENDED JUNE 30, 2022**

LONG-TERM DEBT

Table A-4 Outstanding Debt and Obligations				
	2021	2022	Total Dollar Change	Total Percentage Change
General Obligation Bonds (QSCB) - 2010	\$ 1,500,000	\$ 1,500,000	\$ -	0%
General Obligation Refunding Certificates - 2017	4,270,000	3,660,000	(610,000)	-14%
General Obligation Refunding Certificates - 2022	-	11,685,000	11,685,000	100%
Premium on Refunding Certificates	39,772	481,760	441,988	1111%
Compensated Absences	136,533	89,634	(46,899)	-34%
Total Outstanding Debt and Obligations	\$ 5,946,305	\$ 17,416,394	\$ 11,470,089	193%

At year end, the District had \$17,416,394 in General Obligation Bonds and other long-term debt. This is an increase of \$11,470,089 as shown on Table A-4 above. The increase is due primarily to new debt borrowings on the general obligation certificate for the Career and Technical Education Building project.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES

Total property valuation increased \$67,298,902 or 2.7 percent from the prior year. The growth factor, which in part determines Capital Outlay revenue availability increased by \$43,436,052. Due to the state funding formula, the Capital Outlay Fund can not increase annually more than 3 percent, plus the growth factor.

The state aid formula ensures property taxes, plus state aid will equal \$6,210.94 per pupil. State aid increased \$500,329 due to student enrollment increase of 25 students and the per student allocation increase from the state.

CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. If you have questions about this report or need additional information, contact the Spearfish School District’s Business Office, 525 East Illinois, Spearfish, SD 57783.

**RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET TO GOVERNMENT-WIDE
STATEMENT OF NET POSITION
JUNE 30, 2022**

Total Fund Balances - Governmental Funds \$ 25,328,499

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 35,663,547

Long-term liabilities, including general obligation bonds, unamortized premium on bond, compensated absences, and early retirement payable, are not due in the current period and, therefore, are not reported in the funds. (17,416,394)

Assets such as delinquent taxes receivable are not available to pay for current period expenditures and therefore are deferred in the funds. 1,468

Net pension asset reported in governmental activities is not an available financial resource and therefore is not reported in the funds. 4,096,699

Pension related deferred inflows are components of pension asset and therefore are not reported in the funds. (2,238,034)

Net Position - Governmental Funds \$ 45,435,785

SPEARFISH SCHOOL DISTRICT NO. 40-2

**RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES TO GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022**

Net Change in Fund Balances - Total Governmental Funds \$ 11,384,726

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. 2,719,064

In both the government-wide and fund financial statements, revenues from property tax levies are applied to finance the budget of a particular period. Accounting for revenues from property tax accruals in the funds' statements differs from the accounting in the government-wide statements in that the fund financial statements require the amounts to be available. This amount reflects the application of both the application period and availability criteria. (331)

Governmental funds recognize expenditures for amounts of compensated absences actually paid to employees with current financial resources during the fiscal year. Amounts of compensated absences earned by employees are not recognized in the funds. In the Statement of Activities, expenses for these benefits are recognized when the employees earn leave credits. 46,899

Repayment of debt principal and payment made to escrow agent, is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. 610,000

The issuance of long-term debt, including premiums, is an other financing source in the fund statements but an increase in long-term liabilities on the Government-wide Statements. (12,142,979)

Premium on bond issue is a revenue in the fund statements but is capitalized and recognized as interest expense in the Statement of Activities. 15,991

Changes in the pension related deferred outflows/inflows, pension asset and related pension expenses are not reported in the governmental fund statements. 1,139,791

Change in Net Position of Governmental Activities \$ **3,773,161**

The accompanying notes are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022

(1) Summary of Significant Accounting Policies

Reporting Entity

The reporting entity of Spearfish School District No. 40-2 (the District) consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity), those organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

The funds included in this report are controlled by or dependent upon the District's Board of Education. The District participates in a cooperative service unit with 11 other school districts. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit, but are disclosed in these notes because of the nature of their relationship with the District. See Note 7 entitled "Joint Venture" for specific disclosures. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments.

Basis of Presentation

Government-wide Statements:

The Statement of Net Position and the Statement of Activities display information about the primary government of the District. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Position reports all financial and capital resources, in a balance sheet form (assets equal liabilities plus net position). Net position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, propriety, and fiduciary. An emphasis is placed on major funds within the governmental and propriety categories.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Fund Financial Statements (Continued):

A fund is considered major if it is the primary operating fund of the District or if it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures of the individual governmental or enterprise fund are at least 5 percent of the corresponding total of all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the financial reporting entity are described below:

Governmental Funds:

General Fund - The General Fund is established by South Dakota Codified Laws (SDCL) 13-16-3 to meet all the general operational costs of the school district, excluding capital outlay fund and special education fund expenditures. The General Fund is always a major fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes. The Capital Outlay and Special Education Funds are the special revenue funds maintained by the District.

