***INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS***

School Board
Wolsey-Wessington School District No. 2-6
Beadle County, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Wolsey-Wessington School District No. 2-6, Beadle County, South Dakota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon December 20, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wolsey-Wessington School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Current Audit Findings as findings 2019-01 and 2019-02 to be a *significant deficiencies*.

Sioux Falls ■ 605.271.1302
Chamberlain ■ 605.234.6055
Huron ■ 605.352.8573
Miller ■ 605.853.2130

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wolsey-Wessington School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

School District's Response to Findings

The School District's response to the finding identified in our audit is described in the accompanying Schedule of Current Audit Findings. The School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

Huron, South Dakota
December 20, 2019

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
SCHEDULE OF PRIOR AND CURRENT AUDIT FINDINGS
YEAR ENDED JUNE 30, 2019**

CURRENT AUDIT FINDING

Finding Number 2019-01:

A significant deficiency in internal controls was disclosed by our audit for a lack of proper segregation of duties for revenues, expenditures and payroll.

Internal Control – Related Finding – Significant Deficiency

Criteria: The internal control system of a School can help assist in increased reliability of reported financial data, compliance with laws and regulations, and decreased potential for the loss of public records.

Condition: The School District has a limited number of office personnel and, accordingly, does not have adequate accounting controls in the revenue and expenditure functions because of a lack of segregation of duties.

Effect: As a result, there is an increased likelihood that errors could occur and not be detected in a timely manner by employees in the ordinary course of performing their duties.

Recommendation: We recommend a high level of awareness be maintained by management to assist in preventing, detecting, or correcting matters that may arise due to this internal control weakness. We recommend that management attempt to provide compensating internal controls whenever, and wherever, possible and practical.

Management's Response: Due to staff size, it is not deemed feasible to adequately segregate duties. However, we are aware of this internal control weakness and intend to provide continuous monitoring in an effort to prevent, detect, or correct matters that may result.

Repeat Finding from Prior Years: Yes

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
SCHEDULE OF PRIOR AND CURRENT AUDIT FINDINGS
YEAR ENDED JUNE 30, 2019**

Current Audit Findings

Compliance and Other Matters Findings:

Finding Number 2019-02:

The District does not have an internal control system designed to provide for the preparation of the financial statements being audited, including required footnotes and disclosures in accordance with generally accepted accounting principles.

Internal Control – Related Finding – Significant Deficiency:

***Criteria:* The District’s internal control structure should provide for the preparation of financial statements and footnotes in accordance with generally accepted accounting principles.**

***Cause:* The District does not have adequate staff trained to prepare the financial statements and footnotes.**

***Effect:* This condition may affect the District’s ability to report financial data in accordance with generally accepted accounting principles.**

***Recommendation:* This circumstance is not unusual in an organization of this size. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.**

***Managements Response:* Management agrees with the finding.**

***Repeat Finding from Prior Years:* No**

INDEPENDENT AUDITOR'S REPORT

School Board
Wolsey-Wessington School District No. 2-6
Beadle County, South Dakota

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Wolsey-Wessington School District No. 2-6, Beadle County, South Dakota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Wolsey-Wessington School District's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The School District's Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Mitchell ■ 605.996.7717
Sioux Falls ■ 605.271.1302
Chamberlain ■ 605.234.6055
Huron ■ 605.352.8573
Miller ■ 605.853.2130

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of Wolsey-Wessington School District No. 2-6 as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A), the Budgetary Comparison Schedules, the Schedule of Proportionate Share of the Net Pension Liability (Asset), and the Schedule of the School District Contributions listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2019 on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

Huron, South Dakota
December 20, 2019

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019*

This section of Wolsey-Wessington School District No. 2-6 annual financial report presents our discussion and analysis of the School's financial performance during the fiscal year ended on June 30, 2019. Please read it in conjunction with the School's financial statements, which follows this section.

FINANCIAL HIGHLIGHTS

- During the year, the School's revenues generated from taxes and other revenues of the governmental and business-type programs were \$451,463 more than the \$5,083,781 governmental and business-type program expenditures.
- The total cost of the School's programs increased by 15.64%. This increase was due to higher pay for staff.
- The General Fund reported a \$57,329 current year gain primarily due to controlling expenditure costs and use of an opt out to pay some expenditures.
- In the governmental funds, total fund balance increase was \$642,195. There was an increase of \$57,329 in General Fund, an increase of \$392,619 in Capital Outlay Fund, an increase of \$155,078 in Special Education Fund, an increase of \$228,360 in Debt Service Fund and a decrease of \$191,191 in the Other Governmental Funds. The Debt Service Fund will eventually payoff the Qualified School Construction Term Bond. The decrease in the Other Governmental Funds was mainly due to the Capital Projects Fund transferring the remaining fund balance to Capital Outlay Fund due to the construction project being finished in FY18.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the School's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.
- The governmental funds statements tell how general governmental services were financed in the short-term as well as what remains for future spending.
- Proprietary fund statements offer short and long-term financial information about the activities that the School operates like businesses. The proprietary funds operated by the School are the Food Service Operation (Fund 51), and the Drivers Education/Preschool funds (Fund 53).
- Fiduciary fund statements provide information about the financial relationships – like student organization club accounts – in which the School acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

Figure A-1 summarizes the major features of the School’s financial statements, including the portion of the School government covered and the types of information contained. The reminder of the overview section of the management’s discussion and analysis explains the structure and contents of each of the statements.

