Subject: Fiscal Year (FY) 2025 Other Fund Information by Agency

The following pages provide information intended to assist the Government Operations and Audit Committee in their review of the 'Other Funds' administered by the state. The amounts shown were obtained primarily from the state's accounting system and are unaudited. The state's accounting system utilizes cash basis accounting. As a result, the cash balances shown may not represent available spendable resources since there may be obligations or commitments outstanding at yearend. The accounting system's coding structure utilizes a field called the Company. A Company may represent one or more statutorily created funds or other activity for which separate accountability is maintained.

Pages 2-7 provide a listing of the funds by agencies with a recap of the assets, revenue and expenses. Pages 8-12 provide a listing of the cash balances of the various funds of the state which are held in the State Treasury. These monies are pooled for investment purposes in what is referred to as the Cash Flow Portfolio (sometimes incorrectly referred to as the Cash Flow Fund). A layperson's description of the Cash Flow Portfolio would be that it is an account where all of the State's idle monies have been pooled for investment purposes. There is a separate audit report issued annually by our office for the State Investment Council's portfolios. In this report, this portfolio is separated from the other managed portfolios because it has specific classes of securities and investments that it can be invested in. Generally speaking, these investments are shorter in duration and less risky so as to not tie up the available cash flow needed to run the state's operations.

Included at the end of the report is information provided by the Board of Regents regarding their funds (pages 339-350).

As noted earlier, the amounts shown were obtained primarily from the state's accounting system and are unaudited. The Government Accounting Standards Board passed a new standard which changed the reporting for fiduciary funds starting for State fiscal year 2022. One of these changes eliminated the use of agency funds and created a new fund type called custodial funds. The state's accounting system still uses agency funds and not custodial funds so those changes are not reflected in this report.

Company Name: Reinvestment Payment Fund Fund Name: Reinvestment Payment Fund

Fund Type: Agency Fund (reported in General Fund for ACFR)

**Purpose:** SDCL 1-16G-64 created the Reinvestment Payment Fund for the purpose of making reinvestment payments pursuant to the provisions of §§ 1-16G-56 to 1-16G-68, inclusive, and new frontiers payments. The program allows for project owners to receive a reinvestment payment, not to exceed the South Dakota sales and use tax paid on project costs, for new or expanded facilities with project costs in excess of \$20,000,000, or for equipment upgrades with project costs in excess of \$2,000,000. Applications are made to the Board of Economic Development. One of the key criteria considered by the board when approving or denying an application is the likelihood the project would have occurred without the reinvestment payment.

Source: If the Board of Economic Development approves a reinvestment payment pursuant to the provisions of §§ 1-16G-56 to 1-16G-68, inclusive, the Department of Revenue shall deposit a portion or all of the sales and use taxes paid by the project owner up to a maximum amount of the reinvestment payment approved by the board. If the board approves a new frontiers payment pursuant to the provisions of this Act, the Department of Revenue shall deposit into the fund a portion or all of the sales and use taxes paid by the program owner up to a maximum amount of the new frontiers payment approved by the board.

Use: The funds in the reinvestment project fund are continuously appropriated to GOED to make reinvestment payments pursuant to §§ 1-16G-56 to 1-16G-68, inclusive, and new frontiers payments. If any money deposited in the fund and set aside for a specific reinvestment payment or new frontiers payment is in excess of the final reinvestment or new frontiers payment or the specific project or program becomes ineligible for the reinvestment or new frontiers payment, such money shall be deposited into the general fund. Interest earned on money in the fund shall be deposited into the general fund.

**Budget Information:** Agency funds are not appropriated.

Company Name: Health Care Trust Fund Name: Health Care Trust Fund Fund Type: Special Revenue

**Purpose:** Const. Art XII Section 5 created the Health Care Trust Fund. Source: Any funds on deposit in the intergovernmental transfer fund as of 7/1/01, and thereafter any funds appropriated to the fund. In FY2021, \$50 million was transferred to the fund from the State General Fund. The Investment Council shall invest the health care trust fund in stocks, bonds, mutual funds, and other financial instruments as provided by law. Use: Beginning in FY03, the state treasurer shall make an annual distribution from the Health Care Trust Fund into the General Fund to be appropriated for health care related programs. The calculation of the distribution shall be defined by law and may promote growth of the fund and a steadily growing distribution amount. The Health Care Trust Fund may not be diverted for other purposes nor may the principal be invaded unless appropriated by a three-fourths vote of all the members-elect of each house of the Legislature. The original principal and any funds thereafter deposited or appropriated to the trust fund shall forever remain inviolate.

