Introduction

This guide has been prepared for the use of local government officials. Its use is primarily for a ready reference and guideline for bid procedures and requirements. It is not intended to be, nor should it be considered legal advice. Specific questions or unusual matters should be directed to the appropriate legal officials for resolution.

Users of this guide should be cognizant of bid law updates and recent interpretations. Even though this guide will be periodically updated, changes are ongoing and need to be addressed in relation to each transaction conducted.

Interest of Local Officials in Contracts

Elected or appointed officers of local governments are generally barred from being interested in any contract with their respective entities. There are certain conditions which allow public officers to be interested in contracts with their own respective entities without fraud or deceit. In view of the numerous prohibitions, conditions and requirements, **local officials should solicit advice of their respective legal officials** before any such contracts are contemplated. Listed below are a few of the statutes that apply to related parties or conflict of interest. The list is not intended, nor should it be considered a list ALL applicable statutes and is provided for general reference purposes only.

- Chapter 3-23 Conflicts of Interest
- Chapter 3-16 Malfeasance, Misfeasance and Nonfeasance in Office
- Chapter 6-1 Acts and Records of Local Officers

Prohibited Foreign Contracts

SDCLs 5-18A-50 through 5-18A-52 prohibit purchasing agencies from contracting with companies owned or controlled by certain foreign entities or governments.

A purchasing agency may not execute a contract that is subject to § 5-18A-14, 5-18A-40, 5-18B-29, 5-18B-44, or 5-18D-17 with a prohibited entity. A purchasing agency may rely on a contractor's certification, made pursuant to § 5-18A-51, without conducting any further investigative research or inquiry.

A request for proposal, an invitation to bid, or any other document issued by a purchasing agency, with the intent of soliciting responses for the potential award of a contract, must include notice of the certification requirement of this section.

Each bidder or offeror shall, at the time a bid or offer is submitted, or at the time a contract that is subject to § 5-18A-14, 5-18A-40, 5-18B-29, 5-18B-44, or 5-18D-17 is awarded or renewed, certify, in writing, that the bidder or offeror is not a prohibited entity.

If at any time thereafter, any party to a contract subject to § 5-18A-14, 5-18A-40, 5-18B-29, 5-18B-44, or 5-18D-17 becomes a prohibited entity, that party must provide written notification to the purchasing agency. Upon receiving the notification, the agency may terminate the contract.

The commissioner of the Bureau of Administration, or the commissioner's designee, or the governing board of a unit of local government, as applicable, may waive the prohibition set forth in § 5-18A-50 and the certification required in § 5-18A-51, except as prohibited by federal law, if:

- (1) Compliance is not possible;
- (2) The supplies or services subject to the contract are unique or would be otherwise unavailable; or
- (3) There is no other market participant.

When Bidding is Required

There are currently two bid limits to consider when purchasing agencies enter into purchase contracts. If the purchasing agency intends to enter into a contract for any public improvement that involves the expenditure of one hundred thousand dollars or more, or a contract for the purchase of supplies or services, other than professional services, that involves the expenditure of fifty thousand dollars or more, the purchasing agency shall advertise for bids or proposals. (SDCL 5-18A-14)

Bidding is also required when the local entity anticipates expenditures in the following conditions, purposes or circumstances:

- a. Although no single expenditure for an item will exceed the amount requiring bidding, if the total amount purchased during a year (generally a fiscal year) will exceed the bid limit, then advertisement for competitive bids is required. (Fonder v. City of South Sioux Falls (1955) 76 SD 31, 71 NW 2d 618, 53 ALR 2d 493) (State ex rel. Small v. Hughes County Comm. (1965) 81 SD 238, 133 NW 2d 228) (AGR 1963-64, p. 333)
- b. Contracts for the collection and hauling of garbage and waste in excess of the bid limit are subject to the competitive bidding requirements. (Northern Hills Sanitation, Inc. v. Board of Comm., City of Lead (1978) 272 NW 2d 835) Garbage hauling and supply contracts may include a procedure for adjusting prices to meet changing market conditions not within the control of the vendor. (SDCL 5-18C-7)
- c. Even though only one bid is expected, advertisement for bids is still required. There is always a possibility an unknown bidder may be interested in the contract. (AGR 1967-68, p. 303)
- d. When the total acquisition price of an item will exceed the bid limit, and installment payments are made over a period of years, then advertisement for competitive bids is required. (AGR 1953-54, p. 271)

- e. The purchase of items that represent a homogeneous group means that items are "similar" or "of the same." For example, when the annual purchase of assorted tires can be estimated to exceed the bid limit, then competitive bidding is required.