Capital Outlay Fund - A fund established by SDCL 13-16-6 to meet expenditures which result in the acquisition of or additions to real property, plant or equipment, textbooks, and instructional software. This fund is financed by property taxes and long-term debt. This is a major fund.

Special Education Fund - A fund established by SDCL 13-37-16 to account for the costs associated with the special education of children in need of special and prolonged assistance who reside within the District. This fund is financed by grants and property taxes. This is a major fund.

Debt Service Funds - Debt Service Funds are used to account for resources for, and the payment of, general long-term debt principal, interest, and related costs. There is one debt service fund.

Qualified School Construction Bond (QSCB) Redemption Fund – A fund established to account for the payment of interest on qualified school construction bonded debt, as well as the establishment and maintenance of a bond sinking fund. This is a major fund.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Concluded)

Fund Financial Statements (Concluded):

Proprietary Funds:

Enterprise Funds - Enterprise Funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Food Service Fund - A fund established to record the financial transactions related to the K-12 food services operation. This fund is financed by user charges and grants. This is a major fund.

Driver's Education Fund - A fund established to record the financial transactions related to the driver's education operation. This fund is financed by user charges. This is a major fund.

Fiduciary Funds:

Fiduciary Funds are never considered to be major funds.

Private-Purpose Trust Funds - Private-Purpose Trust Funds are used to account for trust arrangements under which principal and income benefit individuals, private organizations, or other governments. The District maintains one private-purpose trust fund, which is a scholarship fund established by a donation made to the District for payment of scholarships to District students.

Custodial Funds - Custodial Funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. The District maintains custodial funds to hold assets as an agent in a trustee capacity for various classes and clubs. Another custodial fund accounts for the monies contributed by employees for health and dependent care expenses.

Measurement Focus and Basis of Accounting

Measurement focus is a term to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the "current financial resources" measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the "economic resources" measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary funds.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Measurement Focus and Basis of Accounting (Continued)

Basis of Accounting:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned, and expenses and related liabilities are recorded when an obligation is incurred.

Fund Financial Statements:

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. "Available" means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the District, the length of that cycle is 60 days.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported deferred inflows are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt, which are recognized when due.

All propriety funds and fiduciary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

Interfund Eliminations and Reclassifications

Government-wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified, as follows:

1. In order to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government, amounts reported as interfund receivables and payables have been eliminated in the governmental and business-type activities columns, except for the net, residual amounts due between governmental and business-type activities, which are presented as Internal Balances.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Financial Statements:

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the government-wide Statement of Activities, with net capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) for land, buildings, improvements, and equipment are all set at \$5,000. The depreciation method used for buildings and machinery and equipment is straight-line. Land and construction in process are not depreciated.

The estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

Buildings	50-100 years
Machinery and Equipment	7-30 years

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the governmental fund upon acquisition. Capital assets used in the proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

Long-Term Liabilities

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities consist of compensated absences, general obligation bonds, and related premium (see Note 6).

Funding for compensated absences are expended in the general fund and special education fund.

Long-term liabilities for governmental funds are not reported as liabilities in the fund financial statements. In the fund financial statements, debt proceeds are reported as revenues (other financing sources), while payments of principal and interest are reported as expenditures when they become due. The accounting for the proprietary fund long-term debt is on the accrual basis, the same in the fund statement as it is in the government-wide statements.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Deferred Inflows and Outflows of Resources

In addition to assets, the Statement of Net Position may report a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to a future period or periods. These items will not be recognized as an outflow of resources until the applicable future period. There are no deferred outflows reported.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period. Deferred inflows of resources consist of property taxes and pension activity.

Pension

For purposes of measuring the net pension asset, deferred outflows (inflows) of resources related to pensions, and pension revenue, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. District contributions and net pension asset are recognized on an accrual basis of accounting.

Program Revenues

In the government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services – These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets used in a particular program.

Proprietary Funds Revenue and Expense Classifications

In the Proprietary Funds Statement of Revenues, Expenses, and Changes in Fund Net Position, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, non-capital financing activities, or investing activities are not reported as components of operating revenues or expenses.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Deposits and Investments

The District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes.