SDCL 4-5-29.1 states that the state investment officer shall determine the market value of the health care trust fund as of December 31, 2003, and each calendar year thereafter less the investment expenses transferred pursuant to § 4-5-30. The state investment officer shall calculate an amount equal to four percent of that market value, without invading principal, as eligible for distribution. For the purpose of this section, the term, principal, means the sum of all contributions to the fund. Beginning with the distribution in fiscal year 2008, the market value shall be determined by adding the market value of the trust fund at the end of the sixteen most recent calendar quarters as of December thirty-first, and dividing the sum by sixteen. Upon notice of that amount by the state investment officer, the state treasurer shall transfer the amount from the health care trust fund to the state general fund as soon as practicable after July first of the next fiscal year.

Budget Information: Not included in the General Appropriations Bill.

**Additional Information:** A separate audit report of the State Investment Council is available on Legislative Audit's website which will provide, along with other information, the market value of the fund.

The initial corpus of the trust fund was \$85,631,023.97.

Budget Information: Not included in the General Appropriations Bill.

**Additional Information:** The Education Enhancement Funding Corporation (EEFC) was organized under chapter 5-12 to purchase of the State's right to all of its future interest in tobacco settlement revenues. The EEFC sold bonds and the proceeds were used to purchase the State's future tobacco settlement revenues. The revenue from that sale was deposited to this fund. A Residual Certificate was also issued in which the EEFC and trustee annually calculate the residual amount, if any, that exists after payment of the bonds and other liabilities of the EEFC. This is paid to the State and is recorded as other revenue above. In FY2018 an additional settlement amount was received from disputed funds held in escrow.

A separate audit report of the State Investment Council is available on Legislative Audit's website which will provide, along with other information, the market value of the fund.

The initial corpus of the trust fund was \$329,329,930.47.

Company Name: Education Enhancement Trust Fund Name: Postsecondary Scholarship Grant Fund

Fund Type: Special Revenue

Purpose: SDCL 13-55A-14 created the Postsecondary Scholarship Grant Fund. Source: In FY2016 the fund received a transfer of the original contribution of \$1.5 million from the Critical Teaching Needs Scholarship Fund pursuant to § 13-55-64 and \$1.5 million from the Need-Based Grant Fund. The state investment officer calculated the fair value of the transfer amounts for purposes of the monthly calculations per § 4-5-29.2 using the most recent monthly calculation applied to the most recently calculated total fair value of the Education Enhancement Trust Fund. The fund also received \$2.1 million from a General Fund appropriation of \$2.1 million and a transfer of \$1.4 million from the Tuition and Fees Fund created by § 13-53-15. Use: The purpose is for providing grants and scholarships through the Board of Regents for the need-based grant program pursuant to chapter 13-55A and the critical teaching needs scholarship program pursuant to §§ 13-55-64 to 13-55-71, inclusive. All distributions from the South Dakota postsecondary scholarship grant fund are subject to transfer to the general fund and expenditure of all distributions shall be by an appropriation by the Legislature through the General Appropriations Act or special appropriations acts for the postsecondary scholarship grant programs consistent with the provision of S.D. Const., Art. XII, § 6, and § 4-5-29.2. The board may accept any gifts, contributions, or funds obtained from any other source for the purpose of carrying out the provisions of this section. For each fiscal year, the board may determine the amounts awarded for each scholarship grant program and shall award all available funds from the postsecondary scholarship grant fund annual transfer pursuant to § 4-5-29.2.