On the other hand, if an entity purchased \$30,000 worth of tires and \$30,000 worth of oil from the same vendor during a fiscal year, and these were the only purchases of these types of items by the entity for the year, then these items would not need to be bid because they are not homogeneous. (AGR 83-18)

- f. When purchasing equipment, consideration should be given to the total value of the contract and not the net cash outlay after trade-in. For example, let's assume a political subdivision wishes to purchase a new vehicle. The actual cost of the new vehicle is \$55,000. However, the political subdivision receives a trade-in allowance of \$10,000 resulting in a cash expenditure of \$45,000. This would still require advertisement for bids as the total "contract cost" of \$55,000 exceeds the amount requiring bids.
- g. Portions of a single construction project may be awarded to several different bidders; however, the value of the total project must be considered when comparing to the bid limit to determine if it must be bid.

Further, when comparing to the bid limit to determine if a project is biddable, the total project value may be reduced for any portion of the project that is exempt from bidding, such as items acquired from federal surplus property or for costs incurred by an entity's own employees and equipment. But the total project value may not be reduced by any portion of the project that was previously bid by yourself or other entities.

Quote vs. Bid

The bid process is a formalized open and competitive procedure utilizing two notices in the legal newspaper to secure proposals. Quotes, on the other hand, are an informal process utilizing phone contact, faxes or other methods to secure proposals. Quotes are used in special purchasing situations such as emergencies or the purchase of fuel and for purchases that are under the bid limit.

Competitive Sealed Proposals

A contract may be entered into by competitive sealed proposals if the purchasing agency determines in writing that the use of competitive sealed bids is either not practicable or not advantageous. (SDCL 5-18-6)

Per SDCL 5-18A-7 the procedures for issuing a contract through competitive sealed proposals are as follows:

- (1) The proposals shall be solicited through a request for proposals. The request for proposals shall state the relative importance of price and other factors, if any;
- (2) Public notice of the request for proposals shall be given pursuant to § 5-18A-14;

- (3) A proposal may be submitted either manually or electronically in a manner authorized by the purchasing agency;
- (4) Each proposal shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be prepared documenting the name and address of each offeror and identifying each offeror awarded a contract. The register shall be open for public inspection after contract award;
- (5) As provided in the request for proposals, a discussion may be conducted with any responsible offeror who submitted a proposal determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Each offeror shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of a proposal. A revision may be permitted after a submission and prior to an award for the purpose of obtaining the best and final offer. In conducting any discussion, there may be no disclosure of any information derived from any proposal submitted by a competing offeror;
- (6) An award shall be made to the responsible offeror whose proposal conforms to the solicitation and is determined in writing to be the most advantageous to the purchasing agency taking into consideration price and the evaluation factors set forth in the request for proposals. No other factors or criteria may be used in the evaluation. The contract file shall contain the basis on which the award is made. Written notice of the award of a contract to the successful offeror shall be promptly given to each offeror. The purchasing agency may reject any and all proposals and readvertise for proposals if none of the proposals are satisfactory, or if the purchasing agency believes any agreement has been entered into by the offerors to prevent competition; and
- (7) This section does not apply to state professional service contracts issued pursuant to § 5-18A-37 and §§ 5-18D-17 to 5-18D-24, inclusive.