Deposits – The District’s deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1, and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts that exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank’s public debt rating, which may not be less than “AA” or better, or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits school district funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly including, without limitation, United States treasury bills, notes, bonds, and other obligations issued or directly or indirectly guaranteed by the United States government, or otherwise directly or indirectly backed by the full faith and credit of the United States government; provided that, for other than permanent, trust, retirement, building, and depreciation reserve funds, such securities shall either mature within eighteen months from the date of purchase or be redeemable at the option of the holder within eighteen months from the date of purchase; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent. State law limits eligible investments for the District. The District has no investment policy that would further limit its investment choices or limit maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2022, the District’s cash and investments consisted only of checking, savings and SDFIT money market. The bank balances at June 30, 2022 are as follows, excluding SDFIT, described below:

	<u>Bank Balance</u>
Insured - FDIC	\$ 1,000,000
Uninsured, collateralized in accordance with SDCL 4-6A-3	26,307,639
Total Deposits	\$ 27,307,639

The South Dakota Public Fund Investment Trust (SDFIT) is an external investment pool created for South Dakota local government investing purposes. It is regulated by a nine member board with representation from municipalities, school districts and counties. The net asset value of the SDFIT money market account (GCR) is kept at one dollar per share by adjusting the rate of return on a daily basis. Earnings are credited to each account on a monthly basis. The balance of SDFIT at June 30, 2022 was **\$1,122,579**. SDFIT is measured as a Level 2 recurring fair value measurement according to the fair value hierarchy.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Continued)

Deposits and Investments (Continued)

Assignment of Investment Income:

State law allows income from deposits to be credited to either the General Fund or the fund making the investment. The District's policy is to credit all income from deposits to the fund making the investment.

Interest Rate Risk:

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk:

State law limits eligible investments for the District as discussed above. The District has no investment policy that would further limit its investment choices.

Custodial Credit Risk:

The risk that, in the event of a depository failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of June 30, 2022, none of the District's deposits were exposed to custodial credit risk.

Concentration Risk:

The District places no limit on the amount that may be invested in any one issuer.

Cash and Cash Equivalents

The District pools its cash resources for depositing and investing purposes. The District has access to its cash resources on demand. Accordingly, all reported enterprise fund deposit and investment balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

Equity Classifications

Government-wide Statements:

Equity is classified as net position and is displayed in three components:

1. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

It is the District's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Financial Statements:

Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity is reported as net position held in trust for other purposes, and restricted for individuals, organizations, and other governments.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(1) Summary of Significant Accounting Policies (Concluded)

Equity Classifications (Continued)

Governmental fund equity is classified as follows:

Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. There were no commitments at June 30, 2022.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the School Board, Superintendent, or Business Manager.

Unassigned – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar-for-dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy.

Emerging Accounting Standard

In June 2022, the Governmental Accounting Standards Board (GASB) issued Statement No. 101, *Compensated Absences*, which updates the recognition and measurement guidance for compensated absences. Leave that has not been used, is attributable to services already rendered, accumulates, and is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means should generally be recognized at the employee's pay rate as of the financial statement date. The standard also includes guidance for types of leave other than vacation, requires accrual of salary related payments, and changes the disclosure requirements. The statement is effective for the District's year ending June 30, 2025. The District is currently evaluating the impact this statement will have on the financial statements.

Subsequent Events

Subsequent events were evaluated through January 9, 2023, which is the date which the financial statements were available to be issued.

(2) Property Taxes

Property taxes are levied on or before each October 1, attached as an enforceable lien on property, become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the District's taxes and remits them to the District.

District property tax revenues are recognized to the extent that they are used to finance each year's appropriations. Current year property taxes receivable, which are not available as a resource that can be used to finance the current year's appropriations and therefore are not susceptible to accrual, have been deferred and are not reported as revenue in the fund or government-wide financial statements.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(3) Due from Other Governments

Amounts due from other governments include grant reimbursements and gross receipts due from the State of South Dakota in the amount of **\$442,697** and gross receipts due from Lawrence County totaling **\$83,366**.

(4) Pension Plan

All employees working more than 20 hours per week during the school year participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer, defined benefit pension plan administered by SDRS, established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability and survivors' benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in South Dakota Codified Law 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SDRS, P.O. Box 1098, Pierre, South Dakota 57501-1098 or by calling (605) 773-3731.

Benefits Provided

SDRS has three different classes of employees, Class A general members, Class B public safety and judicial members, and Class C Cement Plant Retirement Fund members.

Members that were hired before July 1, 2017, are Foundation members. Class A Foundation members and Class B Foundation members who retire after age 65 with three years of contributory service are entitled to an unreduced annual retirement benefit. An unreduced annual retirement benefit is also available after age 55 for Class A Foundation members where the sum of age and credited service is equal to or greater than 85 or after age 55 for Class B Foundation judicial members where the sum of age and credited service is equal to or greater than 80. Class B Foundation public safety members can retire with an unreduced annual retirement benefit after age 55 with three years of contributory service. An unreduced annual retirement benefit is also available after age 45 for Class B Foundation public safety members where the sum of age and credited service is equal to or greater than 75. All Foundation retirements that do not meet the above criteria may be payable at a reduced level.