Figure A-1

Major Features of Wolsey-Wessington School's Government-wide and Fund Financial Statements				
	<i>Government-wide Statements</i>	<i>Fund Statements</i>		
		<i>Governmental Funds</i>	<i>Proprietary Funds</i>	<i>Fiduciary Funds</i>
Scope	Entire School government (except fiduciary funds)	The activities of the School that are not proprietary or fiduciary, such as elementary and high school education programs	Activities the School operates similar to private businesses, the food service operation, preschool, PASS, and the drivers’ education program	Instances in which the School is the trustee or agent for someone else’s resources.
Required Financial Statements	<ul style="list-style-type: none"> • Statement of Net Position • Statement of Activities 	<ul style="list-style-type: none"> • Balance Sheet • Statement of Revenues, Expenditures and Changes in Fund Balances 	<ul style="list-style-type: none"> • Statement of Net Position • Statement of Revenues, Expenses and Changes in Net Position • Statement of Cash Flows 	<ul style="list-style-type: none"> • Statement of Fiduciary Net Position • Statement of Changes in Fiduciary Net Position

Type of Asset/Liability Information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the School’s funds do not currently contain capital assets although they can
Type of Inflow/Outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

Government-Wide Statements

The government-wide statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the School's net position and how they have changed. Net position – the difference between the School's assets and liabilities – is one way to measure the School's financial health or position.

- Increases or decreases in the School's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the School you need to consider additional nonfinancial factors such as changes in the School's property tax base and changes in the state school aid funding formula from the State of South Dakota.

The government-wide financial statements of the School are reported in two categories:

- **Governmental Activities** – This category includes the School's basic instructional services, such as elementary and high school educational programs, support services (guidance counselor, executive administration, board of education, fiscal services, etc.), debt service payments, extracurricular activities (sports, debate, music, etc.) and capital equipment purchases. Property taxes, state grants, and federal grants finance most of these activities.
- **Business-type Activities** – The School charges fees and receives federal and state reimbursements to cover the costs of providing lunch services to all students and also charges fees to cover the costs of providing drivers education and preschool services to students. The Food Service, Drivers' Education and Preschool funds are the only business-type activities of the School.

Fund Financial Statements

The fund financial statements provide more detailed information about the School's most significant funds – not the School as a whole. Funds are accounting devices that the School uses to keep track of specific sources of funding and spending for particular purposes.

- State law requires some of the funds.
- The School Board establishes other funds to control and manage money for particular purposes.

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

The School has three kinds of funds:

- **Governmental Funds** – Most of the School's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can readily converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental fund's statements, or on the subsequent page, that explains the relationship (or differences) between them.
- **Proprietary Funds** – Services for which the School charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both short and long-term financial information. The Food Service, Drivers Education, and Preschool Enterprise funds are the only proprietary funds maintained by the School.
- **Fiduciary Funds** – The School is the trustee, or fiduciary, for various external and internal parties. The School is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the School's fiduciary activities are reported in a separate statement of net position. We exclude these activities from the School's government-wide financial statements because the School cannot use these assets to finance its operations.

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

Net Position

The School's combined net position increased as follows:

Table A-1
Wolsey-Wessington School District 2-6
Statement of Net Position

	Governmental Activities		Business-Type Activities		Total		Total Percentage Change 2018-2019
	2018	2019	2018	2019	2018	2019

Capital Assets (Net of Depreciation)	8,137,652	7,958,932	39,049	34,977	8,176,701	7,993,909	-2.24%
Total Assets	14,859,829	15,405,917	82,548	55,790	14,942,377	15,461,707	3.48%
Pension Related Deferred Outflows	988,060	809,930	--	--	988,060	809,930	-18.03%
Total Deferred Outflows or Resources	988,060	809,930	--	--	988,060	809,930	-18.03%
Long-Term Liabilities Outstanding	7,179,461	6,948,918	1,701	1,347	7,181,162	6,950,265	-3.22%
Other Liabilities	399,902	477,159	11,001	16,623	410,903	493,782	20.17%
Total Liabilities	7,579,363	7,426,077	12,702	17,970	7,592,065	7,444,047	-1.95%
Taxes Levied for Future Period	1,425,599	1,469,669	--	--	1,425,599	1,469,669	3.09%
Pension Related Deferred Inflows	198,036	191,721	--	--	198,036	191,721	-3.19%
Total Deferred Inflows of Resources	1,623,635	1,661,390	--	--	1,623,635	1,661,390	2.33%
Net Investment in Capital Assets	1,206,286	1,204,308	39,049	34,977	1,245,335	1,239,285	-0.49%
Restricted	4,537,803	4,960,610	--	--	4,537,803	4,960,610	9.32%
Unrestricted	900,802	963,462	30,797	2,843	931,599	966,305	3.73%
Total Net Assets	6,644,891	7,128,380	69,846	37,820	6,714,737	7,166,200	6.72%
Beginning Net Position	5,465,788	6,644,891	49,786	69,846	5,515,574	6,714,737	21.74%
Increase (Decrease) in Net Position	\$ 1,179,103	\$ 483,489	\$ 20,060	\$ (32,026)	1,199,163	451,463	-62.35%
Percentage of Increase (Decrease) in Net Position	21.57%	7.28%	40.29%	-45.85%	21.74%	6.72%	

The District's combined net position of approximately \$7.2 million is approximately \$450,000 or 6.7% larger than on June 30, 2018. The majority of the increase came from the governmental activities. Most of the increase comes from reducing long term debt and changes in SDRS Pension Related amounts reported.

The Statement of Net Position reports all financial and capital resources. The statement presents the assets, deferred outflows of resources, liabilities and deferred inflows of resources in order of relative liquidity. The liabilities with average maturities greater than one year are reported in two components – the amount due within one year and the amount due in more than one year. The long-term liabilities of the School, consisting of compensated absences payable, early retirement payable, energy efficiency loans, limited tax general obligation capital outlay certificates and QSCB bonds payable, have been reported in this manner on the Statement of Net Position. The difference between the School's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is its net position.

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

Changes in Net Position

The District's revenues (excluding transfers) totaled \$5,535,244 (See Table A-4). This was approximately a 1% decrease. Approximately 62% of the District's revenues come from property and other taxes, with another 23% coming from state aid. (See Table A-2.)