Sole Source Procurement

A contract may be awarded for supplies or services without competition if the purchasing agency determines in writing that the supplies or services are of such a unique nature that the contractor selected is clearly and justifiably the only practicable source to provide the supplies or services. The determination that the contractor selected is justifiably the sole source shall be based on either the uniqueness of the supplies or services or the sole availability at the location required. In such cases, the purchasing agency shall conduct negotiations, including price, delivery, and quantity to obtain the most advantageous price and shall include the written verification of the sole source in the contract file. This section does not apply to construction services or construction equipment. (SDCL 5-18A-8)

Emergency Purchases

A purchasing agency may make or authorize others to make an emergency procurement without advertising the procurement if rentals are not practicable and there exists a threat to

public health, welfare, or safety or for other urgent and compelling reasons. Failure to abide by the bid provisions of this chapter and chapters 5-18B, 5-18C, and 5-18D in a timely manner is not an emergency. An emergency procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. (SDCL 5-18A-9)

Exemptions from Bidding

The following type contracts are exempt from bidding:

- a. Purchase of utility services such as electric power, lights, water or gas. (SDCL 5-18A-22 (5))
- b. Any contract for the purchase of supplies from the United States or its agencies or any contract issued by the General Services Administration. (SDCL 5-18A-22 (2))
- c. Equipment repair contracts. (SDCL 5-18A-22 (4))
- d. Purchases of surplus property from another South Dakota purchasing agency. (SDCL 5-18A-22 (10))
- e. Purchases by a local government from the lowest bidder of an item contained on the state price list. The state bid price list may be obtained on the internet at www.state.sd.us/boa/. Double click on "Procurement Management" and then click on "Contracts" to secure of list of state contracts. (SDCL 5-18C-8)

The local government may also purchase items from any vendor, if less than or equal to the state price list but must be the exact same item. Specs used to establish the price of the item(s) to be purchased should be obtained from the State Bureau of Administration to ensure the item being purchased conforms with the item wanted. The specs should also be used to verify the appropriate item(s) has been received. Documentation of purchases utilizing state contracts is to be made in the entity's minutes and retained on file. (SDCL 5-18C-8)

- f. Any purchase of supplies or services, other than professional services, by purchasing agencies from any active contract that has been awarded by any government entity by competitive sealed bids or competitive sealed proposals or from any contract that was competitively solicited and awarded within the previous twelve months. (SDCL 5-18A-22 (3))

A purchase utilizing another entity's bid has to mirror a purchase from a contract that was "awarded" by the original bidding entity. It is not enough that such contract was "bid" by the original entity, it must also have been "awarded".

Contracts may be utilized from any government entity, including those that are out-of-state, however, care must be taken to ensure that payment is made to the original vendor and that the contract was awarded by competitive sealed bids or competitive sealed proposals as defined in SDCL 5-18A-1 (27), 5-18A-5 and 5-18A-7.

When entering into a purchase utilizing another entity's competitive sealed bid contract, strong internal controls would suggest that documents such as the following should be obtained directly from the original bidding entity prior to the purchase:

- i. A copy of the specs;
- ii. A copy of the affidavit of publication;
- iii. A copy of the minutes containing the bid award;
- iv. A copy of the bid invitations.

With the preceding documents, a purchasing agency will be able to determine the actual specifications for the contracted item and that the contract was competitively bid and awarded to the lowest responsible bidder that meeting specifications.

A governing entity may not utilize the bid of another entity if the original bid specifications included a trade-in allowance because no two trade-ins are alike. (AGR 94-08)

If one entity accepts a bid net of trade-in allowances, another entity may not contract with the successful bidder by utilizing the "original bid amount" for a cash outright purchase. The trade-in portion of the original contract is a material specification. (AGR 94-08)

When purchasing off of the bid of another entity, the variance between items purchased by way of an original and then a subsequent bid may not be "material" and that the new item must be in "substantial compliance" with the specifications set out in the original bid letting. (AGR 94-08)

- g. Any purchase by a school district of perishable food, raw materials used in construction or manufacture of products for resale, or for transportation of students. (SDCL 5-18A-22 (12))

No contract for the transportation of students may exceed five years. (SDCL 5-18C-1)

Although state law exempts school districts from having to bid perishable foods, federal law (7CFR 3016.36 (d)), which must also be complied with when utilizing funds that come from the National School Lunch Program's school food service account, does not contain such an exemption. Federal regulations establish a tiered process whereby purchases of \$150,000 or less require that quotations be obtained from an adequate number of qualified sources. (a.k.a. simplified acquisition threshold). Contracts of greater than \$150,000 would entail a process that is publicly advertised, and bids shall be solicited from an adequate number of known suppliers. This may be accomplished by utilizing either competitive sealed bids or competitive sealed proposals. Evidence outlining the steps performed and bids/quotes received should be gathered and retained.