Members that were hired on/after July 1, 2017, are Generational members. Class A Generational members and Class B Generational judicial members who retire after age 67 with three years of contributory service are entitled to an unreduced annual retirement benefit. Class B Generational public safety members can retire with an unreduced annual retirement benefit after age 57 with three years of contributory service. At retirement, married Generational members may elect a single-life benefit, a 60 percent joint and survivor benefit, or a 100 percent joint and survivor benefit. All Generational retirement benefits that do not meet the above criteria may be payable at a reduced level. Generational members will also have a variable retirement account (VRA) established, in which they will receive up to 1.5 percent of compensation funded by part of the employer contribution. VRAs will receive investment earnings based on investment returns.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(4) Pension Plan (Continued)

Benefits Provided (Continued)

Legislation enacted in 2017 established the current Cost-of-Living Adjustment (COLA) process. At each valuation date:

- Baseline actuarial accrued liabilities will be calculated assuming the COLA is equal to long-term inflation assumption of 2.25 percent.
- If the fair value of assets is greater or equal to the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5 percent and no greater than 3.5 percent.
- If the fair value of assets is less than the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5 percent and no greater than a restricted maximum such that, if the restricted maximum is assumed for future COLAs, the fair value of assets will be greater or equal to the accrued liabilities.

All benefits except those depending on the Member’s Accumulated Contributions are annually increased by the COLA.

Contributions

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0 percent of salary; Class B Judicial Members, 9.0 percent of salary; and Class B Public Safety Members, 8.0 percent of salary. State statute also requires the employer to contribute an amount equal to the employee’s contribution. The District’s share of contributions to the System for the fiscal years ended June 30, 2022, 2021, and 2020 were **\$819,615**, \$736,664, and \$711,026, respectively, equal to the required contributions each year.

Pension Assets/(Liabilities), Pension Revenue, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2021, SDRS is 105.52 percent funded and accordingly has a net pension asset. The proportionate shares of the components of the net pension liability of South Dakota Retirement System, for the District as of June 30, 2022 are as follows:

	Governmental Activities	Business-Type Activities	Total
Proportionate Share of Net Position Restricted for Pension Benefits	\$ 78,272,999	\$ 130,859	\$ 78,403,858
Less: Proportionate Share of Total Pension Liability	(74,176,300)	(124,010)	(74,300,310)
Proportionate Share of Net Pension Asset	\$ 4,096,699	\$ 6,849	\$ 4,103,548

At June 30, 2022, the District reported an asset of **\$4,103,548** for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2021 and the total pension liability used to calculate the net pension asset was based on a projection of the District’s share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2021, the District’s proportion was approximately 0.535831 percent, which is an increase of 0.0028564 from its proportion measured at June 30, 2020.

SPEARFISH SCHOOL DISTRICT NO. 40-2

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022

(4) Pension Plan (Continued)

Pension Assets/(Liabilities), Pension Revenue, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions (Continued)

For the year ended June 30, 2022, the District recognized pension revenue of **\$329,005**. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 136,569	\$ -
Changes in Assumption	2,664,041	-
Net Difference between Projected and Actual Earnings on Pension Plan Investments	-	5,862,001
District Contributions Subsequent to the Measurement Date	819,615	-
Total	\$ 3,620,225	\$ 5,862,001

Deferred inflow of resources includes **\$819,615** resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue), as follows:

2023	\$ (754,157)
2024	(514,323)
2025	(143,809)
2026	(1,649,102)
	<u>\$ (3,061,391)</u>

Actuarial Assumptions

The total pension asset in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary Increases	Graded by years of service, from 6.50 percent at entry to 3.00 percent after 25 years of service
Discount Rate	6.50 percent, net of plan investment expense. This is composed of an average inflation rate of 2.25 percent and real returns of 4.25 percent
Future COLAs	2.25 percent

Mortality rates were based on 97 percent of the RP-2014 Mortality Table, adjusted to 2006 and projected generationally, with Scale MP-2016, white collar rates for females and total dataset rates for males.