Per § 4-5-29.2, for fiscal year 2017, the portion of the transfer to the general fund for the postsecondary scholarship grant programs shall be \$126,707.35. Beginning in fiscal year 2018, the portion of the transfer to the general fund for the postsecondary scholarship grant programs, shall be calculated by the state investment officer based on the relative share of the contributions made to the postsecondary scholarship grant fund created pursuant to § 13-55A-14 to the most recently calculated total fair value of the education enhancement fund including the contribution. The calculation shall be updated monthly to reflect any additional contributions to the education enhancement trust fund and the portion of the transfer to the general fund for the postsecondary scholarship grant programs shall be based on the average of the monthly calculation as of December thirty-first, using the months available for the first forty-eight months and then the most recent forty-eight calendar months thereafter.

Budget Information: Not included in the General Appropriations Bill.

**Additional Information:** A separate audit report of the State Investment Council is available on Legislative Audit's website which will provide, along with other information, the market value of the Education Enhancement Trust Fund.

**Company Name:** Budgetary Accounting Fund **Fund Name:** Budgetary Accounting Fund

Fund Type: Internal Service

**Purpose:** SDCL 4-7-25.2 created the Budgetary Accounting Fund. Sources: 4-7-25.4 The fee schedule for the services shall be designed, to the extent practicable, to recover all costs incurred in the operation of the service agency. No charges shall be assessed for budgetary accounting services performed in relation to general fund accounts. Uses: To defray the expenses of the budgetary accounting services provided.

Budget Information: Included in the General Appropriations Bill.

#### **Additional Information:**

BFM is allowed to bill for some of the General-funded agencies which is one of the reasons the balance has been able to grow in this fund. An example is the Dept. of Legislative Audit memo bills the Bureau of Finance and Management for costs associated with auditing the state's annual financial report that cannot be specifically billed to other agencies. The BFM would include the memo bill amounts into what they are recovering through their rates but, because they did not incur a cost in their company 6010, revenue will exceed the expenses creating a cash balance.

Company Name: State IT Modernization Fund Fund Name: State IT Modernization Fund

Fund Type: To be rolled into General Fund for ACFR reporting

Purpose: 2021 HB 1261 created the State IT Modernization Fund in a new §1-33-64. However, HB1261 was tabled. Source: Funded with \$10 million transferred from the General Fund per SL 2021 SB 64. SB 64 was a revision to the FY2021 appropriation bill and did not establish the new fund. Additional funds were transferred to the State IT Modernization Fund based on additional bills being passed during subsequent legislative sessions as well. Use: Per HB 1261 which was tabled, SDCL 1-33-64 stated the moneys in the fund shall be used to replace or update applications and programs difficult or costly to fix or that have a propensity to fail regularly, as well as to improve digital access to state agency information for the public. The fund shall be under control of the Bureau of Information and Telecommunications. Any amounts appropriated in this Act not lawfully expended or obligated by June 30, 2025 shall revert to the General Fund. Because HB 1261 was tabled this reversion likely does not apply.

Company Name: Insurance Administration Fund Name: State Employees Benefits Plan Fund

Fund Type: Internal Service

**Purpose:** SDCL 3-6E-1 created the State Employees Benefits Plan Fund. SDCL 3-6E-1 authorized that the Bureau of Human Resources may establish a benefits plan, for plan-eligible employees of the state. The plan may either be self-funded or established as a group health insurance program. The plan may provide for group health coverage against the financial cost of hospital, surgical, pharmacy, and medical treatment and care, and any other coverage or benefits the human resources commissioner determines is appropriate and desirable. The human resources commissioner may include a flexible benefit plan which allows an employee to choose the employee's own benefits or levels of coverage. Source: Deductions from employers and employees. Use: Operating costs of the self-insurance program.

**Budget Information:** Included in the General Appropriations Bill except health insurance claims which are not included in the General Appropriations Bill.

Fund Name: Livestock Ownership Inspection and Theft Prevention Fund

Fund Type: Enterprise

Purpose: SDCL 40-21-9 created the Livestock Ownership Inspection and Theft Prevention Fund. Source:

Inspection fees. Use: Operation of the ownership inspection program.