- h. Any contract for asbestos removal in emergency response actions and any contract for services provided by individuals or firms for consultants, audits, legal services, ambulance services, architectural services and engineering, insurance, real estate services, or auction services. (SDCL 5-18A-22 (16))

- i. Chemical and biological products; laboratory apparatus and appliances; published books, maps, periodicals and technical pamphlets; works of art for museum and public display; medical supplies. (SDCL 5-18A-22 (5))
- j. Contracts for ambulance service. (AGR 84-42)
- k. Any amendment or change order to an existing contract for construction, reconstruction, or remodeling of a public improvement does not need to be bid if:
 - 1. The contract contains unit prices for the same type or class of work;
 - 2. The change or extra work is necessitated by circumstances related to soils, utilities, or unknown conditions directly affecting the performance of the work that were not reasonably foreseeable at the time the underlying contract was let and the change or extra work is necessary to the completion of the public improvement; or
 - 3. The sum of the proposed amendment or change order plus the sum of all other prior unbid amendments or change orders, exclusive of change orders issued under subdivisions (1) and (2) of this section, does not exceed the following:
 - a. For contracts not more than \$500,000, the greater of \$25,000 or 15% of the base contract;
 - b. For contracts exceeding \$500,000 but not more than \$2,500,000, the greater of \$75,000 or 10% of the base contract; and
 - c. For contracts exceeding \$2,500,000, the greater of \$250,000 or 5% of the base contract. (SDCL 5-18B-19)
- l. Purchases of material, supplies or equipment made at public sale or auction if the following conditions are met:
 - 1. If purchases are made at substantial savings.
 - 2. Competitive quotations are obtained from at least three suppliers of identical or similar material, supplies.
 - 3. Purchases are made at less than 80% of the average of the quotations received.
 - 4. A record of the names of the suppliers, quotations received and the procurement procedures used in purchasing shall be documented, indicated in the minutes and retained on file. (SDCL 5-18C-3)
- m. Purchases of real property having a particular use or benefit. Even though an entity may not have to legally bid a particular real estate transaction, it generally is prudent and advisable to obtain an appraisal and other supporting documentation to provide the necessary analysis of the purchase at hand. (AGR 1959-60, p. 142; AGR 1963-64, p. 146)

- n. Purchases of less than \$50,000. (SDCL 5-18A-14))
- o. If, after advertising for bids, no firm bids are received, the purchasing agency may negotiate a contract for the purchase of the supplies, services, or public improvement projects at the most advantageous price, if the specifications of the original bid are met. (SDCL 5-18A-5 (9))
- p. Any animals purchased. (SDCL 5-18A-22 (11))
- q. Guaranteed energy savings contracts. (SDCL 1-33B-9)
- r. Urban renewal projects as authorized by SDCL 11-8-36.
- s. Communications technologies, computer hardware and software, peripheral equipment, and related connectivity. (SDCL 5-18A-22 (5))
- t. Tableware and perishable foods are exempt from bidding. The purchase of prepared meals on the other hand would be a biddable contract. (SDCL 5-18A-22 (5)) (AGR 73-43)
- u. If a municipality requires a developer to install water, sanitary sewer, and storm sewer trunk lines or mains; sewer collection systems; or streets at the expense of the developer and the municipality requires the size of the trunk line or main, sewer collection systems, or streets to be larger than the developer's requirements, the price difference paid by the municipality and as determined by a licensed engineer's estimate is exempt from bidding.