**Table A-2
Wolsey-Wessington School District 2-6
Sources of Revenues
Fiscal Year 2018-2019**

Taxes	\$ 3,441,636	62.18%
State Sources	1,272,017	22.98%
Operating Grants & Contributions	463,129	8.37%

***WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019***

GOVERNMENTAL ACTIVITIES

Revenues for the School's governmental activities decreased by approximately \$7,400 while expenses for governmental activities increased by approximately \$700,000. Most of the increase in net position comes from receiving additional grants and increase in taxes. Also increased because of reducing long-term debt and changes in SDRS Pension Related amounts reported.

BUSINESS-TYPE ACTIVITIES

Revenues of the School's business-type activities decreased by approximately \$53,000 mostly due to not receiving any capital contributions from the Capital Projects Fund for food service in FY19 as they did in FY18. Also, expenses decreased by approximately \$15,500 and net position decreased by approximately \$32,000. The main reason for this is that the School's general fund transferred \$35,000 over to the business-type activities funds in FY18 but nothing was transferred in FY19. Also, we held down expenses this year.

Other factors contributing to these results include:

- Decrease in revenue was due to a decrease in reimbursement money.
- The primary reason for the decrease in expenses was due to controlling expenditures.

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

Overall the governmental funds have an approximately \$480,000 increase in net position over last year. The main cause was having lower expenses compared to revenues.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the School Board revised the School budget. These amendments fall into two categories:

- Supplemental appropriations approved for unanticipated, yet necessary, expenses to provide for items necessary for the education program of this district.
- Increases in appropriations, primarily by contingency transfer, to prevent budget overruns.

There were budget changes for the year due to increases in gas and heating costs and grants received throughout the year in the General Fund. There were supplements made to the budget for the increase in grant money received in the General Fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

CAPITAL ASSET ADMINISTRATION

By the end of June 30, 2019, the School had invested \$7,993,909 (net of depreciation) in a broad range of capital assets, including, land, buildings, and various machinery and equipment. (See Table A-5.) This amount represents a net decrease (including additions and deductions) of \$182,792, or 2.29%, over last year due mostly to the natural increase of accumulated depreciation.

Table A-5
Capital Assets
(net of depreciation)

	<i>Governmental Activities</i>		<i>Business-Type Activities</i>		<i>Total Dollar Change</i>	<i>Total % Change</i>
	<i>2018</i>	<i>2019</i>	<i>2018</i>	<i>2019</i>

This year's major capital asset purchases were primarily purchasing books, a lighting project in the parking lot, a suburban, and a paging system.

LONG-TERM DEBT

At year-end the School had \$6,950,601 in long-term obligations. This is a decrease of 4.5% as shown on Table A-6 below.

Table A-6
Outstanding Debt and Obligations

	<i>Governmental Activities</i>		<i>Business-Type Activities</i>		<i>Total Dollar Change</i>	<i>Total % Change</i>
	<i>2018</i>	<i>2019</i>	<i>2018</i>	<i>2019</i>

The School is liable for the accrued sick leave payable to the various employees who have tenure at the School District.

**WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FOR THE YEAR ENDED JUNE 30, 2019**

The School District also has an early retirement benefit for those employees meeting certain qualifications to retire early and can receive a monthly check, reduced by all required deductions according to federal and state statutes, equal to the amount of a monthly insurance payment. These benefits are only offered for a maximum of 24 months after the employee's retirement date and the school will only pay no more than two Wolsey-Wessington teachers in any one year. If there are more than two applicants for early retirement/insurance, the teacher with the most total years employed in the Wolsey-Wessington School District shall be allowed to retire and receive benefits first. As of the end of FY19, the School District will have two employees that will utilize this option during FY20.

The School paid \$61,800 in interest on the Quality School Construction Bonds and paid \$97,542 in interest on the Limited Tax General Obligation bonds for fiscal year 2019.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The School's current economic position has shown an increase in valuations. The School total property valuation for the 2018 taxes payable in 2019 is \$512,046,629. The School did experience an increase in total property valuation of \$15,676,364 or approximately 3.1% from the prior year. The increase in property valuation allows the School the ability to increase the amount of revenue generated from property taxes, however, the total amount which can be levied is limited by the State of South Dakota.

One of the primary sources of revenue to the School is based on a target student to teacher ratio set by the State of South Dakota Legislature. This revised state aid to education formula did decrease the district's total need by \$47,441 from the previous year. With this decrease, the district had to watch over expenditure spending. The reason for the decrease was due to a lower student count. If the school did have additional revenue along with stable enrollment, that situation would help ensure that the school district remains financially sound for the next year.

The School's enrollment for the last three years has been as follows:

Table A-7
Wolsey-Wessington School District
ADM for the Last Three Years

<i>YEAR</i>	<i>ADM</i>	<i>Percent (Decrease) in ADM</i>
2019	346	-4.42%
2018	362	1.40%
2017	357	2.59%

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. If you have questions about this report or need additional information, contact the Wolsey-Wessington School's Business Office, 375 Ash St. SE, Wolsey, SD 57384.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES TO THE GOVERNMENT-WIDE STATEMENTS OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019