In FY2009, this fund began accounting for the Brand Fund Inspection Subfund. These brand inspection services were previously provided for under a contract between the Brand Board and the S.D. Stockgrowers. SDCL 40-20-28 states that the board may charge and collect a fee from any open market for services pertaining to the brand inspection of livestock as required by chapters 40-20 and 40-21. Use: The amount of such fees shall be based upon the cost of providing ownership inspection at the market and shall be collected if the current inspection income does not cover the cost of brand inspection. SDCL 40-18-16 established a fee of up to \$1 for each head of livestock.

**Purpose:** In 2007 the Department purchased lands from Homestake Mining Company in the Spearfish Canyon area for around \$3.2 million. The source of funds used for that purchase were settlement dollars awarded to the state for damages to the state's natural resources. The damage was caused by Homestake and the settlement was awarded through the federal Natural Resource Damage Assessment, Restoration Management Team.

The \$600,000 represents dollars remaining from the settlement that were not used to purchase the properties. A June 5, 2006 notification letter from the Natural Resource Damage Assessment, Restoration Management Team, approves the creation of the \$600,000 Operation & Maintenance Restricted Fund. The approval letter outlines the restricted uses of the fund and its interest. "Monies from this fund [O&M Fund] may only be expended for projects and activities that replace, restore or enhance trust resources and/or to acquire additional Homestake Mining Company properties in Spearfish Canyon."

Due to the fact that the Parks Division will be responsible for the management of the newly acquired properties; the dollars were transferred from company 3122 to 3125.

Company Name: Local Donated (DSS)
Fund Name: Prescription Drug Plan Fund
Fund Type: Special Revenue Fund

**Purpose:** Administratively created fund. Source: The Human Services Center and the SD Developmental Center serve people who are considered "dual eligibles" meaning they are eligible for both Medicaid and Medicare funding. As a result, their prescription drug costs will no longer be covered by Medicaid. These costs will be covered by a prescription drug plan (PDP) that has entered into an agreement with Medicare through Part D of the Medicare Modernization Act.

HSC & SDDC are required to bill the PDP that each dual eligible person is in enrolled with for the prescription drugs prescribed to that person in each of our facilities. This fund was created to track the revenues and build this revenue back into our pharmacy budgets to pay for the pharmacy costs associated with the dual eligible population. This revenue will replace the lost Medicaid funding within each of these budgets.

Source: Within twenty days of a project commencement date, the pipeline company shall make an initial deposit to the PEACE fund equal to five percent of the bond required under § 34-53-13. The project account and fund may only be used in accordance with this chapter, and any remaining balance shall be remitted to the pipeline company no later than eighteen months after the project completion date less the amount equal to unresolved disputed claims under § 34-53-9. Use: Money in the fund may be used to pay administrative costs and extraordinary expenses incurred by the state or a political subdivision, arising out of or in connection with pipeline construction. The department shall administer the fund and maintain separate accounts for each project. All money received by the department for the PEACE fund shall be set forth in an informational budget and be annually reviewed by the Legislature. (This section is repealed effective June 30, 2025 pursuant to SL 2019, ch 157, § 19.) The fund is continuously appropriated to the department.

Company Name: Dept. of Human Services - Other

Fund Name: Prescription Drug Buy Fund

Fund Type: Special Revenue

**Purpose:** Administratively created fund. Source: The SD Developmental Center-Redfield serves people who are considered "dual eligibles" meaning they are eligible for both Medicaid and Medicare funding. As a result, their prescription drug costs will no longer be covered by Medicaid. These costs will be covered by a prescription drug plan (PDP) that has entered into an agreement with Medicare through Part D of the Medicare Modernization Act.

The SDDC is required to bill the PDP that each dual eligible person is enrolled with for the prescription drugs prescribed to that person in each of our facilities. This fund was created to track the revenues and build this revenue back into our pharmacy budgets to pay for the pharmacy costs associated with the dual eligible population. This revenue will replace the lost Medicaid funding within each of these budgets.