If a developer installs a regional storm sewer detention pond ahead of a municipality's schedule at the expense of the developer, the price of the pond construction paid by the municipality and based on certified quantities provided by a licensed engineer is exempt from bidding. (SDCL 5-18C-4)
- v. Any purchasing agency may enter into agreements with purchasing agents in this or any other state or the United States government under which any of the parties may agree to participate in, administer, sponsor, or conduct purchasing transactions under a joint agreement or contract for the purchase of supplies or contractual services. A purchasing agency may cooperate with purchasing agencies and other interested parties in any other state or the United States government to develop uniform purchasing specifications on a regional or national level to facilitate cooperative interstate purchasing transactions. (SDCL 5-18A-37)
- w. (Water User Districts) If all or a portion of the cost of the proposed works is to be met by grant of labor or a grant-in-aid from a federal or state agency, does not require the use of any state or federal funds in the proposed works, or under other contract with a federal or state agency, and the rules of such agency provide that work may not be done by contract, the board of directors may proceed with the necessary construction or other work without first complying with any of the provisions of §§ 46A-9-52 to 46A-9-54, inclusive.

While the above types of contracts and/or purchases are exempt from the bidding process, it may be in the best interests of the entity to solicit bids or quotes before purchasing. This will ensure the entity the best possible price has been obtained.

Bid Specifications

Brand Names:

Brand name or equal specifications shall seek to designate three, or as many different brands as are practicable, as "or equal" references and shall further state that substantially equivalent products to those designated will be considered for award. Unless the purchasing agency determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional, or performance characteristics which are required. If a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition. (SDCL 5-18A-19)

Preferences:

Except for canned meat food products that are not available from a domestic source, no purchasing agency may purchase any meat food products that are the products of any foreign country or that are imported from outside the boundaries of the United States. (SDCL 5-18A-23)

Any milk processor licensed pursuant to § 39-6-7, bidding any milk or milk product under a competitive bid contract, shall receive the bid contract if the processor's bid is equal to, or within five percent or less, of any other bidder who is not a licensed processor. (SDCL 5-18A-24)

In awarding a contract, if all things are equal, including the price and quality of the supplies or services, a purchasing agency shall give preference:

- (1) To a qualified agency if the other equal low bid or proposal was submitted by a business that was not a qualified agency;
- (2) To a resident business if the other equal low bid or proposal was submitted by a nonresident business;
- (3) To a resident manufacturer if the other equal low bid or proposal was submitted by a resident business that is not a manufacturer;
- (4) To a resident business whose principal place of business is located in the State of South Dakota, if the other equal low bid or proposal was submitted by a resident business whose principal place of business is not located in the State of South Dakota; or
- (5) To a nonresident business providing or utilizing supplies or services found in South Dakota, if the other equal low bid or proposal was submitted by a nonresident business not providing or utilizing supplies or services found in South Dakota.

In computing price, the cost of transportation, if any, including delivery, shall be considered. (SDCL 5-18A-25)

A resident bidder shall be allowed a preference on a contract against the bid of any bidder from any other state or foreign province that enforces or has a preference for resident bidders. The amount of the preference given to the resident bidder shall be equal to the preference in the other state or foreign province. (SDCL 5-18A-26)

The Bureau of Administration shall maintain a current list of all states that have a resident bidder preference law and the amount or percent of preference taken by each state. The bureau shall make the list available upon request to any purchasing agency. (SDCL 5-18A-27)

A purchasing agency may give preference to the purchase of supplies manufactured from recycled or biobased materials if the bids are within five percent of the lowest bid offering nonrecycled or nonbiobased materials. (SDCL 5-18A-30)

Except as stipulated in the preceding paragraphs, there is currently no provision to award a bid preference to a vendor just because the vendor is located within the city, county, school district or immediate trade area.

Bid Bonds:

If the invitation for bids is for the construction of a public improvement, each bid shall contain a certified check or a cashier's check, for five percent of the amount of the bid. Such check shall be certified or issued by either a state or a national bank and payable to the purchasing agency or to an officer of the purchasing agency letting the contract and inviting bids. In lieu of a check, a bid may contain a bid bond for ten percent of the amount of the bid. Such bond to be issued by a surety authorized to do business in this state payable to the purchasing agency, as a guaranty that the bidder will enter into a contract with the purchasing agency. (SDCL 5-18B-2, 13-20-7.1)