<i>Total net change in fund balances - governmental funds</i>	\$	642,195									
 <i>Amounts reported for governmental activities in the Statement of Activities are different because:</i>											
This amount represents capital asset purchases which are reported as expenditures on the fund financial statements but increase assets on the government wide statements.		62,302									
This amount represents the current year depreciation expense reported in the statement of activities which is not reported on the fund financial statements because it does not require the use of current financial resources.		(241,022)									
Payment of principal on long-term debt is an expenditure in the government funds but the payment reduces long-term liabilities in the statement of assets.		214,268									
In both the government-wide and fund financial statements, revenues from property tax levies are applied to finance the budget of a particular period. Accounting for revenues from property tax accruals in the fund's statements in that the fund financial statements require the amounts to be "available". This amount reflects the application of both the application period and "availability criteria".		(31,987)									
Governmental funds recognize expenditures for amounts of compensated absences and early retirement benefits actually paid to employees with current financial resources during the fiscal year. Amounts of compensated absences earned by employees are not recognized in the funds. In the Statement of Activities, expenses for these benefits are recognized when the employees earn leave credits or elect to retire early.	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">Accrued leave</td> <td style="width: 10%; text-align: right;">(388)</td> <td style="width: 30%;"></td> </tr> <tr> <td>Early retirement</td> <td style="text-align: right;">16,664</td> <td style="border-top: 1px solid black;"></td> </tr> <tr> <td style="text-align: center;"><i>Net</i></td> <td></td> <td style="text-align: right;">16,276</td> </tr> </table>	Accrued leave	(388)		Early retirement	16,664		<i>Net</i>		16,276	16,276
Accrued leave	(388)										
Early retirement	16,664										
<i>Net</i>		16,276									
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds (e.g., pension expense).		(178,543)									
<i>Change in Net Position of Governmental Activities</i>	\$	483,489

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the School District conform to generally accepted accounting principles applicable to government entities in the United States of America.

a. Financial Reporting Entity:

The reporting entity of Wolsey-Wessington School District No. 2-6, consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility, even though those fiduciary funds may represent organizations that do not meet the criteria for inclusion in the financial reporting entity); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The School District is financially accountable if its Governing Board appoints a voting majority of another organization's governing body and it has the ability to impose its will on the organization, or there is a potential for that organization to provide specific financial benefits to, or impose specific financial burdens on, the School District (primary government). The School District may also be financially accountable for another organization if that organization is fiscally dependent on the School District. The School District has no component units.

b. Basis of Presentation:

Government-Wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information about the reporting entity as a whole. They include all funds of the reporting entity except for fiduciary funds. These statements distinguish between the governmental and business-type activities of the School District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

The Statement of Net Position reports all financial and capital resources, in a net position form (assets minus liabilities equal net assets). Net Position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

b. Basis of Presentation: (continued)

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the School District or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the School District financial reporting entity are described below within their respective fund types:

Governmental Funds:

General Fund – A fund established by South Dakota Codified Laws (SDCL) 13-16-3 to meet all the general operational costs of the School District, excluding the capital outlay fund and special education fund expenditures. The General Fund is always a major fund.

Special Revenue Fund Types – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Outlay Fund – A fund established by SDCL 13-16-6 to meet expenditures which result in the lease of, acquisition of or additions to real property, plant or equipment, textbooks and instructional software. This fund is financed by property taxes. This is a major fund.

Special Education Fund – A fund established by SDCL 13-37-16 to pay the costs for the special education of all children in need of special assistance and prolonged assistance that reside within the School District. This fund is financed by grants and property taxes. This is a major fund.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

b. Basis of Presentation: (continued)

Fund Financial Statements: (continued)

Governmental Funds: (continued)

Special Revenue Fund Types: (continued)

Pension Fund – A fund established by SDCL 13-10-6 for the purpose of paying pensions to retired employees of school districts, which have established such systems, paying the School District’s share of retirement plan contributions, and for funding early retirement benefits to qualifying employees. This fund is financed by property taxes. This is not a major fund.

Debt Service Fund – Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The Bond Redemption Fund – The QSCB Fund is the only debt service fund. This fund was established to collect money in the sinking funds for payment of term bonds. The Capital Outlay fund transfers money to this fund on a yearly basis. At the end of the term, the bonds will be paid off. This is a major fund.

Capital Projects Fund – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

The Construction In Progress Fund – This fund is the only capital projects fund maintained by the School District. This fund was established to be used to account for the construction of the School’s addition to their existing School. This fund was closed out by the end of FY19. This is not a major fund.

Proprietary Funds:

Enterprise Funds – Enterprise funds may be used to report any activity for which a fee is charged to external users for goods and services. Activities are required to be reported as enterprise funds if any one of the following criteria is met.

- 1. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit—even if that government is not expected to make any payments—is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable “solely” from the revenues of the activity.)**
- 2. Laws or regulations require that the activity’s costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.**

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

b. *Basis of Presentation: (continued)*

Fund Financial Statements: (continued)

Proprietary Funds: (continued)

Enterprise Funds: (continued)

- 3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service.**

Food Service Fund – A fund used to record financial transactions related to food service operations. This fund is financed by user charges and grants. This is a major fund.

Other Enterprise Fund – A fund used to record financial transactions related to drivers education and the preschool program. This fund is financed by user charges. This is a major fund.

Fiduciary Funds:

Fiduciary Funds are never considered to be major funds.

Private-Purpose Trust Funds – Private-purpose trust funds are used to account for all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments. The School District maintains the Scholarship Fund as its only private-purpose trust fund which is used to administer scholarships for students. The fund is financed through contributions and interest.

Agency Funds – Agency funds are used to account for resources held by the School District in a purely custodial capacity (assets equal liabilities). Since agency funds are custodial in nature they do not involve the measurement of results of operations. The School District maintains several agency funds for various class years, clubs, and athletic teams which account for the monies earned for the various class, club or team projects.

c. *Measurement Focus and Basis of Accounting:*

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-Wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

c. Measurement Focus and Basis of Accounting: (continued)

Measurement Focus: (continued)

Fund Financial Statements:

In the fund financial statements, the “current financial resources” measurement focus and the modified accrual basis of accounting are applied to governmental funds, while the “economic resources” measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary funds.

Basis of Accounting:

Government-Wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets generally are recorded when earned (usually when the right to receive cash vests); and expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements:

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, generally are recognized when they become measurable and available. “Available” means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period does not exceed one bill-paying cycle, and for the School District, the length of that cycle is sixty days. The revenues which are accrued at June 30, 2019 are utility taxes, revenues due from state government, and grants due from federal governments.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Unavailable revenues, where asset recognition criteria have been met, but for which revenue recognition criteria have not been met, are reported as deferred inflow of resources.