Mortality rates for disabled members were based on the RP-2014 Disabled Retiree Mortality Table, adjusted to 2006 and projected generationally, with Scale MP-2016.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period of July 1, 2011 to June 30, 2016.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(4) Pension Plan (Concluded)

Actuarial Assumptions (Continued)

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan’s target asset allocation as of June 30, 2021 (see the discussion of the pension plan’s investment policy) are summarized in the following table using geometric means:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	58.0%	4.3%
Fixed Income	30.0%	1.6%
Real Estate	10.0%	4.6%
Cash	2.0%	0.9%
	100.0%	

Discount Rate

The discount rate used to measure the total pension asset was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that matching employer contributions will be made at rates equal to the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

Sensitivity of Asset to Changes in the Discount Rate

The following presents the District’s proportionate share of net pension (asset)/liability calculated using the discount rate of 6.50 percent, as well as what the District’s proportionate share of the net pension (asset)/liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.50 percent) or 1-percentage point higher (7.50 percent) than the current rate:

District’s Proportionate Share of the Net Pension (Asset)/Liability	Current Discount		
	1% Decrease	Rate	1% Increase
	\$ 6,644,666	\$ (4,103,548)	\$ (12,828,596)

Pension Plan Fiduciary Net Position

Detailed information about the plan’s fiduciary net position is available in the separately issued SDRS financial report.

Due Within One Year	\$ 1,200,000	\$ 29,348	\$ 89,000	\$ 1,318,348

Long-term liabilities, other than compensated absences, are comprised of the following:

2010 Limited Tax General Obligation Taxable Certificates (Qualified School Construction Bonds - Direct Pay); mature December 2026; semi-annual, interest-only payments with a balloon payment in December 2026; bearing interest at 5.50 percent; paid from the QSCB Redemption Fund. The certificates require sinking fund deposits to generate a total balance of the principal due on maturity (a). The District receives a credit from the Federal Government for 100 percent of the interest paid on the certificates. (b)	\$ 1,500,000
2017 Limited Tax General Obligation Refunding Certificates; mature December 2027; semi-annual payments; bearing interest at a fixed rate of 2.90 percent; paid from the Capital Outlay Fund.	3,660,000
Unamortized deferred premium on 2017 Limited Tax General Obligation Refunding Certificates	33,321
Total 2017 Limited Tax General Obligation Refunding Certificates	3,693,321
2022 Limited Tax General Obligation Certificates; matures August 2041; semi-annual payments; bearing interest rate at fixed rate of 2.00 to 4.00 percent; paid from the Capital Outlay Fund, and secured by State Aid revenue.	11,685,000
Unamortized deferred premium on 2022 Limited Tax General Obligation Refunding Certificates	448,439
Total 2022 Limited Tax General Obligation Certificates	12,133,439
	\$ 17,326,760

(a) The Qualified School Construction Bonds sinking fund balance required at June 30, 2022 was \$1,000,000. The sinking fund balance of **\$1,122,579** is included in restricted cash in the QSCB Redemption Fund.

(b) The credit received from the Federal Government can be reduced at certain times during sequestration.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(6) Long-Term Debt (Continued)

The annual requirements to amortize all debt outstanding as of June 30, 2022, excluding compensated absences, are as follows:

Year Ending June 30,	General Obligation		Totals
	Principal	Interest	
2023	\$ 1,200,000	\$ 543,125	\$ 1,743,125
2024	1,080,000	505,062	1,585,062

2027	2,685,000	351,607	3,036,607
2028-2032	3,090,000	1,059,560	4,149,560
2033-2037	3,065,000	646,514	3,711,514
2038-2042	3,450,000	361,264	3,811,264
	<u>\$ 16,845,000</u>	<u>\$ 4,367,611</u>	<u>\$ 21,212,611</u>

(7) Joint Venture

The District participates in the Black Hills Special Services Cooperative, a cooperative service unit (co-op) formed for the purpose of providing special educational services to the member school districts. During the year ended June 30, 2022, the District paid **\$1,445,324** for services provided by the co-op.

The members of the co-op and their relative percentage participation in the co-op are as follows:

Spearfish School District No. 40-2	8.33%
Lead-Deadwood School District No. 40-1	8.33%
Oelrichs School District No. 23-3	8.33%
Meade School District No. 46-1	8.33%
Rapid City Area School District No. 51-4	8.33%
Belle Fourche School District No. 9-1	8.33%
Custer School District No. 16-1	8.33%
Douglas School District No. 51-1	8.33%
Edgemont School District No. 23-1	8.33%
Haakon School District No. 27-1	8.33%
Hill City School District No. 51-2	8.33%
Hot Springs School District No. 23-2	8.33%

The co-op's governing board is composed of one representative from each member school district, who is a school board member. The board is responsible for adopting the co-op's budget and setting service fees at a level adequate to fund the adopted budget.

The District retains no equity in the net position of the co-op but does have a responsibility to fund deficits of the co-op in proportion to the relative participation described above.