Although not specifically required, entities have implied authority to require bid (surety) bonds for purchases of supplies or services. (AGR 79-2, SDCL 13-20-7, 5-18A-35)

No offeror or bidder may be required to leave the bond or security posted for a longer period than that allowed by SDCL 5-18A-5 if the bid or proposal is not accepted. The bond or approved security of the successful offeror or bidder shall be returned upon the signing of the contract. (SDCL 5-18A-35)

Notwithstanding the provisions of § 5-18B-2, the requirement of a bid bond, certified or cashier's check, cash, or other security may be waived by the purchasing agency if the bid submitted does not exceed the limit established pursuant to § 5-18A-14 for a public improvement. (SDCL 5-18B-3)

Performance Bonds:

Except for highway contracts as stipulated in SDCL 31-12-15, when any contract is entered into for the construction of a public improvement or the furnishing of any material or labor for the improvement, the contractor must furnish a performance bond in an amount equal to the contract price. This bond guarantees the faithful performance and the payment for labor and materials by the contractor. (SDCL 5-21-1, 13-20-7.1, 5-18A-36)

If the contract includes total cost bidding, the attorney general has stated it would be prudent for an entity to require a performance bond for the cost of repairs and guaranteed repurchase cost. (AGR 86-01)

The requirement of a performance security may be waived by a public corporation if the bid submitted does not exceed the limit established pursuant to SDCL 5-18A-14 for a public improvement. (\$100,000) (SDCL 5-21-1.1)

The requirement of a performance security may be waived by a public corporation if the procurement meets the requirements established pursuant to § 5-18A-9 (emergency procurement). (SDCL 5-21-1.3)

Architects:

Based upon the square footage and type of building project undertaken, SDCL 36-18A-9 promulgates when the services of an architect are required.

No person, firm or corporation may act as architect or engineer and also as contractor or construction manager on any public improvement project when the amount expended will exceed \$100,000. (SDCL 5-18B-15) (See also design-build) (AGR 11-01)

Design Build:

A purchasing agency may enter into design-build contracts for public improvements if the conditions found in SDCL 5-18B-20 are met. (SDCL 5-18B-20 through 38)

Construction Manager:

Any purchasing agency may engage a construction manager-agent for a project. No construction manager-agent may contract directly with any contractor or supplier for the project. (SDCL 5-18B-39, 40, 41)

A purchasing agency may engage a construction manager-at-risk if it determines that it is in the public interest to utilize their services. The construction manager-at-risk shall directly contract with subcontractors and suppliers for the project. (SDCL 5-18B-39, 40, 42, 43, 44) (AGR 11-01)

Advertisement for Competitive Sealed Bids

Advertisement for competitive sealed bids must be published in the newspaper at least twice prior to opening of bids. The first publication shall appear as a legal notice in the entity's appointed legal newspaper; however the second publication can be in any other legal newspaper in the state. (SDCL 5-18A-14) (AGR 85-24)

The first publication must be made at least 10 days prior to the date for the opening of bids or the deadline for submission of proposals. (SDCL 5-18A-14)

The invitation for bids shall include a purchase description, all contractual terms and conditions applicable to the procurement. The invitation for bids for supplies shall include the length of time, not to exceed forty-five days, between the bid opening and the award of the bid. (SDCL 5-18A-5)

The advertisement shall state the time and place where bids will be opened or the deadline for the submission of proposals. In each notice, the purchasing agency shall reserve the right to reject any and all bids or proposals. (SDCL 5-18A-14)

If the entity has no official newspaper, the legal notice for bids is to be published in a legal newspaper with a general circulation in the purchasing agency's area. (SDCL 5-18A-14)

Purchasing agencies may also participate in a centralized bid exchange established by the Bureau of Administration. Bid specifications are provided to the exchange by purchasing agencies. The bid exchange then makes these bid requirements available to the vendors participating in the exchange. (SDCL 5-18A-13)

Opening of Bids

Each bid shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid, and such other relevant information as may be specified, together with the name of each bidder shall be recorded. Except as otherwise provided by law, the record and each bid shall be open to public inspection. (SDCL 5-18A-5 (4))

While most bids are opened at regular or special board meetings, they may be opened at a different time and place as specified in the bid advertisement. The entity, by authorization in the bid specs, may set an alternate date and time for the opening of bids. However, no authority exists to postpone the date on which bids must be received. Only those bids received by the original date are permitted to be opened. (AGR 85-24) (AGR 72-77)

Since statute only allows for "sealed" bids to be submitted, a vendor may not FAX a bid directly to the entity.