Expenditures generally are recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

All proprietary and fiduciary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

d. **Interfund Eliminations and Reclassifications:**

Government-Wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund balances in the fund financial statements have been eliminated or reclassified, as follows:

1. In order to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government, amounts reported as interfund receivables and payables have been eliminated in the governmental and business-type activities columns, except for the net, residual amounts due between governmental and business-type activities, which are presented as Internal Balances.

Fund Financial Statements:

Noncurrent portions of long-term interfund receivables are reported as Nonspendable Fund Balance to the extent that the proceeds from the collection of those receivables are not Restricted, Committed, or Assigned. Current portions of interfund receivables are considered “available spendable resources” and are reported in the appropriate fund balance category.

e. **Inventory:**

Inventory is valued at the lower of cost or market. The cost valuation method is first in first out. Donated commodities are valued at estimated market value based on the USDA price list at date of receipt.

For the governmental activities and proprietary fund types, inventory items are initially recorded as assets and charged to expense in the various functions of government as they are consumed.

In the government-wide and the fund financial statements, inventories in the General Fund and Special Revenue Funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by a Nonspendable fund balance, which indicates that they do not constitute “available spendable resources” even though they are a component of net current assets. No material inventories were on hand at June 30, 2019.

f. **Deposits and Investments:**

For the purpose of financial reporting, “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit or short-term investments with a term to maturity at date of acquisition of three months or less. Investments in open-end mutual fund shares, or similar investments in external investment pools, are also considered to be cash equivalents.

Investments classified in the financial statements consist entirely (primarily) of certificates of deposit whose term to maturity at date of acquisition exceeds three months, and/or those types of investment authorized by South Dakota Codified Law (SDCL) 4-5-6.

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

g. Capital Assets:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Financial Statements:

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at the estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant, and which extend the useful life of a capital asset are also capitalized. Interest costs incurred during construction of general capital assets are not capitalized along with other capital asset costs.

The total June 30, 2019 balance of capital assets for governmental activities and business-type activities are all valued at original cost.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the government-wide Statement of Activities, with net capital assets reflected in the Statement of Net Position. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

	<i>Capitalization Threshold</i>	<i>Depreciation Method</i>	<i>Estimated Useful Life</i>
Land*	All	—	—
Land improvements	\$5,000	Straight-line	10-20 years
Buildings	\$5,000	Straight-line	50-75 years
Machinery and equipment	\$5,000	Straight-line	5-20 years

*Land is an inexhaustible capital asset and is not depreciated.

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital expenditures of the appropriate governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for on the accrual basis, the same as in the government-wide statements.

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

h. *Long-Term Liabilities:*

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term liabilities consist of bonds payable, capital outlay certificates, energy efficiency loans, retirement payable and compensated absences.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources) and payment of principal and interest are reported as expenditures when they become due. The accounting for proprietary fund long-term debt is the accrual basis, the same in the fund statements as it is in the government-wide statements.

i. *Program Revenues:*

In the government-wide Statement of Activities, reported program revenues derive directly from the program itself or from parties other than the School District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services – These arise from charges to customers, applicants, or others who purchase, use or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions – These arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions – These arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

j. *Proprietary Funds Revenue and Expense Classifications:*

In the proprietary fund's Statement of Activities, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

k. *Accumulated Unpaid Vacation and Sick Leave:*

Annual leave is earned by the employees at the rate of ten days per year depending on position. Upon termination, employees are not entitled to receive compensation for their accrued annual leave balance.

Sick leave is earned by the employees at the rate of ten to twelve days per year depending on position. Upon termination, only tenured, certified and non-certified, employees are entitled to receive \$10 per day for unused sick leave days if they leave the School District.

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)*

l. *Unavailable Revenue:*

Under the modified accrual basis of accounting, receivables, such as taxes receivable, may be measurable but not available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Reported unavailable revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

m. *Cash and Cash Equivalents:*

The School District pools its cash resources for depositing and investing purposes. The enterprise fund has access to its cash resources on demand. Accordingly, all reported deposit and investment balances are considered to be cash equivalents for the purpose of the Statement of Cash Flows.

n. *Equity Classifications:*

Government-Wide Financial Statements:

Equity is classified as net position and is displayed in three components:

1. Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and is distinguished between Nonspendable, Restricted, Committed, Assigned or Unassigned components. Proprietary fund equity is classified the same as in the government-wide financial statements. Fiduciary fund equity (except for Agency Funds, which have no fund equity) is reported as net position held in trust for other purposes.

o. *Application of Net Position:*

It is the School District’s policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)***

p. **Fund Balance Classification Policies and Procedures:**

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the School District classifies governmental fund balances as follows:

Nonspendable – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority and does not lapse at year-end.

Assigned – Includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund Balance may be assigned by the School Board.

Unassigned – Includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The School District uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The School District does not have a formal minimum fund balance policy.

The purpose of each major special revenue fund and revenue source is listed below:

<u>Major Special Revenue Fund</u>	<u>Revenue Source</u>
Capital Outlay Fund	Taxes
Special Education Fund	Taxes

q. **Use of Estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

r. Pensions:

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pension, and pension expense (revenue), information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. School District contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

2. DEFICIT FUND BALANCES/NET POSITION OF INDIVIDUAL NONMAJOR FUNDS:

As of June 30, 2019, the following individual nonmajor fund had a deficit fund balances/net position in the amount shown below:

	Year Ended <u>6/30/2019</u>
Other Enterprise Fund	(410)

2. DEPOSITS AND INVESTMENTS CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK:

The School District follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Investments – In general, SDCL 4-5-6 permits school funds to be invested in (a) securities of the United States and securities guaranteed by the United States government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a); or in shares of an open-end, no-loan fund administered by an investment company whose investments are in securities described in (a) and repurchase agreements described in (b). Also, SDCL 4-5-9 requires that investments shall be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

No investments were held as of June 30, 2019 or during the year then ended.