Company Name: Attorney General-Other Fund Name: Drug Control Fund (Local Account)

Fund Type: Special Revenue

**Purpose:** SDCL 34-20B-64 created in the Drug Control Fund. Use: The attorney general may authorize expenditure of moneys in the fund for purchase of controlled drugs and substances, as defined in this chapter, by authorized agents of the attorney general from unregistered dispensers and distributors. All disbursements from the fund shall be made on warrants drawn by the state auditor on vouchers approved by the attorney general. Any moneys in the fund in excess of two hundred fifty thousand dollars shall be available for distribution by the attorney general. Upon application by any local law enforcement agency, any drug law enforcement task force or the division of highway patrol, the attorney general may authorize release of any such available moneys in the fund for the purpose of assisting local law enforcement agencies in drug control and drug offender apprehension efforts.

Budget Information: Not included in the General Appropriations Bill.

#### **Additional Information:**

From prior GOAC meeting: Grants from fund must be drug related. Have used \$500,000 annually to match to the Attorney General drug grant. Prior to FY18 there was a year-end entry on the accounting system to record the fiscal year activity and ending balance in the local account. It does not appear that this is being made any more.

**Purpose:** SDCL 5-10-1 states that the income from the leased lands of each class of School and Public Lands and the interest on the Permanent Fund of that class shall be assigned by the State Treasurer to a fund to be known as the Interest and Income Fund of such class. This fund is used for the deposit of receipts from investments, minerals, surface leases, interest on sale contracts and other sources prior to their apportionment to the permanent funds and to universities or other institutions. Amendments in the 2017 and 2018 Session Laws provided that income from certain commercial leases are to be continuously appropriated to the endowed institution for use in maintaining the property and supporting the operations of the endowed institution.

SDCL 5-10-1.1 created the Board of Regents Endowed Institution Interest and Income Fund. Source: Per SDCL 5-10-1.2, the Commissioner of School and Public Lands shall deposit revenue collected for state endowed institutions under the control of the Board of Regents pursuant to § 5-10-1 and chapters 10-4 and 10-6 in the Board of Regents Endowed Institution Interest and Income Fund, created by § 5-10-1.1, and credit the appropriate institutional account within the fund. Use: On a periodic basis the commissioner shall allocate the money to the appropriate institutions. The total allocation for an institution for a fiscal year shall be the lesser of that institution's revenue for the fiscal year plus the beginning cash balance of the institution's account or:

\$ 236,041 for the University of South Dakota;

\$ 548.451 for South Dakota State University:

\$ 133,022 for South Dakota School of Mines and Technology;

\$ 183,393 for Northern State University;

\$ 173,360 for Dakota State University;

\$ 173.360 for Black Hills State University:

\$ 97,959 for the School for the Deaf;

\$ 94,712 for the School for the Blind and the Visually Impaired; and

\$ 77,745 for the Agricultural Experiment Station

SDCL 5-10-1.2 also states that revenue in excess of the allocation shall be credited to the corresponding institutional account. If the cash balance of any institutional account exceeds fifty percent of the maximum allocation for that institution at the end of the fiscal year, the commissioner shall allocate the portion over fifty percent to the institution in the next fiscal year in addition to the normal allocation.

SDCL 5-10-6 states that the Commissioner of School and Public Lands, after any adjustments that have been made pursuant to § 5-10-18.3, shall make a division and apportionment of all funds derived from the leasing of school and public lands, from interest, dividends, and other income on all invested funds derived from the sale of school and public lands, and from interest, dividends, and other income on invested funds derived from the five percent paid to the state by the United States on sales of public lands within the state, such apportionment to be made among the counties, and the educational, penal, and charitable institutions, as provided by law.

SDCL 5-10-18.3 provides for Common School Permanent Fund and Other Educational and Charitable Permanent Funds to be adjusted for inflation on an annual basis. The inflation adjustment requirement shall be met using realized net capital gains. If these are not sufficient, the interest, dividends, and other income shall be used. Any excess realized net capital gains shall be carried forward for the following year's inflation adjustment.