Separate financial statements for this joint venture are available from Black Hills Special Services Cooperative. At June 30, 2022, this joint venture had total fund equity of \$7,219,644 (unaudited) and long-term debt of \$196,889 (unaudited).

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2022**

(8) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2022, the District managed its risks as follows:

Property/Liability Insurance:

The District purchased property/liability insurance through Employers Mutual Casualty Company (EMC) during the year ended June 30, 2021, for risks related to theft, litigation, damage to property, and errors and omissions of public officials. Settled claims for the year ended June 30, 2022 resulting from these risks did not exceed the coverage during the previous two fiscal years.

Workmen's Compensation:

The District participates, with several other educational units and related organizations in South Dakota, in the Associated School Boards of South Dakota (ASBSD) Worker's Compensation Fund Pool (the Fund), which provides workers' compensation insurance coverage for participating members of the pool. The objective of the Fund is to formulate, develop, and administer, on behalf of the member organizations, a program of worker's compensation coverage, to obtain lower costs for the coverage, and to develop a comprehensive loss control program. The District's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The District pays an annual premium, to provide worker's compensation coverage for its employees, under a retrospectively rated policy. The District's premiums are accrued based on the ultimate cost of the experience to date of the Fund members.

The District is responsible for payment of a premium to the insurance pool along with other pool participants. The District may also be responsible for additional assessments in the event the pool is determined by its board of trustees to have inadequate reserves to satisfy current obligations or judgments. Additional assessments, if any, are to be determined on a prorated basis based upon each participant's percentage of contribution in relation to the total contributions to the pool of all participants for the year in which the shortfall occurs. The pool provides loss coverage to all participants through pool retained risk retention and through insurance coverage purchased by the pool in excess of the retained risk. The pool pays the first \$500,000 of any claim per individual. The pool has reinsurance which covers up to \$1,000,000 per individual per incident. The District does not carry additional insurance to cover claims in excess of the upper limit.

Health Insurance:

The District joined the South Dakota School District Health Benefits Fund. This is a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The District pays a monthly premium to the pool to provide health insurance coverage for its employees. The pool purchases reinsurance coverage with the premiums it receives from the members. The coverage also includes a \$1,000,000 lifetime maximum payment per person.

The District does not carry additional health insurance coverage to pay claims in excess of this upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

Unemployment Benefits:

The District provides coverage for unemployment benefits by paying into the Unemployment Compensation Fund established by state law and managed by the State of South Dakota.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO FINANCIAL STATEMENTS (CONCLUDED)
JUNE 30, 2022**

(9) Individual Fund Interfund Transactions

During the fiscal year, the following amounts were transferred between funds:

<u>Fund</u>	<u>Transfer Out</u>	<u>Transfer In</u>
Capital Outlay Fund	\$ 175,029	\$ -
QSCB Redemption Fund	-	175,029
Total Transfers	\$ 175,029	\$ 175,029

Transfers during the current year pertained to a transfer of capital outlay funds to QSCB to make the QSCB debt payments.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2022**

(1) Basis of Presentation

The Budgetary Comparison Schedules have been prepared on the budgetary basis of accounting. They present expenditures for capital outlay purposes within each function while the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances presents capital outlay expenditures as a separate function.

(2) Budgetary Legal Requirements

South Dakota Codified Law prescribes the budgetary procedures followed by the District as follows:

1. Prior to the first regular board meeting in May of each year, the School Board prepares a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General.
2. The proposed budget is considered by the School Board at the first regular meeting held in the month of May of each year.
3. The proposed budget is published for public review no later than July 15 each year.
4. Public hearings are held to solicit taxpayer input prior to the approval of the budget.
5. Before October 1 of each year, the School Board must approve the budget for the ensuing fiscal year for each fund, except trust and custodial funds.
6. After adoption by the School Board, the operating budget is legally binding at the fund level and actual expenditures of each fund cannot exceed the amounts budgeted for that fund, except as indicated in number 8.
7. A line item for contingencies may be included in the annual budget. Such a line item may not exceed five percent of the total District budget and may be transferred by resolution of the School Board to any other budget category, except for capital outlay, which is deemed insufficient during the year.
8. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows the adoption of supplemental budgets when monies are available to increase legal spending authority.
9. Unexpended appropriations lapse at year-end unless encumbered by resolution of the School Board. The District does not employ encumbrance accounting as an extension of formal budgetary integration.
10. Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, debt service funds, capital projects funds, food service fund, and driver's education fund. Generally accepted accounting principles prescribe that budgetary information be presented for the general fund and major special revenue funds of the District only.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED)
JUNE 30, 2022**

(3) Schedule of the Proportionate Share of the Net Pension Liability (Asset) and Schedule of Pension Contributions

Changes from Prior Valuation

The June 30, 2021 Actuarial Valuation reflects no changes in actuarial methods from the June 30, 2020 Actuarial Valuation. One change in actuarial assumptions and one benefit provision change are reflected and described below.