Deposits – The School District's deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 13-16-15, 13-16-15.1 and 13-16-18.1. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Deposits are reported at cost plus interest, if the account is of the add-on type.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

2. DEPOSITS AND INVESTMENTS CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK: (continued)

Interest Rate Risk – The School District does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – State law limits eligible investments for the School District, as discussed above. The School District has no investment policy that would further limit its investment choices.

Concentration of Credit Risk – The School District places no limit on the amount that may be invested in any one issuer.

State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The District’s policy is to credit all income from deposits and investments to the General Fund for all governmental funds except for Debt Service Fund which accumulates interest to help pay off the term bonds.

The United States generally accepted accounting principles, on the other hand, requires income from deposits and investments to be recorded in the fund whose assets generated that income. Where the governing board has discretion to credit investment income to a fund other than the fund that provided the resources for investment, a transfer to the designated fund is reported. Accordingly, in the fund financial statements, interfund transfers of investment earnings are reported, while in the government-wide financial statements, they have been eliminated, except for the net amounts transferred between governmental activities and business-type activities. These interfund transfers are not violations of the statutory restrictions on interfund transfers.

3. PROPERTY TAX:

Property taxes are levied on or before each October 1, attach as an enforceable lien on property, and become due and payable as of the following January 1, and are payable in two installments on or before the following April 30 and October 31. The county bills and collects the School District’s taxes and remits them to the School District.

School District property tax revenues are recognized to the extent that they are used to finance each year’s appropriations. Revenue related to current year property taxes receivable, which is intended to be used to finance the current year’s appropriations, but which will not be collected during the current fiscal year or within the “availability period” has been deferred in the fund financial statements. Property tax revenues intended to finance the current year’s appropriations, and therefore susceptible to accrual, has been reported as revenue in the government-wide financial statements, even though collection will occur in a future fiscal year.

4. DUE FROM OTHER GOVERNMENTS:

Receivables are not aggregated in these financial statements. The School District expects all receivables to be collected within one year. Amounts due from other governments include reimbursements for various programs. These amounts include \$366,705 due from various county, state and federal governments.

<i>Total Business-type</i>	<u>\$ 1,701</u>	<u>\$ 296</u>	<u>\$ 314</u>	<u>\$ 1,683</u>	<u>\$ -</u>

Compensated absences for governmental activities typically have been liquidated from the General and Special Education Funds.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

5. LONG-TERM LIABILITIES: (continued)

Debt payable at June 30, 2019 is comprised of the following:

	<i>TERMS</i>	
Qualified School Construction Bonds	During December 2009, the School District entered into an agreement to receive Qualified School Construction Bonds in the amount of \$3,090,000. Interest rate is 2.0% . Final payment is December 2025. The Debt Service Fund makes payment on this debt.	<u>\$ 3,090,000</u>
Limited Tax Capital Outlay Certificates.	The School District issued \$3,985,000 of limited tax capital outlay certificates, Series 2016. The certificates are payable December 15, 2017 through December 15, 2035 with fixed interest rates from .80% to 3.50% that vary depending on the term of maturity. The Capital Outlay Fund makes this payment	<u>\$ 3,635,000</u>
Energy Efficiency School Loan	Starting July 1, 2013, the School District entered into a loan agreement with the South Dakota Energy Management Office in the amount of \$56,954. The School was able to purchase pre-approved energy efficient expenditures with the understanding that the School is required to track energy usage and cost savings information. There is no interest on this loan. Final payment is due July 1, 2022. The Capital Outlay Fund makes payments on this debt.	<u>\$ 28,079</u>
Energy Efficiency Conservation Block Grant Loan	Starting October 1, 2015, the School District entered into a loan agreement with South Dakota Energy Management Office in the amount of \$201,754. The School was able to purchase LED lighting with the understanding that the School is required to track energy usage and cost savings information. There is no interest on this loan. Final payment is due July 31, 2027. The Capital Outlay Fund makes payments on this debt.	<u>\$ 138,254</u>
Compensated Absences	Payable from the fund to which payroll expenditures are charged	<u>\$ 10,797</u>
Early Retirement Benefits	Payable from the Pension Fund	<u>\$ 17,164</u>

6. INTERFUND ACTIVITY:

Transfers to/from other funds at June 30, 2019, consist of the following:

Transfer from Capital Projects Fund to the Capital Outlay Fund to close out that fund.	\$ 192,816
Transfer from the Capital Outlay Fund to the Debt Service Fund to deposit money towards paying off the Qualified School Construction Bonds when their term is complete.	\$ 199,355

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

7. RESTRICTED NET POSITION:

The following table shows the net position restricted for other purposes as shown on the Statement of Net Position:

<u>Purpose</u>	<u>Restricted By</u>	<u>Amount</u>
<i>Major Purposes:</i>		
Capital Outlay	Law	\$ 1,675,171
Special Education	Law	701,562
Pension Fund	Law	60,997
Debt Service	Debt covenants	1,902,348
SDRS Pension Purposes	Law	620,532
<i>Total</i>		<u>\$ 4,960,610</u>

8. ASSIGNED FUND BALANCES FOR CASH FLOW:

As authorized by SDCL 13-11-12, the School Board has determined that a year-end minimum fund balance of \$84,356 is necessary to protect the School District's cash liquidity from July 1, through mid-November of the subsequent fiscal year. This amount is reported as Assigned Fund Balance in the General Fund.

8. OPERATING LEASES:

The School District entered into an agreement to lease a copier for a sixty (60) month period in July 2016. The monthly payment is approximately \$2,200 for the lease. The agreement contains various covenants, restrictions, and provisions. Payments are made from the Capital Outlay Fund.