At a minimum, the winning bidder should be spread in the minutes by vendor, description and amount.

Tabling of Bids

The contract for services or public improvement shall be awarded within thirty days and the contract for supplies shall be awarded within forty-five days of the bid opening by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids. The purchasing agency may reject any and all bids and readvertise for bids if none of the bids are satisfactory, or if the purchasing agency believes an agreement has been entered into by the bidders to prevent competition. (SDCL 5-18A-5 (7), 7-25-9) (AGR 1959-60, p. 380; AGR 72-77)

If an invitation for a bid for airport improvements states that the requirement the bid be awarded within thirty days has been waived, the provisions of SDCL 5-18A-5(7) and SDCL 5-18B-9 do not apply. If the bid award time exceeds thirty days, any bid may be withdrawn by the bidder without jeopardizing the bid bond. This section only applies to any improvement project that relies on federal funding from the federal aviation administration. (SDCL 5-18B-46)

Withdrawal and Modification of Bids

Any bid may be withdrawn by letter, in person or by electronic communications. Any bid may be modified by mail, FAX or electronic notice provided such notice is received no later than the time set for the opening of bids. The electronic notice or FAX cannot reveal the bid price but only the addition or subtraction to the bid price. An electronic notice or FAX may not be withdrawn after the opening of the bid and all FAX and electronic notices must be confirmed in writing before the awarding of the contract. (SDCL 5-18A-5 (6))

The purchasing agency may waive technical irregularities in the bid or proposal of the low bidder or offeror which irregularities do not alter the price, quality, or quantity of the services, or items of tangible personal property bid or offered. Any decision to permit the correction or withdrawal of a bid, or to cancel an award or a contract based on a bid mistake, shall be supported by a written determination made by the purchasing agency, and included in the bid file. (SDCL 5-18A-5 (6))

No bid can be changed or altered verbally by telephone. (SDCL 5-18A-5 (6))

Lowest Responsible Bid

If the low bidder is not responsible or the bid is not made in accordance with the requirements of this chapter and chapters 5-18B, 5-18C, and 5-18D or the low bid is withdrawn as authorized by this section, the bid of the next lowest responsible and responsive bidder may be accepted. (SDCL 5-18A-5 (7))

In the event total cost bidding is a part of the bidding procedure, the attorney general has stated that the time use of money has to be considered as a part of the bid. To consider the time use of money, an interest rate must be specified in the bid notice. This interest rate is then used to put each of the conditions of the contract (guaranteed repairs, maintenance and repurchase price) into a present value so that each of the bids may then be made comparable. (AGR 86-01)

If two or more competitive sealed bids submitted are identical in price and product quality, the bids are the low bid, and no resident bidder preference is applicable (see preferences section of this booklet), the purchasing agency may:

- (a) Award the bid by lottery to one of the identical low bidders; or
- (b) Reject all the bids and resolicit bids for the required supplies, services, or public improvement. (SDCL 5-18A-5 (10))

Rejection of Bids

The purchasing agency has the right to reject any and all bids if they feel the bids are not satisfactory or if they believe an agreement has been entered into to prevent competition. (SDCL 5-18A-5 (7))

Awarding of Bids

If the lowest responsive and responsible bid for a public improvement project exceeds the final estimated project cost a purchasing agency may negotiate with that low bidder for the construction of a public improvement at the most advantageous price. (SDCL 5-18B-5)

If other than the lowest bid is accepted, the board minutes should clearly document the reasons why the lowest bid was not accepted. (1955-56, p. 286)

A public body cannot reject the low bidder and accept another if the low bid is in conformance with the specifications, is in compliance with the statutory bid laws and the low bidder is responsible. (AGR 91-10)

When purchasing off of the bid of another entity, the second government entity may purchase an alternative model item from the low bidder as long as the item purchased from the lowest responsible bidder contains no material variance from the original specifications. (AGR 94-08)

A local government may not award a public highway or street contract to a contractor unless that contractor has been issued a highway contractor fuel tax license. (SDCL 10-47B-69)

Unconditional rebates may be considered when performing the calculations to determine the lowest responsible bidder.