The details of the changes since the last valuation are as follows:

Benefit Provision Change

Legislation enacted in 2021 reduced the minimum SDRS COLA from 0.5 percent to 0 percent. This change will impact the SDRS COLA only when inflation is very low or when a restricted maximum COLA of 0.5 percent is not affordable. The change had no impact on the current assets or liabilities of SDRS.

Actuarial Assumption Change

The SDRS COLA equals the percentage increase in the most recent third calendar quarter CPI-W over the prior year, no less than 0 percent (0.5 percent prior to 2021) and no greater than 3.5 percent. However, if the FVFR assuming the long-term COLA is equal to the baseline COLA assumption (currently 2.25 percent) is less than 100 percent, the maximum COLA payable will be limited to the increase that if assumed on a long-term basis, results in a FVFR equal to or exceeding 100 percent. That condition existed as of June 30, 2020 and the July 2021 SDRS COLA was limited to a restricted maximum of 1.41 percent. As of June 30, 2021, the FVFR assuming the COLA is equal to the baseline COLA assumption is greater than 100 percent. The July 2022 SDRS COLA will equal inflation, between 0 percent and 3.5 percent. For the June 30, 2020 Actuarial Valuation, future COLAs were assumed to equal the restricted maximum COLA of 1.41 percent. For this June 30, 2021 Actuarial Valuation, future COLAs are assumed to equal the baseline COLA assumption of 2.25 percent.

The change in the COLA assumption increased the Actuarial Accrued Liability by \$1.135 million, or 8.9 percent of the Actuarial Accrued Liability based on the 1.41 percent restricted maximum COLA.

Actuarial assumptions are reviewed in depth periodically, with the next experience analysis anticipated before the June 30, 2022 Actuarial Valuation and any recommended changes approved by the Board of Trustees are anticipated to be first implemented in the June 30, 2022 Actuarial Valuation.

Actuarial Method Changes

No changes in actuarial methods were made since the prior valuation.

**SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)
JUNE 30, 2022**

Note 1 – Basis of Presentation and Summary of Significant Accounting Policies

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 2 – Indirect Cost Rate

The District has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3 – Cash Reimbursement

These amounts reflect cash received. Federal reimbursements are based on approved rates for services provided rather than reimbursement for specific expenditures.

Note 4 – Non-Monetary Assistance

These amounts include non-monetary assistance which is reported at fair market value of the commodities received and disbursed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

School Board
Spearfish School District No. 40-2
Spearfish, South Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **SPEARFISH SCHOOL DISTRICT NO. 40-2** (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 9, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings as #2022-001 and #2022-002 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

School Board
Spearfish School District No. 40-2

District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying Schedule of Findings. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record, and its distribution is not limited.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

School Board
Spearfish School District No. 40-2
Spearfish, South Dakota

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited **SPEARFISH SCHOOL DISTRICT NO. 40-2's** (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually, or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

School Board
Spearfish School District No. 40-2

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record, and its distribution is not limited.

**SCHEDULE OF FINDINGS
JUNE 30, 2022**

A. Summary of Audit Results

1. The Independent Auditor’s Report expresses an unmodified opinion on the financial statements of Spearfish School District No. 40-2 (the District).
2. Material weaknesses were disclosed during the audit of the financial statements as reported in the Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*.
3. No instances of noncompliance material to the District’s financial statements were disclosed during the audit.
4. No material weaknesses were disclosed during the audit of the major federal award programs and none are reported in the Independent Auditor’s Report on Compliance for Each Major Federal Program and on Internal Control over Compliance as Required by the Uniform Guidance.
5. The auditor’s report on compliance for the major federal award programs for the District expresses unmodified opinions on all major programs, as listed in #7.
6. There are no audit findings relative to the major federal award programs for the District.
7. The programs tested as major programs include the following:

Major Programs	ALN’s
<i>U.S. Department of Agriculture:</i>	
<i>Child Nutrition Cluster:</i>	
National School Lunch Program	10.555
National School Breakfast Program	10.553
<i>U.S. Department of Education:</i>	
Elementary and Secondary School Emergency Relief Fund	84.425D/84.425U

8. The threshold for distinguishing type A and B programs was \$750,000.
9. The District was not determined to be a low-risk auditee.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

Material Weaknesses

#2022-001 FINDING: Financial Statement Preparation

Federal Program Affected: None

Compliance Requirement: Not Applicable

Questioned Costs: None

Condition and Cause: As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. Ultimately, it is management’s responsibility to provide for the preparation of the District’s statements and the footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. From a practical standpoint, we do both for the District at the same time in connection with our audit. This is not unusual for us to do with districts of your size.