SDCL 5-8-3 stated that all funds previously credited to the rural credit fund shall continue to be so credited. The commissioner of school and public lands shall from time to time direct the state treasurer to transfer moneys from the rural credit fund as follows: fifty percent to the common school interest and income fund and fifty percent to the common school permanent fund. Oil and gas revenue received from rural credit lands are first deposited into this company prior to being distributed between the common school permanent and the interest and income funds.

**Budget Information:** There are no disbursements in an agency fund to appropriate.

The cash balances for the South Dakota Board of Regents (SDBOR) are broken down according to their fund types. This is done because of the variety of funds that make up the cash balance for SDBOR and the different restrictions that are put on the funds. The funds are bundled into four governmental fund types. The types are Restricted, Committed, Assigned and Unassigned. Those categories are defined in Statement #54 of the Governmental Accounting Standards Board (GASB) as follows:

- Restricted This category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- Committed This classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority.
- Assigned These type of funds are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed.
- Unassigned This fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

SDBOR has looked at the funds in these 4 groups and then divided them again based on the type of restriction, the revenue stream, or how the funds are spent. The groups are defined below along with an explanation as to why they are included in a particular governmental fund type.

#### Restricted

- Grants and Federal Appropriations SDBOR only has two budget centers that receive federal appropriations. Ag Experiment Station (AES) and Cooperative Extension Services (CES) are both operated by SDSU as part of their land grant mission. The grant funds all have restrictions imposed on them by the party granting the funds. These funds range from research grants to monies given to the universities for scholarships.
- Agency Funds These funds are restricted because they do not belong to SDBOR. The campuses are simply holding the funds for local entities whose existence is tied to the university. This includes local student clubs, fraternities, or sororities.
- Other Restricted Funds Funds of this nature are generally loan funds for students. They don't fit the definition of a grant or scholarship so they were instead given their own category. Historically SDBOR has also included School and Public Land (SPL) funds in this category. These funds were moved to the unassigned category in FY19.
- Auxiliary System These funds are restricted by bond covenants. All of the revenue generated
  by the residence halls, student unions, and wellness centers are pledged to the support of those
  enterprises and the payment of the debt on the buildings that are a part of the system. SDBOR
  goes through an annual review process to make sure that these funds stay isolated and are only
  used for expenditures that pertain to the auxiliary system.
- HEFF The HEFF funds are statutorily restricted to M&R and the payment of leases to the South Dakota Building Authority. The Central Office is the location for the cash for these funds. That is why they are the only budget center with dollars in this category.

### **Committed**

• Clearing Funds – These fund balances are generally used as a pass through. Examples would be payroll, insurance, and tax liabilities where we've incurred an obligation to pay an outside entity, but the due date hasn't occurred yet.

- Plant Funds These are the monies that have been set aside for M&R or building projects that the campuses are planning for. The bond funds for the auxiliary system also sit here. When there are huge swings in the plant funds balance is it generally because we have bonded for a project or a campus is expending funds on a large project.
- Student Fees Student Fees are approved by the Board for specific purposes. This is why they fit the definition of "Committed". Student fees range from vehicle parking fees to discipline fees like the engineering fee that helps to pay for programs that have been identified as needing additional funding.

### Assigned

General Sales and Services – This is probably the largest collection of funds. Camps, indirect
fees, fee-for-service based programs, athletics, clinics, and any other fund that does not fit in
the committed, restricted or unassigned section.

### Unassigned

Tuition – Unassigned funds for a governmental agency would only include the fund balances
pertaining to general funds. The Board of Regents is an enterprise agency, and looking at our
funds from that stand point led us to classifying Tuition as Unassigned because of its revenue
stream. This does not mean that there are no commitments against these funds. For a
university, tuition is the major fund source for their campus-wide operations. Beginning in FY19
School and Public Land funds were contained in this fund.

The Board monitors the unrestricted non-appropriated operating cash on a regular basis. The operating cash does not represent an unencumbered reserve. The cash represents numerous individual accounts funded with tuition, fees, sales and service, and facilities and administration overhead. The accounts are assigned to faculty, department heads, deans, vice presidents and some are held centrally. The cash is necessary to ensure that the universities have sufficient cash to operate, meet funding challenges, and include accumulated funds saved for future investments.