The following are the minimum payments on existing operating leases:

<u>Year</u>	<u>Copier</u>
2020	\$26,400
2021	\$26,400
2022	\$ 2,200

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

9. **PENSION PLAN:**

a. **Plan Information:**

All employees, working more than 20 hours per week during the school year, participate in the South Dakota Retirement System (SDRS), a cost sharing, multiple employer defined benefit pension plan administered by SDRS to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability, and survivor's benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at <http://www.sdrs.sd.gov/publications/> or by writing to the SDRS, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605)773-3731.

b. **Benefits Provided:**

SDRS has three different classes of employees, Class A general members, Class B public safety and judicial members, and Class C Cement Plant Retirement Fund members.

Members that were hired before July 1, 2017, are Foundation members. Class A Foundation members and Class B Foundation members who retire after age 65 with three years of contributory service are entitled to an unreduced annual retirement benefit. An unreduced annual retirement benefit is also available after age 55 for Class A Foundation members where the sum of age and credited service is equal to or greater than 85 or after age 55 for Class B Foundation judicial members where the sum of age and credited service is equal to or greater than 80. Class B Foundation public safety members can retire with an unreduced annual retirement benefit after age 55 with three years of contributory service. An unreduced annual retirement benefit is also available after age 45 for Class B Foundation public safety members where the sum of age and credited service is equal to or greater than 75. All Foundation retirements that do not meet the above criteria may be payable at a reduced level.

Members that were hired on/after July 1, 2017, are Generational members. Class A Generational members and Class B Generational judicial members who retire after age 67 with three years of contributory service are entitled to an unreduced annual retirement benefit. Class B Generational public safety members can retire with an unreduced annual retirement benefit after age 57 with three years of contributory service. At retirement, married Generational members may elect a single-life benefit, a 60 percent joint and survivor benefit, or a 100 percent joint and survivor benefit. All Generational retirement benefits that do not meet the above criteria may be payable at a reduced level. Generational members will also have a variable retirement account (VRA) established, in which they will receive up to 1.5 percent of compensation funded by part of the employer contribution. VRAs will receive investment earnings based on investment returns.

Legislation enacted in 2017 established the current COLA process. At each valuation date:

- Baseline actuarial accrued liabilities will be calculated assuming the COLA is equal to long term inflation assumption of 2.25%.
- If the fair value of assets is greater or equal to the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than 3.5%
- If the fair value of assets is less than the baseline actuarial accrued liabilities, the COLA will be:
 - The increase in the 3rd quarter CPI-W, no less than 0.5% and no greater than a restricted maximum such that, that if the restricted maximum is assumed for future COLAs, the fair value of assets will be greater or equal to the accrued liabilities.

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

10. *PENSION PLAN: (continued)*

All benefits except those depending on the Member’s Accumulated Contributions are annually increased by the Cost-of-Living Adjustment.

c. *Contributions:*

Per SDCL 3-12, contribution requirements of the active employees and the participating employers are established and may be amended by the SDRS Board. Covered employees are required by state statute to contribute the following percentages of their salary to the plan; Class A Members, 6.0% of salary; Class B Judicial Members, 9.0% of salary; and Class B Public Safety Members, 8.0% of salary. State statute also requires the employer to contribute an amount equal to the employee’s contribution. State statute also requires the employer to contribute an amount equal to the employee’s contribution. The School District’s share of contributions to the SDRS for the fiscal years ended June 30, 2019, 2018, and 2017, equal to required contributions each year, were as follows:

<u>Year</u>	<u>Amount</u>
2019	\$127,061
2018	\$125,149
2017	\$120,761

d. *Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources to Pensions:*

At June 30, 2018, SDRS is 100.02% funded and accordingly has a net pension asset. The proportionate shares of the components of the net pension asset of South Dakota Retirement System, for the School District as of June 30, 2019 are as follows:

Proportionate share of pension liability	\$ 12,182,263
Less proportionate share of net pension restricted for pension benefits	<u>12,184,586</u>
<i>Proportionate share of net pension (asset)</i>	<u><u>\$ (2,323)</u></u>

At June 30, 2019, the School District reported an (asset) of (2,323) for its proportionate share of the net pension (asset). The net pension (asset) was measured as of June 30, 2018 and the total pension (asset) used to calculate the net pension (asset) was based on a projection of the School District’s share of contributions to the pension plan relative to the contributions of all participating entities. At June 30, 2018, the School District’s proportion was .09958210%, which is a decrease of (.0001614%) from its proportion measured as of June 30, 2017.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. **PENSION PLAN:** (continued)

d. **Pension Liabilities (Assets), Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows or Resources to Pensions:** (continued)

For the year ended June 30, 2019, the School District recognized pension expense (reduction of pension expense) of 108,912. At June 30, 2019, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Difference between expected and actual experience	\$ 87,781	\$ —
Changes in assumption	589,638	—
Net difference between projected and actual earnings on pension plan investments	—	175,526
Changes in proportion and difference between district contributions and proportionate share of contributions	5,450	16,195
District contributions subsequent to the measurement date	127,061	—
TOTAL	\$ 809,930	\$ 191,721

\$127,061 reported as deferred outflow of resources related to pensions resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<i>Year Ended June 30,</i>	
2020	\$ 313,727
2021	229,763
2022	(32,950)
2023	(19,392)
2024	—
Thereafter	—
TOTAL	\$ 491,148

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. PENSION PLAN: (continued)

e. Actuarial Assumptions:

The total pension (asset) in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary Increases	Graded by years of service, from 6.5% at entry to 3.00% after 25 years of service
Discount Rate	6.50% net of plan investment expense

Mortality rates were based on 97% of the RP-2014 Mortality Table, projected generationally with Scale MP-2016, white collar rates for females and total dataset rates for males. Mortality rates for disabled members were based on the RP-2014 Disabled Retiree Mortality Table, projected generationally with Scale MP-2016.