Criteria and Effect: This deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by the District’s management.

Repeat Finding from Prior Year: Yes, prior year finding #2021-001.

SPEARFISH SCHOOL DISTRICT NO. 40-2

**SCHEDULE OF FINDINGS (CONTINUED)
JUNE 30, 2022**

B. FINDINGS – FINANCIAL STATEMENT AUDIT (CONTINUED)

Material Weaknesses (Continued)

#2022-001 FINDING: Financial Statement Preparation (Continued)

Recommendation: We have instructed management to review a draft of the auditor prepared financials in detail for their accuracy, we have answered any questions they might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification and disclosure in the District's statements. We are satisfied that the appropriate steps have been taken to provide the District with complete financial statements. It is the responsibility of management and those charged with governance to accept the degree of risk associated with this condition because of cost or other considerations.

Response/Corrective Action Plan: Management is in agreement with the finding. See Corrective Action Plan.

#2022-002 FINDING: Audit Adjustments

Federal Program Affected: None

Compliance Requirement: Not Applicable

Questioned Costs: None

Condition and Cause: As in prior years, during the course of our engagement we proposed material audit adjustments. We also assisted in recording the current year effects of GASB 68 *Accounting and Reporting for Pensions*. Furthermore, other entries were proposed as part of the audit, but were not recorded due to the overall insignificance on the financial statements.

Criteria and Effect: District management is responsible for year-end account balances. These adjustments were not identified as a result of the District's existing internal controls and could have resulted in a material misstatement of the District's financial statements.

Repeat Finding from Prior Year: Yes, prior year finding #2021-002.

Recommendation: We recommend the following:

- Driver's Education fund balance should be rolled forward from the prior year financial statements.
- Record capital assets according to District policy and depreciation activity should be adjusted to the general ledger.
- Management should continue to review and approve the pension entries.
- Record premium and amortization of premium on bond issue.
- Adjust grant revenue for proper cut off at year end based on timing of expenditures.
- Record accounts payable
- Record Construction in Progress
- Record retainage payable

Response/Corrective Action Plan: Management is in agreement with the finding. See Corrective Action Plan.

C. FINDINGS – COMPLIANCE AUDIT

No findings related to major programs.

MANAGEMENT RESPONSE

SPEARFISH SCHOOL DISTRICT 40-2

Office of the Business Manager
Phone: 605-717-1201 Fax: 605-717-1200

525 East Illinois
Spearfish, SD 57783-2521

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS JUNE 30, 2022

Spearfish School District No. 40-2 (the District) respectfully submits the following summary schedule of prior audit findings from the June 30, 2021 Schedule of Findings. The findings are numbered consistently with the numbers assigned in the 2021 Schedule of Findings.

#2021-001: Financial Statement Preparation

Status: It is more cost effective for the District to hire Ketel Thorstenson, LLP, a public accounting firm, to prepare the full disclosure financial statements as a part of the annual audit process. The District has designated a member of management to review the draft financial statements and accompanying notes to the financial statements.

Initial Year Report: Originally issued years ago.

Reasons for Recurrence and Corrective Action Plan: As the District has accepted, the risk associated with the auditor's preparing of the financial statements, it will be repeated in 2022. See Corrective Action Plan.

#2021-002: Audit Adjustments

Status: The District made efforts to record all year-end entries, but several audit adjustments were made.

Initial Year Report: Originally issued years ago.

Reasons for Recurrence and Corrective Action Plan: The finding is altered based on specific audit adjustments each year and is repeated in the Schedule of Findings. See Corrective Action Plan.

CORRECTIVE ACTION PLAN JUNE 30, 2022

Spearfish School District No. 40-2 (the District) respectfully submits the following corrective action plan from the June 30, 2022 Schedule of Findings. The findings are numbered consistently with the numbers assigned in the Schedule of Findings.

#2022-001: Financial Statement Preparation

Responsible Individuals: Craig Crosswait, Business Manager

Corrective Action Plan: The District has accepted the risk associated with requesting the auditors to prepare the financial statements and continues to plan for the auditors to prepare the reports.

Anticipated Completion Date: Ongoing

#2022-002: Audit Adjustments

Responsible Individuals: Craig Crosswait, Business Manager

Corrective Action Plan: The District has accepted the non-questioned cost risk of the auditors preparing a small number of adjusting entries. The District will continue the ongoing process of attempting to record all year end entries.

Anticipated Completion Date: Ongoing