No public corporation may award any contract for the construction of any public improvement unless the public corporation has verified with the Department of Revenue that the contractor has a contractor's excise tax license pursuant to chapter 10-46A or 10-46B. (SDCL 5-18B-17)

Negotiation of Contract When No Bids Are Received

If, after advertising for bids, no firm bids are received, the purchasing agency may negotiate a contract for the purchase of the supplies, services, or public improvement projects at the most advantageous price, if the specifications of the original bid are met. (SDCL 5-18A-5 (9))

Progress Payments - Retainage

Progress payments to contractors are allowed based upon estimations of work completed but any prepayment for work not yet done would constitute payment for goods or services not yet received and would therefore, be contrary to statute. An amount necessary to complete the improvement shall be retained from the final payment until the contract is executed in full and the public improvement completed to the satisfaction and acceptance of the purchasing agency. (SDCL 5-18B-11)

Fuel Purchases

Fuel purchased by local government units. The bid requirements of this chapter and chapters 5-18A, 5-18B, and 5-18D do not apply to the purchase of fuel by units of local government. The governing board of a unit of local government may, instead of advertising for bids, negotiate a contract for the purchase of fuel at the most advantageous price. The governing board shall

contact and attempt to obtain competitive quotations from at least three suppliers. A record of the names of the suppliers, the quotations received and the procurement procedures used in purchasing shall be documented, noted in the minutes, and retained on file by the governing body. The contract may include a procedure for adjusting prices to meet changing market conditions not within the control of the vendor. (SDCL 5-18C-6)

Fuel is a material used to produce heat and power such as gas, diesel, fuel oil, coal, propane, natural gas, etc.

Written Contracts

Each contract shall be in writing, shall have the printed name of the individual signing the contract, and shall be signed on behalf of the purchasing agency by the authorized officials. Failure to comply with the requirements for a printed name under this section does not void the terms or purpose of the contract. (SDCL 5-18A-21)

If a contract is based upon plans and specifications prepared by an architect or engineer, the contract's terms and conditions shall comply with the provisions provided in the "General Conditions of the Contract for Construction," Fourteenth Edition, by the American Institute of Architects in effect on January 1, 2010, the "ConsensusDOCS 200 Standard Agreement and General Conditions Between Owner and Contractor," by ConsensusDOCS LLC in effect January 1, 2010, or the "Standard General Conditions of the Construction Contract," 1990 Edition, by the Engineer's Joint Contract Documents Committee, in effect January 1, 2010, except when in conflict with the laws of this state. However, the purchasing agency may modify or delete, on a contract by contract basis, any portion of the "General Conditions of the Contract for Construction," "ConsensusDOCS 200 Standard Agreement and General Conditions Between Owner and Contractor," or the "Standard General Conditions of the Construction Contract." (SDCL 5-18B-10)

Counties, municipalities, townships and school districts may enter into multiple year contracts for the lease purchase of real or personal property. (SDCL 7-21-16.1, 9-21-18.1, 8-10-32 and 13-16-6)

A clause that is found in some contracts but has been ruled as being in noncompliance is an "exclusivity" clause. Usually found in multiple year contracts, this clause prevents an entity from leasing or purchasing any other "similar" equipment during the duration of the contract. (AGR 85-12)

Reverse Auctions

Reverse Auction – a purchasing process in which bidders submit bids in competing to sell supplies or nonprofessional services in an open environment via the internet. (SDCL 5-18A-1)

A purchasing agency may conduct an online reverse auction for the procurement of supplies or nonprofessional services, if the purchasing agency determines in writing that a reverse auction is appropriate for the specific procurement. No reverse auction may be used to establish contracts for public improvements, professional services, or indefinite quantity supply purchases. (SDCL 5-18A-39)