A detailed experience analysis covering the period from June 30, 2011 to June 30, 2016, was conducted and appropriate modifications in the economic and demographic assumptions were made effective with the June 30, 2017 actuarial valuation.

Investment portfolio management is the statutory responsibility of the South Dakota Investment Council (SDIC), which may utilize the services of external money managers for management of a portion of the portfolio. SDIC is governed by the Prudent Man Rule (i.e., the council should use the same degree of care as a prudent man). Current SDIC investment policies dictate limits on the percentage of assets invested in various types of vehicles (equities, fixed income securities, real estate, cash, private equity, etc.). The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 (see the discussion of the pension plan's investment policy) are summarized in the following table using geometric means:

<i>Asset Class</i>	<i>Target Allocation</i>	<i>Long-term Expected Real Rate of Return</i>
Global equity	58.0%	4.8%
Fixed income	30.0%	1.8%
Real estate	10.0%	4.6%
Cash	2.0%	0.7%
TOTAL	100.0%	

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

10. *PENSION PLAN: (continued)*

f. *Discount Rate:*

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that matching employer contributions from will be made at rates equal to the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

g. *Sensitivity of liability (asset) to changes in the discount rate:*

The following presents the School District’s proportionate share of net pension liability (asset) calculated using the discount rate of 6.50% as well as what the School’s proportionate share of the net pension (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (5.50%) or 1-percentage point higher (7.50%) than the current rate:

	<i>1% Decrease</i>	<i>Current Discount Rate</i>	<i>1% Increase</i>
District's proportionate share of the net pension (asset)	\$ 1,754,127	\$ (2,323)	\$ (1,431,099)

h. *Pension Plan Fiduciary Net Position:*

Detailed information about the plan’s fiduciary net position is available in the separately issued SDRS financial report.

i. *Payables to the Pension Plan:*

No payables were reported to the defined benefit plan at end of year.

11. *RESTRICTED CASH AND INVESTMENT:*

Assets are restricted for use for a specific purpose through segregation of balances in separate accounts. As of June 30, 2019, \$1,902,348 was restricted in the Debt Service Fund for sinking fund requirements in the debt covenants.

*WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019*

12. RISK MANAGEMENT:

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended June 30, 2019, the School District managed its risks as follows:

Employee Health Insurance – The School District joined the South Dakota School District Health Benefits Fund. This is a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The School District pays a monthly premium to the pool to provide health insurance coverage for its employees. The pool purchases reinsurance coverage with the premiums it receives from the members. The coverage does not have a maximum payment per person.

Liability Insurance – The School District purchases liability insurance for risks related to torts; theft or damage to property; and errors and omissions of public officials from a commercial insurance carrier.

The School District does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage over the past three years.

Workers' Compensation – The School District purchases liability insurance for workers' compensation from a commercial carrier.

The School District does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage over the past three years.

Unemployment Benefits – The School District has elected to be self-insured and retain all risk for liabilities resulting from claims for unemployment benefits.

During the year ended June 30, 2019, no unemployment benefits were paid. At June 30, 2019, no claims had been filed for unemployment benefits, but the school does expect to pay unemployment during FY20.

13. EARLY RETIREMENT PLAN:

The District has an early retirement benefit for those employees meeting certain qualifications to retire early and can receive a monthly check, reduced by all required deductions according to federal and state statutes, equal to the amount of a monthly insurance payment. These benefits are only offered for a maximum of 24 months after the employee's retirement date and the school will only pay no more than two Wolsey-Wessington teachers in any one year. If there are more than two applicants for early retirement/insurance, the teacher with the most total years employed in the Wolsey-Wessington School District shall be allowed to retire and receive benefits first. As of the end of FY19, the School District has two early retirees who are utilizing the option.

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION –
BUDGETARY COMPARISON SCHEDULES
JUNE 30, 2019

1. BUDGETS AND BUDGETARY ACCOUNTING:

The School District followed these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to the first regular Board meeting in May of each year, the School Board causes to be prepared a proposed budget for the next fiscal year according to the budgetary standards prescribed by the Auditor General.
- b. The proposed budget is considered by the School Board at the first regular meeting held in the month of May of each year.
- c. The proposed budget is published for public review no later than July 15 each year.
- d. Public hearings are held to solicit taxpayer input prior to the approval of the budget.
- e. Before October 1 of each year, the School Board must approve the budget for the ensuing fiscal year for each fund, except fiduciary funds.
- f. After adoption by the School Board, the operating budget is legally binding and actual expenditures of each fund cannot exceed the amounts budgeted except as indicated in Item (h).
- g. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total School District budget and may be transferred by resolution of the School Board to any other budget category, except for capital outlay, that is deemed insufficient during the year. No amount of expenditures may be charged directly to the contingency line item in the budget.
- h. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows adoption of supplemental budgets when moneys are available to increase legal spending authority.
- i. Unexpended appropriations lapse at year-end unless encumbered by resolution of the School Board.
- j. Formal budgetary integration is employed as a management control device during the year for the General Fund and special revenues funds.
- k. Budgets for the General Fund and each major special revenue fund are adopted on a basis consistent with generally accepted accounting principles (GAAP).

WOLSEY-WESSINGTON SCHOOL DISTRICT NO. 2-6
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION –
BUDGETARY COMPARISON SCHEDULES
JUNE 30, 2019

2. USGAAP/BUDGETARY ACCOUNTING BASIS DIFFERENCES:

The financial statements prepared in conformity with USGAAP present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new school bus would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the Budgetary RSI Schedule, the purchase of a school bus would be reported as an expenditure of the Support Services-Business/Pupil Transportation function of government, along with all other current Pupil Transportation related expenditures.
